Whereas Tho: Wily being educated amongst us the people
called Quakers, & of late removing to this city, (in the employment of
a friend here) — he the said Thomas Wily not taking due heed unto
the inward teacher, the grace of God, that would enable every one to
do justly, defrauded his Employer — which conduct we having a
just abhorrence of do therefore disown him to be one of our society —
yet nevertheless would be glad that he thro' unfeigned repentance
might be restored, ^{ch} w^{ch} that he may is our desire for him —
Given forth at our Mens meeting held in Lem. 12. of 6. mo 1781

Whereas Elizth Davis, Daughter of Elizth Sheppard, was
educated among us the people called quakers & came to our religious
meetings, but for want of that modest & reserved conduct, which is not
only the ornament, but great preservative of the sex, she was induced
to criminal conversation with a Man. We therefore deny her the said
Elizth Davis to be of our society — nevertheless desire that she may
come to a right sense of her crime & find mercy —
Given forth by order of our Mens Meeting held in Lem. 11. 21. mo 1778

Whereas Mary, Daughter of Will^m Lee being educated amongst
us the people called quakers, & did at times frequent our religious
Meetings, but for want of taking due heed unto the universal principle
of light, & also the advice of her friends, suffered herself to be joined in
marriage by a priest to a man of a different persuasion, for which
conduct we disown her being of our society — notwithstanding with
thro' unfeigned repentance she may see her error & be restored —
^{ch} w^{ch} is our desire.

To The mens meeting of Lemrick
This is to desire you not to consider my Wife, daughter Sarah or
me any longer members of your society June 6th 1787
I. Unthank
Mary Unthank
Sarah Unthank

(2)

Whereas Mary Unthank wife of Doctor Isaac Unthank who was educated amongst, & made profession wth us the people called quakers, not paying a due regard to the principle of truth in her own mind, hath so far deviated therefrom, as to have lately in a publick shop kined down & cursed her Son, which conduct tending to bring a reproach on our holy profession, we are constrained to testify against, nor can we have any unity with her as a member of our society, until she manifest true repentance for her said transgression by fruits adequate thereto, w^{ch} that she may come to witness, is our sincere desire. And whereas Isaac Unthank, husband of the afores^d Mary Unthank and Sarah their daughter have signed a writing directed to our Mens meeting, to the purpose of declaring that they have disjoined themselves from our religious society, we accept of said notice & publicly declare that we have no religious fellowship with them the said Isaac & Sarah Unthank, — yet sincerely desire that they may be favoured to see the error of their conduct, & be brought into the path of rectitude & peace.

Given forth at our 6 weeks mens Meeting in Limerick
the 7th mo 1787

Whereas Doctor John Unthank who was educated among & made profession with us the people called Quakers hath so far deviated from our known rules as to have joined himself in marriage to a woman of another persuasion by a Priest; We do hereby disown him to be any longer in membership with us, until he come to a proper sense of his error, & manifest the same by agreeable fruits, w^{ch} that he may is our sincere desire.

Given forth at our six weeks mens meeting in Limerick
the 7th mo 1787

(3)

Whereas Geo. Unthank & Mary Simson being educated amongst us the people called quakers, & did at times frequent our religious Meetings, but for want of taking due heed unto the inward teacher, that leads & guides unto all truth, suffered themselves to be joined in marriage by a priest, contrary to our rules; — for which conduct We disown them to be of our society — Notwithstanding we desire they may meet with true repentance, & come to a proper sense of their error, which is our desire — to the 11th mo 1781

Whereas Sarah Jackson, who was educated amongst us the people called Quakers, & did at times frequent our religious meetings, but for want of taking due heed unto the inward teacher, that leads & guides into all Truth, suffered herself to be join'd in marriage by a priest to one of a different persuasion contrary to our Rules, for which Conduct we disown her to be of our society. — Notwithstanding we desire she may meet with true repentance, & come to a proper sense of her error — Given forth at an adjournment of our mens meeting held in Limerick the 26th mo 1783.

