Dated this 5th day of January 1921.

Tos Kaylmurray
Clerk of Union.

The Clerk laid his Estimate and Demand of and Council for the financial year commencing on 1st April 1921, before the Board as follows:

Union Account: Amount of Estimate and Demand for the period from the 1st April 1921 to the 31st March 1922 £17600 being an increase of £3000 on last years estimate.

Council Account: Amount of Estimate and Demand for same period £5200, being an increase of £2000 on last years estimate

The principal reason for the increase was that last years estimate fell short of its requirements owing to the high cost of provisions &c; the Clerk recommended economy in all departments so that the present estimates would make their financial position sound during the ensuing twelve months.

After consideration of the estimates same were adopted

The Clerk read a notice issued in the High Court of Justice in Ireland, Kings Bench Division relative to a Writ of Mandamus to the Rathkeale District Council to produce their books for Audit.

No order was made.

A vote of Condolence was passed to Mr. Michael Feheney on the death of his brother Mr. Matt Feheney, and to Mr. V. Fitzgerald, on the death of his mother.

That the question of a reduction of a percentage on Officials salaries be considered at next meeting as a temporary measure owing to finances.

Resolved: That the Co. Council be directed to issue the full balance of the estimate and demand as they have no authority to deduct any of the estimate.

Send statement of new estimate and demand to the members of the Board, also make out list of attendances of members since the first meeting of the new Council.

A letter was read from Mr. Gallagher, Collector, stating that the water supply pipes at Foynes were considerably injured by the recent frost and if not repaired at once would mean a loss in finances obtained from Shipping at the port.

Order: That Mr. Hartigan, Engineer, carry out the work.

From Dail Eireann, L.G.D, dated 4th June 1921, stating they had been furnished by their Inspectors, who were appointed to visit the Unions in Limerick County and City, with a memorandum which forces them to reconsider in one particular the Amalgamation Scheme, namely that the Institution at Newcastle West be selected for the Home instead of at Rathkeale.

Proposed by the Chairman and Unanimously Adopted:

We feel aggrieved and much surprised at the letter of th... Department requesting that a change be made in the origi... proposal as regards the selection of the District Home ... County. All the Public Bodies were agreeable to the Sch... Newcastle West and they ignored the findings of the Co... held in Limerick last February which was sanctioned by the ...-ment in their recent memorandum. The Newcastle West Board now come in at the final phase of the question and wish to upset the Agreed Scheme which the late Mr Sean Wall, Chairman County Council, by his able and wise administration of public affairs, did so much for to bring into existence, and we call on the Governing Body and Dail Eireann to have these findings carried out.

The Inspectors in their reports stated that the buildings in Rathkeale had been allowed to fall into a very bad state of repair and that it would cost a huge sum of money to renovate them.

The Engineer has now reported on the House (Copy enclosed) and the only outlay required would be in distempering and painting, and most of this has been already carried out. The roofs of the buildings are in thorough order. The Hospitals, Male and Female, which as the Inspectors saw, are suitable in every detail for inmates, and the Female Hospital would make an ideal place for Tuberculosis Cases, having sunlight from every advantage and admirable recreation grounds. The water supply, referred to, was brought in barrels for washing purposes only, owing to a shortage of rain water, and now the pump at the Workhouse gate, which was put down at a big cost, and which is connected with the Institution Tanks by piping, has

remedied the position as to water shortage. This Workhouse has many advantages also for a Home. Ist [illegible] is electrically lit through the whole house at a big [illegible] ure a few years ago; 2nd: A Steam Boiler for washing the [illegible] and an elaborate drying apparatus has been installed in the Institution at a big cost, and the situation of the house, nearly ¼ mile from the Town, has its distinct advantage for such an Institution and the Hospitals being in charge of a Nursing Order of Nuns (St John's Limerick) would be a very great boom to Tuberculosis patients and old and infirm people. We will feel much aggrieved if a change was now made in the original proposal of the Department and respectfully request them, and the Governing Body, to stand by their decision already arrived at.

The cases of provisional relief, and applications for relief, were considered and decided on as set forth in the Application and Report Books.

Engineers Report, Union Premises.

