even got it
together to
hold a big
march through
central London
& a picnic
in Hyde Park
afterwards.

Yes, we're holding a Gay
Pride week this year
beginning with a march#picnic
in London followed by a week
of action.
We're finishing with a big
dance at Lambeth Town hall
on Fri. July 3rd. and a Summer
Fair the following day
at Brixton Gay Centre which
will include Hot Peaches....
yes the Hot Peaches that all
gay American homosexual there
so don't miss it. It'll be fun

GAY PRIDE is our pride in an openly hostile straight society.
GAY PRIDE is Lesbians and Gay men saying we exist.
GAY PRIDE is a celebration of a sexuality.

The main cause of concern to gay people is the heterosexual problem of 'HOMOPHOBIA'. i.e. The inability of the individual to come to terms with both the concept of homosexuality and their own inheirant homosexuality. Thus 'What is heterosexuality and what causes it?' and 'What is homophobia and why does it arise?' are the questions that heterosexuals must be pushed into answering for themselves.

So it is up to us to show unity publicly in the face of the prejudices and the twisted attitudes of the so-called 'majority'.

Since 1973 we haven't celebrated Gay Pride week. As gays we feel it's time all of us got together and discussed how we've grown during these past three years and what we plan to do for the future.

And so GAY PRIDE '76.

NOW'S THE TIME TO TAKE TO THE STREETS IN HOMOSEXUAL CELEBRATION.