Whereas John Sheppard, who sometime past resided as an apprentice with Ja. Hill Phillips of this city, being educated amongst, & having made profession with us the people called quakers, but not duly attending to the principle of truth in his heart, suffered himself to be drawn into bad company, which led him into a conduct disagreeable to his Master, & reproachful to the society he made profession with, & being so far led away from the peaceable principle we profess, he sometime ago, wth some others in company, assaulted a man & his wife in the night, in such a violent manner, that the Man lost one of his eyes, after w^{ch} (to escape the punishment of the law) he went away without giving sufficient satisfaction; wherefore we hereby testify agst him, & his disorderly actions, & can have no unity wth him as a member of our society, until he witness true repentance, & manifest the same by agreeable fruits, w^{ch} that he may is our sincere desire — Given forth at our Mens meeting held in Limerick the 6th mo 1787

(4)
Whereas Ann Phillips who was educated & made profession wth us the people called quakers hath so far deviated from our known rules notwithstanding the repeated advice of her friends hath suffered herself to be joined in marriage to a man of another persuasion by a priest. We do hereby disown her to be any longer in membership with us, until she comes to a proper sense of her error, & manifest the same by agreeable fruits; which that she may is our sincere desire. Given forth at adjournment of our mens meeting held in Sim^k the 24th of the 7^{mo} 1787.

Whereas Jane Newbold late of Cashel soon after her husband's decease, removed to this City, & but seldom frequented our religious meetings, & for want of taking due heed to the universal principle of light & truth in the inward parts, & also the repeated advice of her fr^{ds} have given way to be joined in marriage by a priest to one of a different persuasion in matters of religion, We therefore disown her to be any longer of our society or accountable for her conduct: — yet nevertheless would be glad that she would be favoured wth true repentance, so as that she may find mercy with the Lord before she goes hence, which according to present ability is our desire for her.
Given forth by order of our mens meeting held in Simorick 3^{mo} 9th 1775

Whereas Geo. Sheppard who was educated in profession wth us the people call'd quakers, hath contrary to the known rules of our Society been lately married to a woman of another persuasion by a priest, wherefore we are under the necessity thus publicly to testify agst him, as one we can have no unity or fellowship with, until he comes to witness repentance for his transgression, & manifest the same by a consistent conduct, w^{ch} we sincerely desire he may.
Given forth at our monthly Mens meeting in Simorick 1^{mo} 20th 1789 Kin, by ord^r Hon behalf thereof signed by Jos. M. Harvey Clerk

(5)
Whereas Martha Lee daughter of W^m Lee being educated amongst us the people called quakers, & did at times frequent our religious meetings, suffered herself to be joined in marriage by a priest to a Man of a different persuasion in religion, we therefore disown her to be of our society, yet wish that she may be favoured with a right sense of her misconduct. Given forth at an adjournment of our Mens meeting held in Sim^k the 21st 3^{mo} 1784

Whereas Elizabeth Lee who was educated with us the people called quakers hath, notwithstanding the advice & caution of her fr^{ds}, been lately married to a Man of another persuasion by a Priest, contrary to the known rules of our society, we are therefore under the necessity of giving forth this publick testimony against her, as one we can have no fellowship with, until she come to witness a sense of sorrow for her outgoing, & manifest the same by fruits of repentance, which we sincerely desire she may be favoured with.
Given forth at our Mens meeting held in Sim^k the 17th 2^{mo} 1789 & in, by ord^r Hon behalf thereof signed by Jos. M. Harvey Clerk

Whereas John Jackson Jun^r who was educated in profession wth us the people called Quakers, & sometimes came to our religious meetings, but for want of a faithful adherence to that divine principle which was sufficient to have preserved him in the known rules of our society, hath joined himself in marriage by a priest, to a woman of a different persuasion, we do therefore disown the said Jⁿ Jackson to be of our society, until he witness that godly sorrow that worketh true repentance, which we desire for him.
Given forth at our Mens meeting held in Simorick the 5th of 9^{mo} 1784

(6)
Whereas Robert Unthank who was educated amongst the people called quakers, till of late, generally attended our religious meetings, wherein he frequently was so far deluded as to take upon him to appear in the character of a minister to the great disturbance & uneasiness of friends, & upon being laboured with for the same, & also some reports of immoral conduct w^{ch} had been spread concerning him, he declared he would not be answerable to the society for his conduct, nor ever come to our meetings again.

