# Welcome

Welcome to Regent College London.

In today's rapidly changing global economic environment, having the right qualifications is more important than ever.

At Regent College London, we have been operating successfully for over 20 years, and are now in our tenth year of providing higher education courses.

We have built a reputation on well-qualified and experienced staff, small class sizes, and well-funded facilities. This allows our students to flourish and succeed – whether it is to build their careers or go on to further study.

We are dedicated to widening access to higher education for all prospective students and are recognised for our success in attracting applications from under-represented groups, those who are returning to education to gain new or higher level skills, and those with varying levels of past academic success.

We are able to work very effectively with students of all abilities to improve their prospects and carry them forward into achieving their academic aspirations, forge successful careers or start their own businesses.

We offer a range of fully accredited, industry-focused HND, foundation year routes, foundation degrees, bachelors degrees, top-up and masters courses that are designed with both professional and personal success in mind.

We pride ourselves on taking an individual approach to our students needs and on working hard to enable them to achieve their goals. Our flexible approach means we are always looking for ways to improve what we offer in terms of courses, student support and the Regent College London student experience.

As Principal of the College, I am responsible for setting and meeting our strategic objectives and for ensuring the quality of our student experience. I look forward to welcoming you to Regent College London in person very soon.

**Dr Selva Pankaj**

**Principal**

FRSA, FCMA, CGMA, MBA, Hon DLitt, Hon EdD

# Regent Digital

## STEP INTO THE FUTURE WITH REGENT DIGITAL SERVICES

Due to uncertain times and the progressive nature of Regent College London, we have created Regent Digital. An education ecosystem enabling transformative and adaptive learning for all students online and on-campus, providing the highest of standards for all students. Regent Digital Services makes the most of the latest advancements in technology and gives you, the students all the perks of attending your dream course!

Our flexible study timetables are created to suit almost every lifestyle, and you will have access to a high level quality of education whenever and wherever you want, as long as you have access to the internet; all at the tip of your fingers!

Embark on social distancing on a productive note. Regent Digital Services can be a useful learning method for sharpening your skills in a difficult subject, or learning a new skill in an increasingly digital world. In addition, you will have access to a diverse range of materials such as videos, photos, and eBooks online as well. Our highly experienced academics can also integrate other formats like forums or discussions to enhance your engagement in their lessons. Discover how it works and why it could be the perfect option for you!

## WHAT COURSES ARE OFFERED ON REGENT DIGITAL SERVICES?

Great news! We are offering all of the Regent College London Courses through Digital Learning.

## HOW WILL REGENT DIGITAL SERVICES WORK?

It's pretty simple and easy to use! We have already made the transition to using 100% online resources, and now students can expect to study using a combination of cutting-edge technological resources with no need to travel to attend lectures, exams or in-person discussion sessions! They are accessible on Regent Digital Services via the internet on your mobile, PC, tablet or laptop. The academic team will determine the format for each individual course and will select delivery methods that are best suited to your course or program.

*"I really love the teachers, they take the extra time and effort to help me. The college helps me to keep my dreams alive. It is a warm place where i feel very comfortable. The environment is really supportive. And most importantly, the teachers made me realise that to achieve something one requires vision, self-motivation, determination and hard work."*

**Stefania Voevod**

BA (Hons) Business Management Degree with Foundation Year

*"The great thing about Regent College London is its campus location in central London. The newly refurbished campus is well equipped with state of the art technology. Our teachers did an awesome job during the COVID-19 pandemic by keeping the class running flawlessly through digital lessons."*

**Rashed Haider**

BEng (Hons) Software Engineering with Foundation Year

*"A very friendly and helpful college. Been an extremely pleasureful experience with welcoming and friendly staff and qualified patient and very supportive tutors. Infact the whole experience is being one of feeling of belonging to a family. Being an old person with disability, the encouragement and support I received leaves me overwhelmed with gratitude. I have no qualms to sincerely recommend students to choose Regents College as their first choice of their educational endeavours."*

**Prakash Mandalia**

BA (Hons) Business Management (Top-up)

*"Regent College London is an outstanding institution where you can approach tutors easily and find lots of support from staff if needed. I've being studying at the Regent College for 3 years now, their location access is what attracted me the most from where I live. It's so multicultural that everyone can fit in comfortably."*

**Neima Abdi Daher**

BA (Hons) Business Management (Top-up)

# Student Experience

We aim to create a stimulating and supportive learning environment that enables students to interact, share stories and support each other freely and cohesively. Drawing on our long experience of educational success and cultural diversity, our focus is on enhancing skills and developing knowledge that can help you achieve your personal and career aspirations.

