INFLUENZA EPIDEMIC.

The Committee appointed by the Board of Guardians to administer relief in urgent cases during the influenza epidemic met last night at the Catholic Institute for the purpose of concluding their business.

Mr. P. Bourke (Chairman of the Committee) said they had met to consider whether their continued existence was essential in view of the great diminution in the number of cases arising out of the epidemic. He believed they would be warranted in winding up their functions now. They had relieved 280 families, and in some cases six and eight people were affected in some houses. There were in all 1,000 citizens relieved by the Committee during that troubled crisis. Bread, milk, and beef tea, were given in liberal quantities. Some little overlapping occurred but that was quickly stopped. In conclusion he could say safely that the Committee could congratulate themselves on their efforts to bring some relief and assistance into 280 homes during the terrible time of sickness, now so happily passing away.

Mr. Joseph Keane (Chairman of the Board of Guardians) moved that the Committee be dissolved from Saturday, as the urgency for relief had passed and the Relieving Officers could deal with the number of cases now to be dealt with.

Mr. John Reidy seconded.

The Committee accordingly dissolved.

Yours faithfully,

"T. O'B. Kelly."

The following Letters from the Local Government Board for Ireland and others were read by the Clerk, and directions given to answer them respectively to the following effect (or Orders made on them respectively), as follows:—

.55471/1918.

16 /12/ 18.

Stating that the proposed addition of £70. per annum to the total salaries of the Believing Officers Millane and Bourke in the Union would bring the amount much beyond that paid in similarly classed Unions, and the present time is not opportune for making permanent increases of salary in ordinary cases inasmuch as prices and the general cost of living may fall considerably during the coming year. The Board therefore consider that justice would be done by allowing the sums voted to the Officers in question to be regarded as a war bonus and they accordingly sanction, pending the re-arrangement of salaries at a later period, an additional war bonus at the rate of £20. a year to Messrs. Hayes and Lane and at the rate of £15. a year to Messrs. Millane and Bourke.

In the case of Mr. Bourke the Board had some doubt as to whether he should receive any additional remuneration owing to the serious records against him in this department for neglect of duty, but having regard to existing circumstances they have waived their objection.

The following Orders of the Local Government Board for Ireland were laid before the Board, and directions given thereon, as follows:—

56886/1918.
6/12/18.

Relative to the proposal to pay the controlled prices in each case to the contractors for the supplies of butter and eggs to the Workhouse, and observing that the Guardians appear to have fallen into a prevalent error of regarding a maximum price as equivalent to a standard price, from which there can be no deviation. When the maximum price of an article is fixed by the Food Control Committee it is meant that the article cannot be sold at a higher price than that indicated, but it does not put any obstacle in the way of a sale at a lower figure. Maximum prices are based on what would constitute a fair profit to Vendors under the most unfavourable conditions for the production and sale of the articles under control, but it was not intended that such prices should be charged invariably whenever a sale took place, no matter what might be the state of the markets and local conditions as regards transport facilities, number of consumers and cost of production. In other words different prices may be charged in different districts for the same article, so long as the maximum price is not exceeded. In the present instance they cannot see any grounds for the claim made by the contractors

the savage treatment meted out to our country-men in Belfast

psuedo protector of small nationalities that history and
tradition instructs us that it is not by slavish whining and
cringing that we every got our daily bread from the bully of
weak men but by determination and sacrifice. We therefore warn
England that unless our people are set at liberty she may look
forward to some surprises for herself and the world.

The following is a copy of letter addressed to the Board of Guardians by Mr. J. Byrne, Assistant Clerk of Union, and dated 22nd. January 1919 :-

"Mr. Chairman, Ladies & Gentlemen,

I respectfully beg to direct your attention to the following orders which were made by you at your meeting on Wednesday last. The orders which are in the handwriting of the Clerk do not bear the name of any proposer or seconder but have been initialled by the Chairman and apparently acquiesced in by all present. The orders are as follows, viz.

- (No.1) "That Mr. Pat Ryan be appointed to act instead of Mr. Byrne owing to the absence without leave of the Assistant Clerk."
- (No. 2) "That the Clerk ascertain if Mr. Byrne is going to attend and that the Chairman and members investigate the case."
- (No.3) "That the case of the attendance of Mr. Byrne, Assistant Clerk, be thoroughly investigated this day week."
- (No.4) "That Mr. Byrne, Assistant Clerk, be requested to attend in the case of the Guardians versus Casey."

It seems inexplicable to me why the Guardians should appoint a man in my place owing to my absence, then order the Clerk to ascertain if I am going to attend, and finally dep~~u~~te me to act as their Chief witness in the important case of the Guardians versus Casey in which the sum of £176 is involved, and which is listed for hearing in Dublin on the 28th. inst.

December last, and was actually in the Office on Wednesday when the orders were made, although I did not arrive until 12 40p.m., owing to being engaged in some private matters business. I enclose a statement of the duration of my attendance each day which I am sure will compare favourably with that of any other public official.

(Two) As regards my work, your Financial Statement Books and Ledger have been written up by me to date from the month of October. Now as you are aware those are the most important and intricate books in the office, and the balance of the work is more or less of a so rinary nature. I submit the books for your inspection. I have also assisted in the work of the office as well as doing the Limerick No. 2 Rural District Council Books.