Wherefore, to prevent any further reproach from being brought on our religious profession, by his past or future conduct, we accept his declaration of disunion wth the society, & testify we have no fellowship with him as a member thereof until he manifests fruits meet for repentance, which that he may be favoured with ability to do, is our desire for him. Given forth at our Six weeks Men's Meeting held in Limerick 9th of 10th 1792

Take notice that the foregoing Copies from the Registers of the Book to this time are not placed in the regular order of their dates

Whereas Robert Simpson who made profession with us, the People called Quakers for want of a due attention to that principle of truth in his own heart which would preserve him out of all irregularity hath so far departed therefrom as to be guilty of cursing & swearing, and using threats and imprecations towards another person, utterly inconsistent with that peace and good will that we as a People believe it our duty to maintain towards all Men. Wherefore in order to clear the Society of the reproach brought thereon by such immoral conduct we find it necessary

thus Publicly to testify against him as one with whom we can have no unity or fellowship, until he come to witness repentance and amendment of life which it is our sincere desire he may be favoured with

Given forth by order of our Monthly Meeting held in Limerick by adjournment the 14th of 12th Month 1792

Whereas John Phillips, who was educated in Profession with us the people called Quakers, for want of a due regard to that divine Principle of light in his own ~~mind~~ heart, which, if attended to, would preserve him out of evil, hath, for a considerable time past, been in the practice of frequenting public houses, dancing, associating with idle, unprofitable company, & neglecting his mother's business to whom he is an apprentice, to his own great hurt, as well as that of the Society whereof he was a member, & notwithstanding the repeated advice and Labour of his Friends for his Reformation, he has persisted in such Practices, & has also of late openly carried Arms.

Wherefore in order to remove the reproach arising from such Violation of our Principles, we thus publicly testify against him, as one we can have no Unity or fellowship with, until he come to witness sorrow for his outgoings, & manifest the same by the Fruits of consistent Conduct, which we sincerely desire

June 1793

Whereas Robt. Sheppard late of this City
A young Man who received his education amongst
us the People called Quakers hath so far devi-
ated from our known Principles as to take up
arms in a military capacity — Wherefore we
thus publicly testify against him as one
with whom we can have no unity or religious
fellowship with untill he comes to a scene
of sorrow for such inconsistent conduct which
we sincerely desire he may be fav^d. to experience

Whereas Sarah Shelly who received an Edu-
-cation amongst us the People call'd Quakers
& for some years liv'd in a Friends family
for want of duly regarding that Divine
Principle of Light in her own Heart
which if attended to would preserve her
out of the snares of unsuitable Company
whereby many have been led aside to
their own great hurt, hath not with-
-standing the advice & caution of her
Friends supposed herself to be join'd in
Marriage to a Man of another pro-
-fession by a Priest contrary to our known
rules & thereby broke the bonds of reli-
-gious fellowship with us — We
therefore find ourselves under the
Necessity of thus publicly testifying
against her & disowning her to be in
Membership with us untill she come
to witness sorrow for such deviation

ours

from our Principles & Manifest the sincerity
Necessity of her repentance by a conduct
consistent therewith which we sincerely
desire she may be favour'd to experience
Given forth at our Monthly Men's
Meeting held in Leitch the 1st day of
the 2nd month 1796 and in by order
and on behalf thereof Signed by
Sam^l. Alexander Clerk

Whereas John Taverner who hath been educated
in profession with us the People call'd Quakers for
want of a close attention to the principle of light
in his own heart which we believe would lead its
followers out of all dependence on carnal weapons
hath so far departed from the peaceable principles
profess'd by us as to keep in his possession and
sometimes carry a sword concealed in a cane
for the alleged purpose of defence and when
often advised and intreated by his friends in
a spirit of love to lay aside this practice
hath signify'd his intention to continue it
and attempted to justify ^{himself} therein by ~~saying~~
avowing that he was not convinc'd of our
principles in this respect - We therefore think
it our duty thus publicly to declare that the
D. In. Taverner by persisting in a conduct so
inconsistent with our ancient and well known
testimony against bearing arms on any occasion
hath thereby disown'd our profession and
that we cannot have unity or religious
fellowship with him untill he comes to