Embracing students from all walks of life is a priority, which is why both our academic learning facilities and courses have been designed with our students in mind. We foster a student community that encourages employability through vocational-based courses and a non-traditional student experience.

## IDEAL LEARNING ENVIRONMENT

Our campuses are strategically located in the heart of thriving communities, in areas that can benefit our students academically as well as socially. Ideal for encouraging a better learning experience, it is these types of communities that help our students to prosper and grow. From connections with local businesses, dedicated facilities and on-site student career and teaching support, we offer students everything they need, no matter which part of the world they have come from.

We also ensure all students are supported on a digital scale so no matter where you are attending lectures, if support is what you require we have a range of communication channels for you to reach us.

## STUDENT REPRESENTATIVES

Our student representatives (student reps) are volunteers who support our staff by championing the collective voice of students on all academic issues. From gathering opinions and providing constructive feedback, to helping keep students updated, the student rep is an accessible, convenient channel for ensuring your voice is heard.

We are undergoing a full review of our Student Representation structure to provide reps transparency in roles and responsibilities by introducing a variety of new roles. Our Student Reps will be voted through the new election process system.

**IF YOU ARE INTERESTED IN THE ROLE OF STUDENT REP, CONTACT OUR STUDENT REPRESENTATIVE TEAM WHO WOULD BE HAPPY TO ANSWER YOUR QUESTIONS.**

# Careers and Employability

## YOUR LEARNING

Our experienced lecturers have substantial real-life business knowledge, which is invaluable in coaching and mentoring students to further enhance their employability. Based on actual case studies and business issues, our courses are built on attributes valued by employers in the real world, such as communication skills, decision-making, teamwork and problem solving. This can equip you with the insights and capabilities you need to work in many different areas of business.

## OUR SUPPORT

We focus on delivering courses that can enhance your career prospects. From vocational courses to career opportunities with local businesses, your studies at Regent College London will have employability at their core. This includes a comprehensive range of support services, including a dedicated careers officer, pastoral support, careers advice and tailored job search assistance, all designed to equip you with the necessary skills and knowledge to meet your career or higher education aspirations. The inability to put new ideas into practice is called the knowing-doing gap. We teach you how to bridge this gap to enable you to put your dreams into action.

## ENHANCING OPPORTUNITIES

By focusing on the skills most valued by employers, our courses enable you to:

- Develop key business knowledge and skillsets
- Train for specific in-demand job opportunities
- Enhance your career prospects
- Progress to a higher qualification

# The Student Voice

**NSS  
(THE NATIONAL  
STUDENT SURVEY 2020):**

The 2020 National Student Survey (NSS), published by Texunatech on behalf of the Office for Students, surveyed over 310,000 students in the UK about their university experience. Students were asked about a variety of factors, including the teaching on their courses, learning opportunities and resources, academic support and feedback, the university community, their students' union and student representation, along with their overall satisfaction with the quality of their course.

7% more Regent College London students agreed that 'The timetable works efficiently for me' than the sector average.

7% more Regent College London students agreed that 'I feel part of a community of staff and students' than the sector average.

11% more Regent College London students agreed that 'It is clear how students' feedback on the course has been acted on' than the sector average.

10% more Regent College London students agreed that 'The students' union (association or guild) effectively represents students' academic interests,' than the sector average.

Our success is based on student satisfaction, which is why feedback is incredibly important. Each year we strive to do better, become more innovative and provide courses that our students can benefit and grow from. We can only do this through continuous, honest and transparent feedback. Combing qualitative input from students with our creative aspirations, we hope to excel in becoming the recommended educational institute for operational excellence and student support in London.

Our student voice and engagement encompasses our pedagogy & quality development and enhancement.

