SUBMIT AN ALERT

If you have seen an example of good practice or know of a safety incident the industry can learn from we want to hear from you. Your submission will be reviewed and anonymised before being published.

Get Started

Submit your own learnings using [the electronic submission form](#) or contact aimie@stepchangeinsafety.net

3. Workgroups & Networks – Now Recruiting

The following workgroups and networks are currently looking to recruit new members, please inform your colleagues of these opportunities.

Alerts and Moments Workgroup

The **Alerts and Moments workgroup** are focused on sharing and learning from good practice and past incidents within the oil and gas industry (and other sectors), with the intent of avoiding potential incidents.

The workgroup meets on a monthly basis (virtually) to create the **quarterly safety moment packs** and is currently looking to expand the member representation on the workgroup.

If you have a passion for sharing and learning, would like to join the workgroup or find out more information, contact aimie@stepchangeinsafety.net.

Joined-up Thinking (JuT)

The **JuT workgroup** provide standardised **educational packs** that include a short animation with the aim to help the workforce gain a better understanding of the hazards they may face at a worksite.

The workgroup meets monthly (virtually) to progress and develop the packs and is currently looking to broaden the representations from all members and communities.

To join the workgroup or find out more information contact aimie@stepchangeinsafety.net.

OIM Network – Calling all OIMs

The **OIM Network** acts as a conduit between the SCiS Leadership Team and the offshore workforce. It meets (virtually) 4-6 times a year to discuss topical issues, share experiences and good practice and create resources.

The network is looking to expand its membership and all OIMs of member companies are welcome to join.

Please inform your colleagues of this opportunity and contact gillian@stepchangeinsafety.net for more information or to join the network.

Workforce Engagement Support Team (WEST)

The **WEST group** is re-energizing, looking to Identify and share examples of good workforce engagement within the industry

The network is looking to expand its membership and is seeking a new co-chair.

Please consider if you or a colleague would be suitable and contact gillian@stepchangeinsafety.net for more information or to join the workgroup.

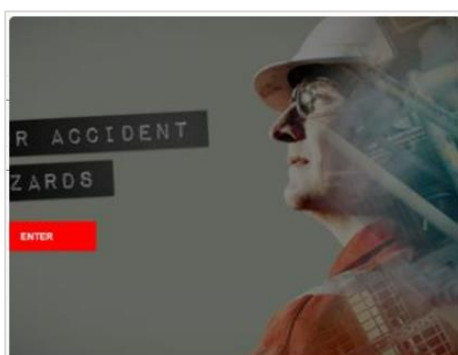

4. e-learning Modules

Step Change in Safety currently has three e-learning modules and will continue to add more to its catalogue. View our current modules here

5. World Safety Day Webinar

Digitalisation of Control of Work System

This webinar will provide insight into the evolution of the **Safe Working Essentials Toolkit** (including e-Obs). These Control of Work tools are now available in a digital format which can be incorporated into existing systems, giving organisations the opportunity to use real-time data to help improve safety performance.

Try out the digital CoW tools by scanning the QR code

You can register to attend the webinar [here](#).