Experience a conviction of the impropriety
thereof and manifest the same by agreeable
fruits which we sincerely desire he may
be favour'd to witness

in his own Heart as to have been guilty of
dishonesty towards his Employer, Now in order
to clear our Profession from the reproach which
his misconduct may have brought upon it,
We believe it to be our duty thus publicly
to testify against the said Isaac Wood with
whom we cannot have religious fellowship
until he come to witness repentance for his
transgression and manifest the sincerity
thereof by a consistent conduct which we
desire he may be favour'd to experience

Whereas Thomas Seymour for several years a member of our religious society imprudently extended his trade beyond his ability's and hath for want of proper care and caution suffered his affairs to run into disorder and made use of unwarrantable means of raising money in order to support a false credit which at length terminated in Bankruptcy to the great injury loss of his creditors - We also learn with sorrow that in other parts of his conduct he has been guilty of gross immorality whereby additional reproach has been cast on our Christian profession - Now in order to clear the society from any reflection brought thereon by his misconduct - We are under the necessity of testifying against the said Thomas Seymour as one with whom we cannot have unity or Religious fellowship untill he come to witness true repentance which we sincerely desire he may be mercifully favoured to experience

Whereas Saml. Phelps who was educated in prof-

 Meeting with injustice towards her husband,
 in which inconsistent conduct she has been uni-

 continued the attendance of Meetings; the Women
 Overseers visited them thereupon several times, en-
 deavouring to convince them of their errors; &
 after waiting for many months to try the effect
 of their labour of love, without any favorable
 result being produced, the Overseers were obliged
 to lay their case before the Women's Monthly Meeting,
 which, having made an appointment of those Women
 Friends to deal with them, informed the Men's Meeting

of, & the Men's Meeting having appointed two of

John Lecky Phelps, who had his Birthright in our Religious Society, for want of attention to the principle of Truth in his own mind, so far deviated from the path of Rectitude, as to be guilty of defrauding his employers; and on being charged therewith sought to cover the same with falsehood.

Record of Monthly Meeting held the
14th of 5th Month 1839

The Friends appointed at last Meeting to prepare a Testimony of disunity with Sarah Carey, late Phillips, report, that on considering the subject they were of the judgment, that as no benefit would be likely to arise either to the Society, or to the individual herself, from the peculiar circumstances of her case by such a course, they have

concluded to suggest to the meeting the propriety of not issuing such a document, which being seriously considered at this time, and united with, we have concluded by this Record to testify against the said Jacob Jacey, late Phillips, and consider her no longer a Member of our Religious Society. The said friends are desirous to inform her of this conclusion. -

Record of Monthly Meetings held the 14th of 7th Month 1840 - 1840

The friends under appointment in the case of Francis Harvey report, that they visited him since last meeting, and found no change in his sentiments, which was corroborated by his own statement of them: the subject has been again seriously considered, and we feel it right after a patient exercise of the Discipline towards him, to testify by this Record, that we consider him to be no longer a member of our Religious Society, and of which the said friends are desirous to inform him. -

Whereas Samuel Hill who was born and educated amongst us the people called Quakers in want of a due attention to the limitations of Truth in his Trade has extended his business considerably beyond his means and having failed in the payments of his debts has brought reproach on our Christian profession

For the clearing thereof we feel called upon to testify against such conduct and disown the said Samuel Hill being any longer a member of our Religious Society

Nevertheless we are desirous that he may be wiser in the future so that his future steps may be guided by prudence and discretion and that he may thereby be enabled to discharge the remainder of his just debts

 rights and education amongst us the Society of
 Friends - having deviated from our rules in
 being married by a Priest in a manner
 contrary thereto, and to a person not in
 religious profession with us, and in having
 also when applied to by the Overseers on the subject
 assumed a name purporting to be her married
 name, which subsequently appeared to be otherwise.

This Meeting has had from time to time
 while her case was before it to deplore with
 deep concern the absence in her of that grace
 which if brought for and heeded would have
 preserved alive in her mind two important
 apostolic injunctions "Children obey your
 Parents in all things" - and "Ye ye not un-
 equally yoked" both of which in her case
 have been manifestly disregarded. Much
 trouble and grief caused to her Parents and
 Friends by such conduct and the bond of
 union between her and us severed by her dis-
 parture from the principles of our Society