# Student Services

Student Services is a priority at Regent College London. It is established to be the 'One Stop Shop' for all current students during their academic journey. We deliver centralised services directly to all our current students, be it just general advice and guidance, or confidential discussions around health, wellbeing and personal circumstances.

## STUDENT SERVICES PROVIDES THE FOLLOWING SERVICES:

-  **Personal support**  
if you are experiencing relationship, family issues or domestic difficulties.
-  **Academic advice**  
on transfers, resuming studies, withdrawn or suspended from studies including advice on the financial implications of this.
-  **Student benefits**  
advice on discounts such as NUS/Totum Cards, travel discounts, advice on accommodation. Guidance on Student Finance and support to complete your application.
-  **External support**  
liaising with external organisations on the students' behalf, such as Student Finance England for direction with Student Disability Allowance, Child Care Allowance etc.

-  **Special interest**  
providing specialised support to students with learning difficulties such as dyslexia or dyspraxia through our external special needs provider Randstad.
-  **Personal support plans**  
providing support with Individual Assignment Submission Arrangement in the case of extenuating circumstances, Individual Maternity Support Plans, Individual Support Plans for students with mental health issues etc.
-  **Confidential support**  
for students with a disability or a condition that affects their studies.
-  **Advice**  
on non-academic and pastoral issues.
-  **Mental health support**  
through our mobile app Mind Connect  
- Students will have immediate access to bespoke, mental health support information and helplines whenever they need in times of difficulties.
-  **Student Committee**  
student representatives' meetings where all the issues raised by students are discussed; 'you said we did' poster published to reflect actions taken.

# Thinking into Character (TiC)

Thinking into Character (TiC) is a suite of transformational learning programmes. They are designed to aid your personal growth and accelerate your professional success. Whether you know it yet, you have the potential to improve your results exponentially, whether that is by completing a degree, getting a promotion, starting a business or enjoying more fulfilling personal relationships. These programmes will show you how these leaps in success are possible. Are you ready to make the leap?

Led by Dr Selva Pankaj, Principal, Regent College London and trained facilitators, the programmes are unique to Regent College London and are delivered digitally. They are based on indepth, pioneering research into the science and methodology of personal achievement, and includes insights from many inspirational entrepreneurs and leaders from across the globe. Students will also receive a TiC e-book.

## OUR TRANSFORMATIONAL LEARNING PROGRAMMES

### Thinking into Character Digital Platform

This programme is specifically designed to enable participants to build happy, successful lives and to achieve all of their goals and dreams, both educational or professional and personal.

### The Power of Learning from DAD Digital Platform

The programme will teach you how, using the resources you currently have, you can create the habits and mind-set required for lasting success, happiness and self-fulfilment.

## Think and Grow Rich Digital Platform

This programme will present you with a concentrated version of Napoleon Hill's insights. Each of Hill's 13 principles for success creation will be summarised, from having a burning desire and preparing an organised plan, to cultivating your sixth sense.

# Benefits

Learn how to identify, set and achieve inspiring goals

---

Improve your self-image and re-write your life script

---

Close the gap between your intentions and your actions

---

Understand how to turn non-productive habits into productive habits

---

Overcome challenges and barriers to success

---

Develop your leadership qualities

---

Completing the programme will not only help to transform your personal development, it will allow you to super-charge your personal and academic goals, equipping you with the knowledge and tools to achieve unprecedented success in your life.

# SCOPE Sessions

The Success, Character, Opportunity and Progress Enhancement sessions are exclusively designed for the students of Regent College London. Students are able to take full advantage and gain opportunities for lateral thinking along with further dimensions of development. In addition, the main purpose is to engage students in extra curricular topics and increase communication with students as well as introduce face to face interaction via blended learning.

## WHAT DOES SCOPE INVOLVE?

Each Session will be carefully curated with students needs and wants at the forefront as well as cover materials within and beyond the scope of awarding bodies curricula. However, the sessions will complement the syllabus at hand and will allow you engage with a range of opportunities.

A few areas that may be covered in your SCOPE Session:

- Academic Writing and Academic Skills development
- TiC
- Wealth Creations
- Think and Grow Rich
- Lead the field
- Freedom speech
- Tech ideas
- How to grow a business?
- Wellbeing support
- Body/Mind Movements
- Global issues
- Political debates

As the sessions are created for students, the theme of each session will be determined by you, the students. The academic team will actively listen to your feedback to ensure you are able to get the best out of your SCOPE Session.

