

Youth work in...  
every place  
and space

**Monday 6 – Sunday 12 November**

## The campaign

Join us from Monday 6 to Sunday 12 November for Youth Work Week 2023. Our theme this year is Youth work in every place and space.

We can't wait to see youth workers, young people and those who fund, commission or lead youth work join the sector in celebrating everything amazing that youth work does in every sector, location and context!

Below we have suggested a few ways for you to get involved in the festivities. We would love to see you at one of our special Youth Work Week online events, or even on social media sharing your examples of youth work in all places and spaces.

## Get involved

This year we will be holding a range of exciting online sessions led by members of our Youth Work team. Below are the themes for sessions each day and the registration links will be published on our Youth Work Week page in the coming weeks.

Monday 6 November	Tuesday 7 November	Wednesday 8 November	Thursday 9 November	Friday 10 November
Celebrating youth work and youth services	Building a workforce for the youth sector	Expanding the local youth offer	The impact of youth work practice	The evolving digital space

These sessions will explore best practice, future thinking for youth work, and give you all a space to celebrate your work alongside sector colleagues!

We will also be hosting an in-person Youth Work Week Summit and Reception in Parliament on Monday 13 November to reflect on the activity the week before and to discuss some of the key themes for the youth work sector. Please save the date - more information on registering for these events will be available soon.

# Got a great story? Let us share it!

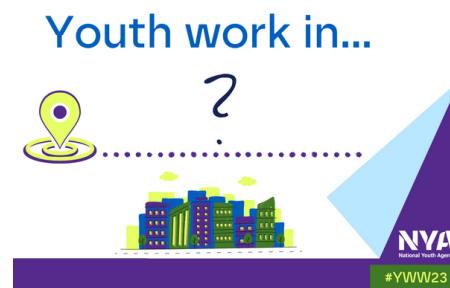

This year we want to hear from young people who have benefitted from youth work. If you work with any young people that you think fit the bill, and who would be willing to share their experience, let us know by completing the short form on our Youth Work Week page. We would love to speak to them and celebrate their story during Youth Work Week 2023.

Complete stories form here: [nya.org.uk/youth-work-week-2023](https://nya.org.uk/youth-work-week-2023)

## Join the campaign on social media

This year we would love to see all the amazing examples of youth work happening in every space and place across the country. We invite you to share your practice, no matter where it is taking place! Tell us why your practice is needed, how it is supporting young people and how your work meets their specific needs. As usual, please remember to include the hashtags #YWW23 and #YouthWorkWeek in your social media content, and tag the NYA accounts below so that we can amplify your posts as widely as possible.

Make sure to download our social media pack closer to the time to make use of the campaign materials and graphics.