We therefore issue this Testimony de-
 claring hereby that we no longer ~~consider~~
 her the said Rebecca Moore, a member

of our religious Society - Nevertheless we
 sincerely ~~trust~~ trust that she may be yet found
 to see wherein she has erred and by attending
 especially to Him who is "the way, the truth
 and the life" and "who teaches as never man
 taught" may experience sorrow for her in-
 steadings and by an humble acknowledge-
 ment thereof find true peace to her own mind
 and restoration to the unity of her Friends

Dear Friends

It is with no ordinary feelings that
I find myself conscientiously constrained to withdraw
from your Society and hereby to resign my member-
ship therein I should have amongst you in love
and I desire to withdraw from you in love in
accordance with this feeling it is not my
intention to enter upon any discussion
as to the points of difference between us,
when my mind was first engaged upon
such differences I could find few willing
to enter into brotherly counsel with me therefore
and the consequence of inviting investigation
upon points of paramount importance led to
my finding myself ultimately in a position in
the "body" in which my usefulness any longer
was apparently more than a question and
I am desirous to question how far it was
my right plan at all.

The Lord having as I humbly believe
enabled me to decide that question to the con-
fidence and comfort of my own soul - I have lately
associated myself with a few brethren as
meeting in this city in the name of Jesus our
Lord

Lord for the breaking of bread and of prayer
according to Apostolical and Primitive example
an evidence in itself of how far I dissent from
the mode of public worship instituted and enjoyed
in by Friends -

I now most affectionately bid you
farewell praying of the Lord that He may
be with you and by his Spirit enable you
individually to apprehend the Truth as
it is in Jesus - ever full and free Salvation
by the shedding of His own precious Blood
one for all - when by the conscience being purged
from unrighteousness experience and remembrance
with God effected the hope of your calling
becomes then properly understood and we
learn to our own blessed comfort that it
is this same Jesus who died and rose
and lives for His people - who still live
because He lives - Amen with

Your affectionate friend

Wheas William Alexander Hill who had his birth
right and education in our religious Society
for want of yielding to the convictions of the Holy
Spirit in his own mind, and endeavoring to live
under its influence (whereby he would have ex-
perienced preservation from evil) has so far
deviated from the path of rectitude as to be
frequently guilty of intemperance from the
use of spirituous liquors, and also in the
practice of frequenting improper houses
with persons of bad character, his own conduct
has caused deep trouble & grief to his relations
and his friends, and for which he has been long
& patiently laboured with without its producing
the desired effects.

Now whilst in order to clear our Christian
profession from the reproach brought thereby
such violation of the Almighty's command
and rebellion it incumbent on us to testify
against such conduct & thus disown the said
William Alexander Hill from being any
longer a member of our Society - yet we
tenderly desire that he may (through divine
mercy) be brought to feel the exceeding sinfulness
of sin and found to experience heartfelt
repentance

repentance & thus being truly humbled under
a sense of his transgressions he led to seek
forgiveness of God, and reconciliation with
him, through Jesus Christ our Lord -

To Sevensh Monthly Meeting of Friends

Dear Friends

After deliberate consideration of the
matter I think it right to inform you that
I wish to be no longer considered a member
of the Society of Friends - Since leaving Sevensh
I have constantly attended the services of
the Church of England, and having for some
time believed it to be my duty to join that
Church I have lately been baptized and received
the Sacrament of the Lords Supper ordinares
which appear to me to be of Divine appoint-
ment - It has been with much regret that
I have taken a step by which I am separated
from the Society to which I must ever feel
a deep attachment, and in which I have
been brought up - yet I rejoice in the belief
that the points which I have been led to see
in a different light though feeling them
to be of great importance to my personal
advancement in religion are non-essentials
and that though differing in outward
profession, we are still fellow members
of Christ's Spiritual Church, with warm thanks
for all your kindness when one amongst you
in Sevensh. I am dear friends in much love
yours very affectionately

To the Friends of Limerick Monthly Meeting
Dear Friends,

We have believed for some time past that many of the doctrines held by the "Society of Friends" are not as we conceive in accordance with the Holy Scriptures. More particularly those on "justification by Faith" - "The Universal Saving Right" - the sole authority of the Holy Scriptures; these being amongst the Fundamental points of Christianity we hold to be of great importance as also the Supper of our Lord, and other subjects to which we could refer, and which we consider should be rightly apprehended and truly held by all Christians - We accordingly sought explanation on the above points from friends - both personally and from their writings but all our efforts for that purpose have proved unsuccessful -

Feeling the necessity of Particularism; and considering it most inconsistent to remain connected with any body of professing Christians from whom we so widely differ, we desire to be considered no longer Members of the Society of Friends - We thus separate from you to remain in much feeling of love and in the exercise of that "Charity which vaunteth not itself" and "thinketh no evil;" flowing as it does from that fountain of love, which the Blood of our Lord Jesus Christ has opened for us - we remain your friends.