They will be 2 hour sessions running on a weekly basis moving into monthly based on different topics. They will initially be held over Microsoft Teams until Summer 2021, and when it is hopefully safe to do so, the sessions will move onto Campus and thus will be face to face. These sessions are optional but a significant part of your journey at Regent College London.

It's a great way of pushing your level of thinking and a fantastic self-development opportunity. SCOPE Sessions are created to widen thinking beyond a 'classroom setting' and support you to think positively and optimistically.

# Academic Partnerships

London Academic Centre

## UNIVERSITY OF BOLTON

University of Bolton's number one mission is to be a distinctive "Teaching Intensive and Research Informed" university that puts student experience and education first, supported by the quality of our staff, our facilities and our links to employment sectors. Regent College London is proud to oversee all teaching, learning and student experience at University of Bolton Academic Centre London. The University of Bolton is a modern university with a distinguished history and has a long and proud heritage that goes back to 1825.

## UNIVERSITY OF NORTHAMPTON

The University of Northampton is one of the youngest universities in the UK and continues to make an award-winning impact year after year. With multiple awards for its work in adding value to society, it recently received Gold accreditation in the Teaching Excellence Framework (TEF) Year Three and was the first university in the UK to be named as a Changemaker Campus in 2012.

## BUCKINGHAMSHIRE NEW UNIVERSITY

Buckinghamshire New University is a long-standing established university with history dating back to 1891. An established educational institution for over 125 years it is renowned for innovation, teaching and student excellence. They are ranked as a top 20 UK University for student experience and teaching quality (NSS 2018), and in 2018 Bucks received a TEF Silver Award in recognition of their teaching excellence. They were proud to see Bucks ranked 16th in the UK for teaching quality (out of 130 institutions) in the 2018 Good University Guide.

## BISHOP GROSSETESTE UNIVERSITY

Bishop Grosseteste University is a unique institution that has a strong 150 Year History. Based in the heart of Lincoln, the University boasts 'high rates of graduate employability' as well as 'recently rated amongst the very best universities in the UK for teaching excellence'. Bishop Grosseteste University also boast an incredible TEF Gold Award for their teaching.

# External Evaluations and Achievements

Regent College London delivers high quality teaching, learning and outcomes for students. We consistently exceed rigorous national quality requirements for UK higher education.

## QUALITY ASSURANCE AGENCY (QAA)

QAA works to safeguard quality and standards in UK universities and colleges, so that students have the best possible learning experience. QAA reports highlight good practice and contain recommendations to help improve quality.

Regent College London underwent a review by the QAA in September 2016 and received a commendable outcome from its 2017 monitoring visit. An annual return visit in September 2018 confirmed that we are continuing to maintain academic standards and enhance the quality of, and information about, student learning opportunities.

## PEARSON

Regent College London is inspected by Pearson twice per year, once via an Academic Management Review (AMR), and once via a Standards Verification process. Our most recent AMR took place in February 2020.

There were no essential actions or recommendations made.

### THE LATEST REPORT STATED:

**“Student support services are particularly strong, with emphasis given to ready access for students to specialist support and maintaining their well-being.”**

**“Staff moves are seen as opportunities for reviewing structures and roles, supporting the centre’s ethos of progressive development.”**

**“During the visit 3 HND Business students were individually interviewed. All spoke highly about receiving strong tutor support, enjoy the teaching, and find access to learning resources very easy through the Regent college App, and the course timetable.”**

Our Standards Verifier/External Examiner visit was held in April 2019.

