Festivities tailored to *you*

Every Christmas Tale is shaped by the moments shared around the table. The clink of a glass, stories told between courses and laughter shared with those who matter most; these are the moments that become cherished memories long after the final toast.

The Small & Large *Hubs*

Located on the first floor, the Hubs are two adjoining spaces that carry the warmth and character of a private townhouse. Herringbone floors and wood-panelled walls make these spaces feel lived in and loved.

Use them separately or open them up entirely, the Small Hub welcomes up to 30 guests, the Large up to 50, and together they hold up to 80 for something altogether more festive.

This Christmas, the Hubs offer a warm and characterful setting for all kinds of festive celebrations.

The *Wine* Cellar

Below the hotel, behind a door that rewards those who find it, lies the Wine Cellar. A brick-vaulted room built for gatherings that were never meant to be ordinary.

This Christmas, gather up to 16 guests around a long table lined with carefully chosen vintages and let the evening unfold. Wine pairings, festive canapés and seasonal bowl foods are curated by our chefs.

The Wine Cellar is for those who know that the finest Christmas celebrations happen away from the crowd, and around the right table.