Whereas William Newson who had his birthright and education in our religious society - for want of attending to the Divine Monitor placed in his own Heart, which otherwise would have preserved him, has so far deviated from the path of Christian Duty and self denial as to indulge in habits of Intoxication for which he has been faithfully admonished from time to time without effect.

Now in order to clear our Christian profession from the reproach brought thereon by such deplorable conduct, we feel it to be our painful duty to disown the said William Newson from being a member of our Society until he witness sincere sorrow for his outgoings and manifest the same by a consistent course of conduct, which it is our earnest desire he may be found to experience.

To Linneths Monthly Meeting of the Society
of Friends

Having for this considerable time
enjoyed the privilege of attending places of
public worship where the great truths of Christian-
ity are proclaimed to the people - and being
conscious that my religious principles do
not sufficiently accord with those professed
by you, to warrant my remaining in your
connection I am therefore bound to resign
that membership which I obtained by
birth with your Society - and request you
will accordingly accept this my letter of
resignation - Without entering into
many details I shall just express my
conviction - that as from the beginning so
to the end of time instrumental means
will be used in the Divine Economy,
for the conversion of unbelievers as
well as for the strengthening and confirming
of the converted - and having this persuasion
I can not consistently dissent from the recognized
practice of the Society in allowing va-
rious congregations - comprising the
young and the more advanced in life -
the uneducated and uncircumcised - the well
instructed and the ignorant - to meet
together for worship - and obliged to
Remain

Remain week after week, Month after Month -
and year after year without having the Gospel
preached to them (except as a matter of grace
occurrence) which is declared to be "the power
of God unto Salvation to every one that believeth"

I also dissent from the practice of a
professed Christian Church being invited
to meet for the purpose of providing Rules
and forms of instruction for the young - and the
Bible being withheld - the reading of it
actively discouraged and prevented in
Meeting - While acknowledging
my belief in the necessity of such means
I would also record my faith
that the Lord alone by his Spirit can
effectually bless and prosper such and
the Spirit's help is therefore indispensable
in all our religious Exercises -

Having thus briefly stated my
views on the important subject of public
worship where I differ from my friends
allow me to subscribe myself with
Christian love your friend

Whereas Francis C. Lykes who had
his birthright and education in our
religious Society, for want of yielding
to the convictions of the Holy Spirit
which reproves for sin, and under
working under its influence to re-
sist temptation has been drawn
into the baneful practice of the
excessive use of intoxicating drink
thereby bringing reproach on the
Christian Profession & causing
grief to his family & friends: -
Much patient labor has been
bestowed on him by the overseers,
without producing the desired
effect - and as he has declined
to receive a visit from the friends
appointed by this meeting in his
case, there appears no way for
the exercise of any further dealing
with him -

Now whilst we believe it right
thus to testify against a practice
so fraught with evil: - and our

we most sincerely desire

that the Lord may be pleased to
awaken him to a sense of his unsafe

worketh true repentance & through
grace come to final pardon for
his transgressions, and reconciliation

Dear Friends, We are desired by our Men's Meet-

 from your Men's and Women's Meetings dated 13th
 of 10th month last on behalf of Loveday Boddy

 County, which being situated very remote from this
 place, and not considered by us, as within the compass
 of this Meeting, & as those Friends have never come
 to any of our meetings since their residence at Hos-
 pital, Friends here seem of the Judgment that it
 will conduce more to the real advantage of this family
 still to remain members of your monthly Meeting,
 than by an indiscreet removal which places them
 but a few miles nearer to us than you, that they should
 be deprived of the care of a weighty Body of
 Friends

22 Friends, and placed under that of a little weak meeting
few, if any, of whom are ever personally acquainted
with them. Our Meeting requests that you will duly

