INSTRUCTIONS

ON THE

METHOD OF KEEPING THE ADMISSION REGISTER.

1. The Admission Register of each Establishment should be so kept that the date of admission, the progress, the date of withdrawal of each Pupil, and the other necessary particulars, can be ascertained with ease and certainty.

2. There should be for each Principal Establishment but one Admission Register, and but one for each Branch Establishment. This Register is to be kept exclusively by the Director, or some Brother appointed by him, and it should be made up at least once a week. The Admission Register, when filled, should be carefully preserved: it should never be destroyed.

3. Successive numbers should be allotted to the pupils on their admission, so that each pupil may have his own number, which he should retain throughout his school career. Where several boys of the same name attend, they may be distinguished thus—John Ryan (*a*); John Ryan (*b*).

4. When a boy has been withdrawn, or has been absent for thirteen consecutive weeks, and that there is no probability of his returning to school, the date of withdrawal should be recorded. Should he afterwards return, his name should be entered anew, and a reference made to his *original* admission number, by inserting it after his re-entered name.

DIRECTIONS.

1. Enter Pupils' names in Index *at once*, and in full,—the surname first.

2. Put the full Admission No. at the top of each page, and at every *complete* 10. In other cases put only the *unit* figure, thus, 326, 7, 8, 9, 330, 1, 2, 3, 4, &c.

3. In Dates, enter, for example, 87 for 1887, and the number of the month, as 4 for April, and so on.

4. For last School use the abbreviations C. B. S. for Christian Brothers' School; N. S. for National School; C. S. for Convent School; P. S. for Private School, &c.

5. In the column for Highest Standard always make an entry: O, if necessary.

6. Successive Standards: as soon as the Examination Schedule has been returned by the School Examiner, enter, in the proper column, the date for each boy examined.

7. Kensington Column: as soon as the Examination Schedule has been returned by the Department, enter the subject in which the boy has passed, thus:—$\frac{5}{1}$ for Subject 5, First Stage; $\frac{10}{2}$ for Subject 10, Second Stage, &c.; $\frac{D}{IV}$ for Fourth Standard Elementary Drawing; $\frac{D}{F}$, $\frac{D}{M}$, for Second Grade Freehand, and Model Drawing, respectively, &c., as in Kensington Science and Art Lists.

8. Intermediate Column: enter Grade in which boy was passed, thus:—$\frac{'87}{J}$, P., Pr., or Ex., for 1887, Junior Grade, Pass, Prize, or Exhibition, &c.

9. All entries should be made as neatly and legibly as possible.
