GDPR SEMINAR - NEW DATES

Unfortunately we had to cancel some of the GDPR seminars last month due to the heavy snow-fall. These have now been rearranged and there are still places available.

- 30th April - Bradford
- 1st May - Catterick

PEER APPRAISALS

As mentioned in the last issue, YORLMC has received funding for a second year to provide peer to peer appraisals for Practice Managers. This project will be getting underway in April. Thank you to those who have already expressed an interest in taking part in these. There are still some places left so please get in touch if you would like to receive a peer to peer appraisal. These are not performance management appraisals and will differ greatly from appraisals normally held within the practice. They are totally confidential and have received some fantastic feedback from Practice Managers who took part in last years project.

YORLMC ANNUAL CONFERENCE & ROADSHOWS

There are many opportunities this year to engage with the LMC in your area. Bookings are now being taken for the annual conference and locality based roadshows will be taking place over the next few months. See the website and YORLMC Newsletter for more details.

GP MENTORING

YORLMC is taking part in a project to provide GPs in the Bradford & Airedale locality with mentoring sessions. Thank you to all GPs who have contacted me to say they are interested in being involved with this project. We are very much in the planning stages and will be in touch with more details in the next few weeks.

FUNDED PRACTICE MANAGER COACHING SESSIONS

Coaching is a practical leadership and management discipline that allows managers to unleash potential. It uses one-to-one conversations and guided questioning to unlock inner potential. It helps managers deal with change and find solutions to business problems using their own resources.

As part of the GP Forward View initiative YORLMC is offering a limited number of Executive Coaching Sessions to Practice Managers in the area. Please email Leanne Ashton if you would like to hear more about this project.