During the dry weather great progress has been made with distempering and painting, [illegible] Hospitals and Infirm Wards have been completed and [illegible] other portions of the House will be finished up in a week or so. The Water connection, which had been temporarily interrupted during boring operations, has been made good and the House has now an ample supply of water The pumps in the House were always able to supply all the water required both for flushing and domestic use. The Steam Boiler and drying apparatus with the new Electric Fan can now turn out a batch of clothes in a very short time. The roofs and windows are in good order and the sewerage system and latrines are in perfect working order.

An epidemic has never broken out in the House and the Hospitals from their open and airy position as well as capable Staff of Nurses, are constantly used for clearing out epidemics that break out in the County. For Motor Ambulance service, of course, there is no comparison with other Unions.

Read letter from the L. G. Department, Dail Eireann 27th June 1921, stating they received the minutes of proceedings Governing Body of County Limerick relative to the Amalgamation Scheme from which they observed that the amended scheme as sanctioned by the L. G. Department, substituting the premises at Newcastle West for those at Rathkeale had not been approved by the Governing Body nor by the Rathkeale Board of Guardians, and pointing out that a Senior Inspector of the Department and a Lady Inspector were specially deputed to investigate the whole scheme of Amalgamation and the various institutions in the County with a view to having the very best selection made for the Hospital and the Home. Also stating that the L. G. Section of Dail Eireann had not been impressed by any of the criticisms which had been made nor had it been influenced in any way by any of the Bodies in the County concerning the Scheme of Amalgamation. The recommendations which had been made and the alterations in the scheme had been adopted on the report of the responsible officers of the Department qualified and competent to appraise the general situation, &c &c.

The Inspector's report furnished to the Department about the condition of the Institution at Rathkeale precludes any possibility of sanction being given to the selection of that Institution as the County Home and the Department must adhere to the decision which has already been forwarded to the Governing Body and to the various Boards of Guardians in the County Limerick, namely, the selection of Newcastle West as the County Home.

On consideration of the letter from the Department a long discussion took place and the question was gone into very fully, after which the following resolution was unanimously adopted:— (see next page)

We beg to acknowledg[illegible] the receipt of letter of th[illegible] [illegible]ative to the Amalgam[illegible] Scheme for Limerick County. We desi[illegible] [illegible]rst place to protest ou[illegible]alty to the Ministry of Dail Eireann [illegible] [illegible] that we shall abide by [illegible]ver decision it may finally and [illegible]revocably arrive at, after h[illegible]ing our case.

We bear in mind the re[illegible]ta[illegible]n it has got in the past for justice, and the praise that even its [illegible] have given to the Courts it established, and therefore we feel confident that the Ministry will give us a hearing in the present instant.

We do not raise a question as to the spirit in which the Ministry approached this subject of Amalgamation, we are satisfied that it worked for the public good and for that alone. With this purpose in view, it made a selection, and it selected the Institution at Rathkeale to be the County Home. This selection was made on the recommendation of a Conference held in Limerick on the 25th February 1921, which Conference no doubt gave every consideration to the various proposals under discussion and it then deliberately drew up a Scheme of Amalgamation which was duly approved and adopted by the Ministry.

The Rathkeale delegates at this Conference, before any selection was made, stated that an Inspector from Dail Eireann should be asked to report on the several institutions before a final dicison was arrived at. This was ruled aside by the Chairman who stated that it would lead to differences of opinion and objections afterwards. The Conference was composed of keen men who knew how to proceed with their business, amongst them being the late Mr Wall, Chairman of the County Council, to whose memory and energy the Ministry pays such a well deserved tribute.

By this Conference acting independently of interest and influence, the Rathkeale Institution was selected for the Home. It was only to be expected that interested parties should be dissatisfied and that objections and criticisms should be forthcoming. As to these we have only to quote the words of the Department-"This Department regards that allegations which were unsupported by evidence should have been made, that the findings of the Conference held on the 25th February were actuated by any feelings of hostility and not in the interests of the sick." And the Department adds:-"The late Chairman of the County Council felt keenly the attitude of the L.G. Department in delaying sanction to the

the findings of this Conference.And yet its findings have long upset,And why was the case at all re-opened?It is not in any spirit of criticism that we ask this question but because the Ministry state the reason for our information,Viz:- the reason why the case was re-opened ,was because objections were received from Newcastle West Board of Guardians and from Limerick Corporation and Board of Guardians.Evidently the original Scheme would have stood only for the objections from these bodies.These bodies however do not represent the whole County The Conference of the 25th February did represent the whole County.These bodies were unquestionably prejudiced,the Conferens was unprejudiced,composed as it was of the late Mr Wall and members representing the whole County.

