

LEGO® GALAXY FACT SHEET

LAND OVERVIEW

- **Opening Date:** March 6, 2026
- **Total Land Size:** 2.4 acres
- **Concept:** An immersive, story-driven space destination where LEGO Space from past, present, and future comes together
- **Investment:** Part of Merlin Entertainments' largest-ever single in-park investment across LEGOLAND California and LEGOLAND Florida Resorts

LEGO Galaxy invites families to train as space cadets, explore interactive LEGO play, dine among the stars, and blast off on thrilling space missions designed for all ages.

ATTRACTIONS

Galacticoaster

- **Ride Type:** Indoor family roller coaster
- **Manufacturer:** ART Engineering (Germany)
- **Height Requirement:** 36" with companion; 48" unaccompanied
 - Riders under 36" must be accompanied by a supervising companion at least 48" & at least 14 years old.
 - Riders taller than 78" (6'6") are not permitted to ride.
- **Description:** Guests design their own spacecraft using digital customization bays, then launch into a high-speed indoor coaster adventure reaching speeds of up to 40 mph. Featuring cinematic storytelling, onboard audio and lighting, and LEGO Space elements from across generations.

G-Force Test Facility

- **Ride Type:** Family thrill ride
- **Manufacturer:** HUSS
- **Height Requirement:** 40" and four years old to ride; 56" to ride alone
 - Riders under 40" must be accompanied by a supervising companion at least 56" & at least 18 years old.
 - Riders taller than 76" (6'4") are not permitted to ride.
- **Ride Vehicles:** Three rotating arms, each with 4 ride vehicles
- **Description:** A motion-packed training experience where guests swing, tilt, and rotate through simulated space forces similar to those experienced by astronauts.

Launch & Land

- **Ride Type:** Toddler and preschool ride
- **Manufacturer:** Vekoma
- **Height Requirement:** 34"
- **Description:** A gentle flight-training simulator designed for younger explorers, allowing toddlers and small children to practice their first takeoffs and landings in a playful space environment.

ADDITIONAL EXPERIENCES

- **Junior Astronaut Training Zone:** A dedicated toddler play area designed for imaginative, hands-on cosmic adventures
- **Rocket Assembly Bay:** A LEGO building zone where guests build a LEGO rocket, digitally scan it, and watch it launch into cyberspace
- **Orbital Outpost:** Retail location featuring exclusive LEGO Galaxy merchandise and souvenirs

DINING

- **U.F.O. (Ultimate Food Outlet):** Intergalactic food court featuring themed stations hosted by legendary space travelers, offering items such as Stellar Crust pizzas, Nebula Noodles, tacos, quesadillas, and colorful galactic treats
- **Stardust Treats:** Dessert parlor serving cosmic-inspired sweets, beverages, beer, and wine
- **Satellite Bites:** Quick-service burger outpost inspired by the LEGO M-Tron series, located near the land entrance

LANDSCAPING & DESIGN DETAILS

- LEGO Galaxy features extensive interactivity, brick play, and storytelling throughout the land
- Three iconic Dragon Trees originally planted at LEGOLAND California were carefully preserved during construction and replanted in LEGO Galaxy
- Spaceport 886, home to Galacticoaster, is inspired by LEGO Set 886, the classic 1970s Space Buggy
- All theming throughout LEGO Galaxy is built at a 25x LEGO scale
- Lockers are available to rent for any loose items

CREATIVE & DEVELOPMENT TEAM

- Developed by Merlin Magic Making, the creative arm of Merlin Entertainments, in partnership with the LEGO Group
- Merlin Magic Making provided end-to-end delivery, from creative strategy and design to production and project delivery

LEGO Galaxy is designed to offer something for every age, blending cutting-edge ride systems, creative storytelling, and hands-on LEGO play into one bold new land.
