## Cross Cutting Themes

### 1 Social Purpose

This underscores Lincoln Bishop's commitment to doing all we can through projects, programmes, courses, research and knowledge exchange to make a positive impact on society, locally, nationally and internationally.

### 2 Digital Transformation

This reflects the ways in which digital technologies are shaping our future, for individuals, communities and organisations.

### 3 Sustainable Development

This encapsulates Lincoln Bishop's longevity as an institution and the stewardship required to ensure that in meeting the needs of the university community today we do not compromise the ability of future generations to meet their needs too.

## Who We Are

Lincoln Bishop University was founded in 1862 as the Lincoln Diocesan Training School, with a focus on teacher training. In its centenary year, the school was renamed Bishop Grosseteste College before gaining full university status in 2012.

Today, the university sustains its international reputation in education and teacher training, while also offering a broader portfolio of subjects including Business, Health, and Applied Humanities. Its unique location in historic Lincoln - a vibrant and growing student-focused city - provides an ideal environment for success. This strategy represents the next phase in the university's evolution, enabling it to adapt to current and future needs while remaining true to its founding principles.
