# gay pride day

## carnival parade

### \* SATURDAY 1st JULY \* From TRAFALGAR SQUARE AT 2pm

Be your most colourful bring  
Banner balloons and all other fun things

A number of people have been bust in Battersea Park for the same old things this summer. The people involved were above the age of consent etc, and were tried at Lavender Hill Courts. The fines were £100 for first offences (and barred from the park for a year). One second offender was fined £400. The busts were made by plainclothes pigs. Perhaps we could get something together (esp. South London). Also it might be an idea to get some new stickers together.

Gay pride Week has been quite a gas up till now with the usual interspersals of heaviness. Particularly good was the demo/theatre at Picadilly Loos and around about. The office typewriter needs servicing incidentally - the spacing is freaked. Also good was the night at Clapham, where we were almost thrown out of the pub but prevented by public demand. If you haven't got anything together yet ~~where~~ don't worry - this could be Gay Pride Year or century, if we only work it right.

BRISTOL GAY AWARENESS GROUP meets once a week, on Tuesday evenings (subject to change). For info. phone Tony 32660 (evenings and weekends). Also running fortnightly discos throughout the summer.  
CONTACT: Tony Gover, 20D West Mall, Clifton, Bristol BS8 4BQ tel. 0272-32669

COMMUNE NEWS: Abersham Rd Commune. The Mouslie output at the Glorious Correct Liberated People's Gay Collective at Abersham Rd increased again this week by 20%. This goes to show the Correctness of the Glorious Indestructible Central Gay Liberation Party Line which is carrying us forward on the tide of history and to greater more liberated People's industry. This reflects the Indestructible thought of our great leader the screaming queen.

Abersham Rd has 9 rooms for at least the next six months and can move elsewhere. Want 4 of 5 more sisters or brotherx to join. Also bedding. Write or come to 4 Abersham Rd, Hackney, London E8.

The Commune: We live in a commune because we realise people's need of each other, and we believe that any kind of action achieved by a group is more valid than isolated action. We are concerned with Sexual Liberation, eventually leading to ~~sexual liberation~~ gender liberation. You are welcome at any time, any day, except maybe on Friday evenings when we ~~would~~ like to get together for a house meeting. Come along, don't be nervous, we do try to be friendly. Tel 888 9469.

SHULMITH FIRESTONE THE DIALECTIC OF SEX

"No matter how many levels of consciousness one reaches, the problem always goes deeper. It is everywhere. The division yin and yang pervades all culture, history, economics, nature itself; modern versions of sex discrimination are only the most recent layer. To so heighten ones sensitivity to sexism presents problems far worse than the black militants now awareness of racism: Feminists have to question not just all of WESTERN culture, but the organisation of culture of culture itself, and further, even the very organisation of nature. Many women give up in despair: if that's how deep it goes they don't want to know."