I am, Sir, Your obdt. Servant,
J. Byrne, Assistant Clerk.

(Statement of duration of attendance" ~~XXXXXX~~ enclosed.)

The usual hours for public officials are 6 hours per day and 3 hours on Saturday or 33 hours per week. My time works out at an average of over 36 hours per week.

MINUTE.

Adjourned for 3 months.

Mr. Joseph Molnerney moved that John Godsell, baker, get his months leave of absence due to him for holidays since last year.

Granted.

The Local Government Board are kindly requested to give their sanction to a war bonus passed by the Board of Guardians at their meeting held on the 4th. September 1918 of 5/s. per week which was in error omitted from the Minutes of that date through an oversight.

Sanction is requested for payment of bonus from the date of Notice of Motion - 4th. September 1918.

The following Notices of Motion were handed in :-

"I will move on this day five weeks that we grant the highest superannuation to Mr. John Coffey, late Relieving Officer, and that two years be added to his service of 38 years for that purpose."

(Signed) "Thomas Bourke."

The following Orders of the Local Government Board for Ireland were laid before the Board, and directions given thereon, as follows:—

203:1918. Stating that they learn from their auditor, Mr. C. El Browne, that at the recent audit of the Union accounts complaints were made to him on behalf of Delia Harty, trading as J. Carey, Broad Street, Limerick; W. R. Oliver, Buttevant, Cork; and T. Gleeson, Clondrinagh, Limerick, to the effect that sums of £3, £3, and £2, respectively, lodged by them as deposits with tenders were not returned by Mr. Guinane, ex-clerk of the Union.

January 1919. It appears from a letter addressed to the auditor by Mr. Guinane that he retained these sums to meet a sum of £9 :8: 4 alleged to be due by the Guardians in respect of Petty Cash disbursed by him, but Mr. Ryan, the Acting Clerk of the Union, has stated to the auditor that he is not aware of any such a claim on the part of Mr. Guinane.

In these circumstances, they suggest to the Guardians to consult their Solicitor as to whether a prosecution for embezzlement would lie should the sums in question not be repaid to the depositors by Mr. Guinane.

MINUTE. That the matter be referred to our Solicitor and copy of letter be sent to Mr. Guinane.

The following Letters from the Local Government Board for Ireland and others were read by the Clerk, and directions given to answer them respectively to the following effect (or Orders made on them respectively), as follows:—

3504/1919. Transmitting Questions for Answers respecting the temporary employment of Margaret Danaher as cook in the Workhouse.

27/1/19.

MINUTE. To be furnished.

3504/1919. Stating that they have sanctioned the payment of remuneration at the rate already approved to Mr. P. O'Brien for his services as temporary substitute for Mr. Godfrey; and the continued employment of Nurse McMahon as temporary substitute for Nurse O'Sullivan on the terms already sanctioned.

27/1/19.

MINUTE. Read.

4051/1919. They acknowledged the receipt of the appeal to them, from some of the persons aggrieved, against the surcharge of sums amounting to £1 :12: 9, made by the auditor at the audit of the accounts of the Limerick Limerick Union for the half-year ended the 31st. March 1918; and inquired whether Mr. J. Lawlor, who is jointly surcharged in the sum of 16/9, desires to associate himself with the appeal.

"Presiding Chairman,
Limerick Board of Guardians.

"Dear Sir, I beg to apply for the position of Relieving Officer for the Number 2 Urban Dispensary District of the Union. As there is nothing definite in the advertisement as to hours - whether it is a whole-time office or not - if the hours are from 10 O'Clock a.m. to 4 O'Clock p.m.; I am prepared to accept office at the advertised salary £60 and emoluments - if, on the other hand, the office is a whole-time one, requiring the services of the person appointed both by day and night, the least living salary I would accept and which I think is most reasonable, is £2 per week, with emoluments.

Yours faithfully,

"Thomas Keane."

After a considerable amount of argument on the part of the Guardians as to the inadequacy of the salary, it was ordered that advertisements be reissued at a salary of £100 per annum with emoluments.

The following application, dated February 4th. 1919, for a revision of their graded scale of salaries, was received from the Visiting Medical Officers of the Limerick Union :-

"We the Visiting Medical Officers, respectfully beg to ask you to revise our graded scale of salaries. Throughout Ireland the various Guardians are doing this at present for their Medical Officers, as the cost of living is now about three times greater than it was some time ago. We would suggest for your consideration an initial salary of £100 a year with annual increments of £5 until it reaches £200 a year at 20 years service, retrospectively applied to existing Medical Officers."

18/2/19.

Relative to the employment of Mrs. Margaret McNamara by Mr. P. Bourke, Poor Law Guardian, to act as temporary attendant on a family in the City, suffering from influenza, they pointed out that the duty to provide the necessary provisional relief for these patients devolved upon the Relieving Officer, and that the course taken by Mr. Bourke was irregular and without Statutory authority.

The Guardians must, in the circumstances, deal, on their own responsibility with the Attendant's claim, and if they decide to discharge it they should be prepared to satisfy the auditor that the patients attended were destitute and that provisional relief was justified in their case.
