South Terrace & Lounge

Floor-to-ceiling views across the skyline set the scene, while the space itself is designed to work to your needs - adapting effortlessly from a relaxed meeting setting to a formal awards dinner, a high-impact presentation or an elegant evening reception.

Flexible partitions allow the room to be configured for any occasion - creating separate areas for breakout sessions and registration, before opening out seamlessly onto the outdoor terrace, where an extendable canopy and overhead heating ensures nothing is left to chance, come rain or shine.

Integrated AV and a professional sound system mean that presentations, screenings and live event production are handled with ease. A refined feature bar and our dedicated events team ensure every detail from first arrival to final toast is considered and polished.