A Testimony from the Monthly Meeting
of Limerick concerning Tho: Taverner

Our beloved ancient friend Tho: Taverner
was born in Limerick in the year 1728
and came forth in the Ministry about
the middle age of life, His gift was
not large but sound and edifying and
often appeared to open the way for further
Gospel service in our Religious Meetings
He several times travel'd in the work
of the Ministry in this Nation with
the approbation of his friends at home
We doubt not to the satisfaction of
them amongst whom he labour'd and
often attended the yearly Meeting in
London - He was of an humble
meek disposition modest and diffident
of himself, in conversation remarkably
circumspect yet at times cheerful
& instructive cloth'd with love and
desirous to encourage our youth and
others in the way of Truth and Right-
teousness -

He was a diligent attendee of our General
Meetings as well as those at home and
though depriv'd of his sight for some years
He bore this trial with remarkable
resignation, and continued when his
bodily strength permitted to attend
Meetings and at times appear'd in the
exercise of his Gift therein so as truly
to evince greenness in old Age -

He was suddenly taken ill the 26th
of June, 1807 and after a short illness
of four days quietly departed this life
on the 30th of the same in the 80 year
of his age - A Minister upwards of

30 years - Given forth by our Monthly
Meeting held in Limerick 5 of 4 m^o: 1808

Dear friends

We have rec^d the copy of your minutes dated 4th of 6th Months 1817 together with a copy of the report of your committee appointed to deal with Joseph Mean Deale on our behalf which being in a good degree satisfactory we have concluded to suspend further proceedings in his case and therefore deem it equitable to send you this certificate of removal on his behalf — He was a frequent attender of our meetings for worship and as far as we know of orderly conduct generally or enquiry we have cause to believe that he left us free from any engagement, as to marriage, but with respect to his outward circumstances he came to this City from Cork under a disability to discharge his engagements about thirteen years ago and has not since been able to retrieve his affairs although apparently not deficient in his efforts to do so but on the contrary he became embarras'd in his ~~circumstances~~ commercial pursuits here as stated in our former communication to you we earnestly desire for his own sake as well as for clearing our Religious profession from any reproach it may have thereby sustain'd that he may be enabled by strict perseverance in habits of industry & economy to discharge all his debts Recommending him to your Christian care council and oversight we remⁿ your aff^l friends —

To Jubrial F. Witham & Reuben
Fisher Alexander - members of
our No Meeting, now residing
near Melbourne, Australia

Dear Friends

In carrying out the concern of
our early Meeting, respecting
the welfare of members of our So-
ciety removed to Australia, we
forwarded a notice of membership
for each of you to the Meeting for
discipline at Melbourne - in doing
so, you were, as on former occa-
sions brought before our minds
and under a feeling of Christian
love we believe it right to address
you and express our interest for
your best interest

This is a beautiful feature of true
and living Christianity that this
love is ever as declared by its
blind authors amongst the first
fruits of the operations of the Holy Spirit
in the heart, and should ever
subsist between the members of his
Church wherever they are found,
or however far they may be sepa-
rated, and when (in your case)
we add the consideration, that
you are personally known to us
all, and newly selected to many
amongst us - a hope arises that
an assurance of our continued love

and interest for you, may afford a little encouragement under the many difficulties and vicissitudes of your present lot

Let us remember the injunction "Pray without ceasing"

The communion between the soul and its maker, is surely the highest and purest source of our spiritual strength - and we would affectionately encourage you to begin each day, by endeavouring to wait upon the Lord for a renewal of that strength, & for wisdom to know and ability to perform his blessed will - In thus doing we believe you will be frequently led to the perusal of the Holy Scriptures "which are able to make wise unto salvation" through faith which is in Christ Jesus

It is a cause of gratification & thankfulness that some meetings of friends have been established in Australia - we would encourage you to take a lively interest in the prosperity of our Society in that distant land being fully persuaded of the value & importance of the principles of Christianity as professed by us - In conclusion dear friends, may you, as well as we

we remember the encouraging invitation "Come unto me, all ye that are weary & heavy laden, and I will give you rest - Take my yoke upon you and learn of me for I am meek and lowly in heart, and ye shall find rest unto your souls, - for my yoke is easy and my burden is light"

With a feeling of affectionate regard we bid you farewell and are your friendly & fellow members of Semerick Mt Meeting
