

# PDA Health & Social Care: Supervision

**The Professional Development Award (PDA) Health and Social Care: Supervision meets the requirements for a supervisory qualification for SSSC registration for supervisors within social service settings.**

This is a great opportunity for individuals to learn about the requirements for their role in a classroom environment, while achieving a SQA qualification.

Learners will also have access to electronic learning resources which will prepare them for their assessment.

**Entry Requirements:** Learners should be in a supervisory role and have previously achieved a level 6 qualification as a minimum.

**There are 6 tutorials covering the following topics:**

- The role of the supervisor
- Legislation relating to the role
- CPL requirements
- Annual Review and Supervision
- Team Working
- Health, Safety and Safeguarding
- Theory relating to the role
- Assessment Preparation