We submit then that we have just cause for uneasiness on this point. No matter how strong our loyalty is to Dail Eireann,nor how great our Confidence in its integrity,yet we are ordinary mortals and we cannot but be influenced in our opinions and have our suspicions aroused when it is a fact that only after a move by interested bodies,was the original Scheme upset and the selection of Rathkeale cancelled,a selection made before interest or influence got a chance of raising misleading issues.

But our faith in the Inspectors report is completely shattered when we examine it in detail.It contains erroneous statements of facts. (I) "The Rathkeale Union buildings have been allowed to fall into a very bad state of repair and it would in our opiion cost a large sum of money to renovate the buildings and make them more suitable for a District Home."This statement we emphatically controvert.We look for a detailed report on this point and we request that,if necessary,an inspection of the premises be ordered to be made by a competent Engineer.The work of painting distempering and repairs were not carried out for some time pending a decision on the Amalgamation question,but when the Selection of this Institution was made the work was put in hand at once and now,nearly all the buildings are at present in perfect order and most of them can challenge comparison with the best institutions and even with private Hospitals for comfort, cleanliness and sanitary arrangements,in this or any other County.

(2) "The water supply in Rathkeale is hopelessly inad
long period last year the Guardians had to buy water at the
er barrel. Owing to the prolonged drought we anticipate that matt
e would be inadequate this year."

For how long had the Guardians to buy water for 2 weeks in the y
919 at a cost of £4-16-0 and why? simply for washing purposes. No wate
d been purchased for years previously or since. The water supply from
he four pumps in the Institution is abundant and adequate. During all
hese weeks of an abnormally dry Spring and of a tropical Summer, the
ater supply at Rathkeale Institution has never failed and there was no
ed to draw water in barrels, or in any way to supplement the pumps of
he Institution, for washing, flushing or domestic purposes.

We earnestly invite a comparison between the water supply of
ewcastle West and Rathkeale. By all accounts our water supply is far
perior to that of Newcastle West. It has been stated that a man and
rse are constantly engaged drawing water to the Newcastle Institution.

It will be seen then that we do not wish to criticise the impartiality
f the Department, no doubt it based its decision on the facts supplied
it but we submit that the facts were inaccurate and the Inspectors were
ongly informed. It would seem indeed as if a report had been made without
he calling of witnesses and without giving every side a chance of being h
ard. We beg therefore and indeed we feel confident that the Ministry will
ive us a fair hearing. The Ministry will understand that it is no wonder
e should be aggrieved, seeing that our Institution was the first to be
elected. This gives a presumption that it was looked on as the best place
fter full and deliberate consideration and without the least suggestion of
rejudice. Having been once selected we should expect that it ought not be
t aside without reasons patently strong and convincing. We submit that we
ave now put before you facts which show that such reasons are not
orthcoming but we respectfully request that the case be re-opened for a
ll and satisfactory investigation and for the hearing of evidence
hat can be easily produced.

For the obtaining of this request we trust to the reputation for
airness already gained by the Dail Eireann Ministry, a reputation which,
s we have recalled, has been admitted on all sides, and which has won it
o much confidence and respect.

The Relieving Officers reported that the boarded out children in their respective districts were well cared for. Order: Read

...tters from the Local Government Board for Ireland, and others, were read by the Clerk, ... given to answer them, respectively, to the following effect (or Orders made on them respectively), ...:—

Read letter from the L.G. Department, Dail Eireann, dated 9th July 1921, No. 7579, stating that as the Workhouse was being closed in pursuance of the scheme of Amalgamation for County Limerick the question of the change of dietary to the inmates do not require consideration. Order. Read.

