Notification of Department of Agriculture
Entitled “Determination of Concentration for Each Formulation Allowed for Registration”

Subsequent to Notification of Department of Agriculture Entitled: Details of Criteria and Procedure for Registration, Issuance and Extension of Hazardous Substances Registration Certificate under the Responsibility of Department of Agriculture (No. 2) B.E. 2553 (2010) issued on 28 April 2553 (2010), it is stipulated that each formulation of hazardous substance is allowed for registration only one concentration unless there is any result of experiment clearly showing different use pattern as specified by the Department of Agriculture.

By virtue of the provision in No. 2 of the said Notification, the Director-General of Department of Agriculture determined the concentration of each formulation of hazardous substance allowed for registration as appear in the attachment of this Notification.

This Notification is effective from one day after it is announced in the Government Gazette onward.

Announced on 28 April B.E. 2553 (2010)
Somchai Charnnarongkul
Director-General, Department of Agriculture
