The depression now passing over agricultural affairs has also seriously reduced the profits from the farm.

Our late friend John Newby of Achworth who often visited the Institution and was well acquainted with its working, remarked in London Yearly Meeting: "Brookfield Agricultural School is the most successful Home Mission work which the Society of Friends have in Great Britain."

We believe this testimony will still be found true and we would appeal to Friends on Christian grounds to encourage an increase in Yearly Subscriptions, as well as an increase in the number of subscribers though the amounts be small: otherwise the number of children educated in the Institution will require to be reduced.

Brookfield Agricultural School

no. Maria, October 14<sup>th</sup> 1857

Co. Down,  
Ireland.

Dear friends,

By order of the Dublin Yearly Meeting the accounts of this Institution are in future to be closed on the 31<sup>st</sup> of 12<sup>th</sup> month yearly instead of the 31<sup>st</sup> of 3<sup>rd</sup> month as heretofore.

This change makes it necessary that the subscriptions should be in the hands of the Treasurer - James St. Richardson J<sup>r</sup> of Beccabomb, Co. Downagh, as soon as possible, and not later than the 15<sup>th</sup> of 12<sup>th</sup> month.

It is upwards of fifty years since the foundation of the Institution and owing to the number of children requiring education its sphere of usefulness has been greatly enlarged; at the same time many of those who originally took a deep interest in its work have passed away; and in consequence the subscriptions have been greatly reduced.

A considerable loss of income will also have to be met owing to necessary changes in the investment of funds whereby a lower rate of interest will be received.

The depression now passing over agricultural affairs has also seriously reduced the profits from the farm.

Our late friend John Newby of Ashworth who often visited the Institution and was well acquainted with its working, remarked in London Yearly Meeting: "Brookfield Agricultural School is the most successful Home Mission work which the Society of Friends have in Great Britain."

We believe this testimony will still be found true and we would appeal to Friends on Christian grounds to encourage an increase in yearly subscriptions, as well as an increase in the number of subscribers though the amounts be small: otherwise the number of children educated in the Institution will require to be reduced.

Isabella Richardson  
Clerk.