Read letter from the Temporary Secretary of the Governing Body, Amalgamation of Unions, Limerick County, dated 25th July, requesting that the respective Boards of Guardians should set about carrying out the scheme so that when the date for the transfer of the inmates was finally fixed, there would be no delay in carrying out same; also forwarding extracts from the Rules governing the scheme which required attention.

On consideration of the question of amalgamation, the following orders were made:—

That we are of opinion an order or direction from the L.G. Department, Dail Eireann, should be given to the Boards of Guardians concerned closing the Workhouses which are to be amalgamated with the County Hospital and County Home.

That we request the L.G. Department to formulate a scale of payments or relief to inmates who may be boarded out as suggested in Rule 7.

That in accordance with Rule 8 we direct that advertisements be issued for foster parents to take out the Orphan and Deserted Children in this Workhouse, the present scale of maintenance charges for such cases being 10/- a week each, with an allowance of £3 a year for clothing.

That in accordance with Rule 9 notice be given to unmarried mothers with their children to take their discharge from the Workhouse.

That in accordance with Rule 11 a months notice be given to all the Intern Officials of the Workhouse to resign their Offices which will be abolished owing to the closing of the Institution and that the maximum scale of pensions or gratuities be allowed when calculating their superannuation or retiring allowances, subject to the sanction of the Department of Local Government.

That in accordance with Rule 15 the Rural Dist... take over control of the work and business formerly ca...ts, a... by the Board of Guardians such as Out Door Relief, Medical C..., and all the other business carried out by them.

Resolved: That we request the opinion of Dail Eireann as to the necessity of retaining a portion of the Workhouse here as an auxiliary Hospital for acute and urgent cases of illness and accident and also a ward for urgent maternity cases, as occasions may arise when the lack of Conveyance of a sick person eight or ten miles may prove fatal. We also believe provision should be made to have the present Motor Ambulance, stationed in Rathkeale Town, which is the most central locality in the County, so that patients from all points could be speedily dealt with.

The Clerk reported he received a Writ from Mr. P.J. Heston, Solicitor on behalf of The Rathkeale Poultry Society claiming £412—9—9, for Eggs supplied to the Workhouse from the 2nd October 1920 to the 16th June 1921. Order: Read.

Read application from the Medical Officers of the Union requesting the Guardians to rescind their resolution of the 19th January last reducing their salaries by 20 per cent each for one year from the 1st April 1921, owing to the present changes relative to the amalgamation of the Union. Order: Insert in Agenda for consideration at next meeting.

The application of three women inmates for suits of clothing when leaving the Workhouse, was refused.

The Guardians having considered this a very important matter owing to the closing down of the Workhouse under the Amalgamation Scheme, as some of the Stock will probably be transferred to Croom County Hospital and Newcastle West Home and the Stock left disposed of by public Auction decided as follows: That Mr. Madden be appointed to take a complete Inventory of the Stock in the Workhouse and place a detailed valuation on same and that he be allowed 2 per cent on value of the Stock which may be transferred to the County Hospital and Home, and 2 per cent on the sale by Auction afterwards of stock which may be disposed of in that way. That any fixtures in the Workhouse be not entered on lists or valued, at present. That the Valuer invite a Guardian each day to attend with him, also the Engineer if required, ~~each day~~ until the work was completed. That the Valuer have discretionary powers in visiting and taking the Stock in the several departments in the Workhouse and to put the work in hands at once so as to have same completed

the 1st October next, when it is expected the transfer of the ...ties will take place.

That Dail Eireann be requested to inform the Guardians if they are within their rights, in accordance with the Rules of the Governing Body of Amalgamation of Unions, C. Limerick, in transferring ~~any~~ Stock ~~appropriated~~ to the County Hospital or County Home and will a Valuer from the Department see after this transferred Stock or the Governing Body. The Workhouse here will then be idle, or whose authority rests the disposal of same and if not disposed of, in whose charge will the buildings be vested, as under the Amalgamation Scheme, Boards of Guardians cease to exist and their future business transferred to the District Council.

That the Consideration of retiring allowances and pensions to Officials whose offices will be abolished under the Scheme be taken into Consideration on this day fortnight. That the L. S. Department be requested to send a copy of a scale of pensions and allowances granted in similar circumstances in other Unions

Order. That James Griffin, Shanagolden, be granted 5/- a week O.D. Relief.