### THE REPORT STATED:

**“The record keeping processes and documentation used for all aspects of the programme is excellent.”**

*"I thoroughly enjoy being a student at Regent College. As a mature student, I know that this is the right place for me because I have received immense and timely support from the day I made contact with the college and this has continued throughout. The college does not only focus on the student's academic success but also provides services to ensure your mental well-being is not compromised. The lectures are interactive and you're encouraged to take leadership for your own learning. Since joining Regent I can see a huge difference in my approach to learning and that's given me confidence. There has been huge support since we moved to virtual lectures. The lecturers are constantly reminding students that they can be contacted by email or on MS Teams if we need any support with any aspect of our degree."*

**Patience Prosper**

BSc (Hons) Health and Social Care (UOB)

# SCHOOL OF BUSINESS AND ENTERPRISE

The School of Business and Enterprise allows students to take advantage of a broad range of Business related subjects. Each course is formulated with a range of modules to help target many different corners of the global business industry. Students who chose to enrol into any of our courses are exposed to many different Business and Enterprise disciplines such as Marketing, Business Management, Business Entrepreneurship and Accountancy. Whether you're looking to kick start your career in Business or reach new heights in your career, Regent College London are on hand to help take you there.

# HND IN BUSINESS (HUMAN RESOURCE MANAGEMENT)

HIGHER NATIONAL DIPLOMA

Learners on the **HND in Business (Human Resource Management)** are introduced to the main areas of human resource management, including the human resource management role and function. This knowledge is then built on to give a broader perspective of human resource management practices. Topics covered include the role of training and employee development, including a consideration of government skills initiatives; and employment relationships in the UK, including industrial conflict, the resolution of disputes and negotiation.

🎓 On completion of the course you will be awarded a Higher National Diploma (HND).

# Entry requirements

## HIGHER NATIONAL DIPLOMA

- GCSE passes at grades 'A to C' including English Language, and either a minimum of one A Level at grades 'A' to 'E'; or a BTEC Level 3 Certificate or Diploma, or an Access to Higher Education Certificate awarded by an approved further education institution; or
- College-recognised certificated learning equivalent to the above. Where possible Regent College London uses the NARIC database to determine equivalents to GCSE and A level qualifications; or
- Normally, two or more years of work experience at a managerial/supervisory/admin level relevant to the programme applied for. This must be evidenced via a personal statement, work experience form and successful interview, and supported by employment reference(s) indicating the duration of employment and the role.

You may be eligible to join a HND programme if you have previous learning that satisfies the learning outcomes and assessment criteria for the course you are interested in, normally with 90 credits (subject to syllabus studied previously). It is your responsibility to demonstrate this with objective evidence.

Prospective students who are not UK nationals, or who are UK nationals but do not have GCSE English Language at grades A to C, are required to take our English language assessment. If you hold IELTS grade 5.5, with both reading and writing at grade 5.5, you do not need to sit this assessment.

If you do not meet the required standard of English in the assessment, you will be offered an English language course to help you improve your English to the necessary level to gain admission to the Pearson HND in Business programme.

# BA (HONS) ACCOUNTANCY WITH FOUNDATION YEAR

FOUNDATION YEAR ROUTE

London Academic Centre

Covering the latest practices and theories of accounting, our **BA (Hons) Accountancy with Foundation Year** offers essential training for entry into this truly prestigious global profession, along with an impressive range of exemptions from professional accountancy body examinations.

Fundamental to planning and forecasting, budgeting and control, taxation and decision making, competent and resourceful accountants are essential to success in business and commerce.

The initial Foundation Year offers you an excellent grounding in the fundamentals of accounting and helps prepare you for degree level study. Our dedicated and experienced team will draw on the latest practices and theories of accounting.

You'll also be able to choose from a number of optional modules in your final year, which include (amongst others) taxation and audit.

Alongside developing your accountancy-related knowledge, we will help you develop lifelong learning skills so that you can reflect on, articulate, transfer and take ownership of the development of your skills, maximising your success.

Our **BA (Hons) Accountancy with Foundation Year** is designed to give you the academic knowledge and practical skills needed for a professional career in accountancy.

## PROGRESSION OPPORTUNITIES

An accountancy degree will develop your understanding of accountancy practices, commerce, industry and finance.

Accountancy graduates will develop a variety of technical and transferable skills that are sought after by a wide range of business sector employers and organisations.

You will learn about commercial awareness and how businesses function, and gain numerical and quantitative skills linked to the business context.

You will be able to solve problems, analyse data and statistics, and have the ability to present information both orally and on paper.

You will also have the skills of attention to detail and strong organisational ability.

