

National Youth Agency

Making great youth work happen

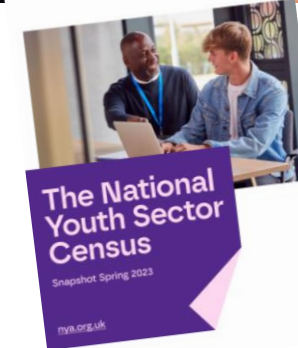

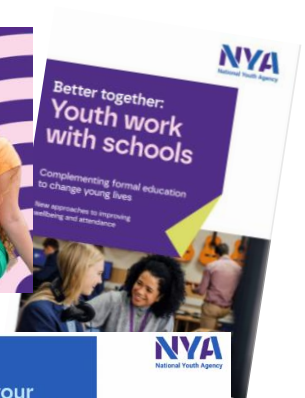

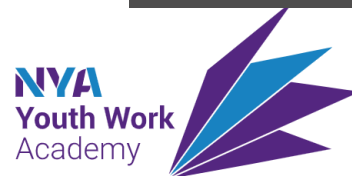

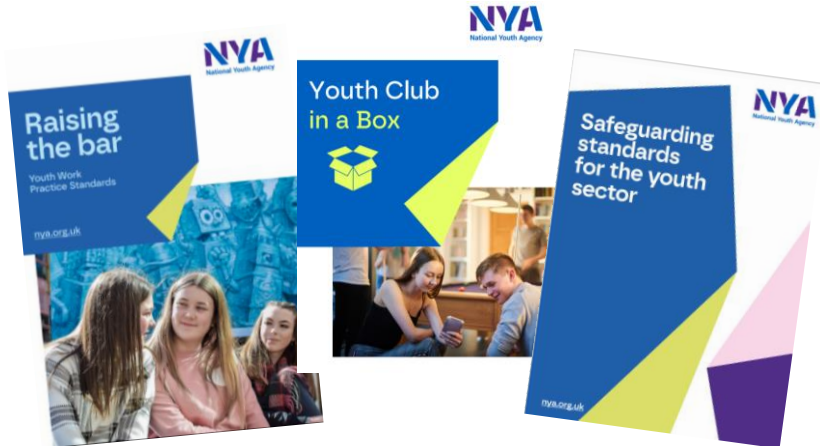

Youth Work Week

About us

- We're the **Professional, Statutory and Regulatory Body** (PSRB) for youth work in England.
- We **champion youth work** in all its forms, showcasing best practice and incubating new approaches.
- We provide **guidance** and **standards** to promote the effective delivery of youth services across public, private and voluntary sector agencies.
- We are responsible for **quality assurance** and compliance for all Joint Negotiating Committee (JNC) recognised youth work programmes in the country through the Education Training Standards committee.
- We convene the **National Youth Sector Advisory Board**, a policy and practice forum with over 60 members, including national, regional, local and grassroot organisations.

Resources and signposting

Support our work

To help us meet the needs of the sector, we ask you to support us in completing the:

- [Workforce Development Survey](#)
- Register and Census (on [Youth Work One](#))

In the future:

- Read or share the [Social cost of cuts report](#)
- Complete the evaluation survey

Thank you
