Notification of Ministry of Agriculture and Cooperatives

Entitled Determination of Deviation from the Specified Quantity of Active Ingredient under Responsibility of Department of Agriculture B.E. 2538(1995)

By virtue of the provision in Section 5 paragraph three, Section 7(2), Section 20 (3) of hazardous substance Act B.E. 2535, the Minister of Agriculture and Cooperatives with the opinion of Hazardous Substance Committee made the announcement determining the deviation value from the specified quantity of active ingredient in hazardous substance for use as the criteria in evaluation of hazardous substance product as followed.

No. 1 Any hazardous substance of plant protection products which FAO has already specified their specification for use in evaluation, the Department of Agriculture will use the deviation value from the specified quantity of active ingredient in that specification as the criteria for active ingredient analysis.

No. 2 Any hazardous substance of which FAO has not specified the specification of product analysis, should use the deviation value as followed:

Quantity of active ingredient in hazardous substance which is specified as gram/kg. or gram/litre at 20 degree celcius	Permitted deviation value from the quantity of specified active ingredient.
500 and more	Note more than ±25 gram/kg. or gram/litre
250 to less than 500	Not more than +5%
100 to less than 250	Not more than ±6%
25 to less than 100	Not more than ±10%
less than 25	Not more than ±15% for hazardous substance which is liquid and cream. Not more than ±25% for hazardous substance which is solid, powder, flake, and granules.

This announcement is effective from one day after it is announced in the Government Gazette onward.

Announced on 3 May B.E. 2538(1995)

(Mr. Prajuab Chaiyasarn)
Minister of Agriculture and Cooperatives