## COURSE SPECIFICATION

 **UCAS CODE:**  
N410

 **COURSE DURATION:**  
4 years

 **LEVEL:**  
RQF Level 3-6

 **AWARDING BODY:**  
University of Bolton

 **ASSESSMENT:**  
Exams, essays, reports and presentations

 **MODE OF DELIVERY:**  
Full-time

 **TIMETABLE OPTIONS:**  
Week days, evenings and weekends

 **INTAKES:**  
January and September

 **FEES:**  
£8,000 for the Foundation Year and £8,100 per year thereafter.  
£9,250 per year from September 2021

## ENTRY REQUIREMENTS

**UCAS POINTS:** 48

**LEVEL 3:** Any subjects are acceptable

### GCSEs

Five at grade C or above / grade 4 to 9

### IELTS

5.0 with no less than 4.5 in any band (non-native speakers)

If you did not study GCSEs / A-Levels and have non-traditional entry qualifications or relevant work experience we will be happy to consider your application. You will be required to attend an interview as part of the admissions process.

# BA (HONS) BUSINESS ENTREPRENEURSHIP WITH FOUNDATION YEAR

FOUNDATION YEAR ROUTE

The **BA (Hons) Business Entrepreneurship degree** course with Foundation Year is designed to provide students with the knowledge, expertise and skills necessary to embark on a fulfilling journey through the world of business entrepreneurship. The course is organised into a foundation year and three key stages. The foundation year is designed to help individuals to develop their understanding on university transition and develop a mind-set to understand business conceptual framework with its core functions in business operations.

The first stage introduces candidates to the fundamentals of business entrepreneurship, giving them a thorough grounding in the essential skills and theories. Successful completion of stage 2 will increase employability of graduates within the SME sector and equip individuals with applied knowledge and understanding for business expansion and growth using developed skills and techniques, personal qualities and attributes. This degree will also equip graduates to work independently and create a desire for lifelong learning.

Successful completion of stage 3 develop students' abilities to work as an entrepreneur, marketing audit, designing marketing plan, investigate strategic business position in the market, identifying opportunities for entrepreneurial growth, and understand global market for business promotion and growth through the knowledge gained in different parts of the programme. It will enable graduates to identify potential business opportunities in the market place either as an employee or as an entrepreneur.

Upon successful completion of **BA (Hons) Entrepreneurship Degree**, graduates will be able to analyse competitive market conditions around the globe and recognise resources required for effective business management.

## FOUNDATION YEAR

COMPULSORY MODULES
Transition to University – Learning to Learn (40 Credits)
Investigating your Subject (20 Credits)

## ENTRY REQUIREMENTS

A levels or BTEC programmes of study equating to DEE or DD.

You may also meet the entry requirements if you have:

- Professional or industry experience
- a range of other qualifications
- Self-developed subject knowledge that relates to the course you wish to study

IELTS: 6.0 (or equivalent) with a minimum of 5.5 in all bands (for candidates from non-English-speaking backgrounds)

If you didn't study GCSEs / A-Levels and have non-traditional entry qualifications or relevant work experience, we will be happy to consider your application. You'll be required to attend an interview as part of the admissions process.

# BA (HONS) BUSINESS MANAGEMENT WITH FOUNDATION YEAR

FOUNDATION YEAR ROUTE

The **BA (Hons) Business Management with Foundation Year** allows you to develop your study skills and build confidence in your academic abilities, while identifying your own strengths and development needs for progression onto an undergraduate degree programme.

Two of the modules enable you to develop your general academic study skills and your employability skills. The other two modules aim to equip you with the more specialised skills and understanding necessary for progression on to a Level 4 business qualification (first year of the degree).

Students who do not have the required level of English language and maths for progression onto the undergraduate degree programme can still enrol by completing the Functional Skills Level 2 qualification in both English and maths by attending additional sessions.

On successful completion of the Foundation Year, you will have met the entry requirement for progression on to the undergraduate degree programme offered by Buckinghamshire New University.

Many of our students are in full-time employment or have family commitments. We strive for a diverse student group from a wide range of backgrounds and experiences. This helps to create a stimulating and supportive learning environment and is one of the reasons we offer flexible timetabling, including evening classes.

## FOUNDATION YEAR

BA (Hons) Business Management with Foundation Year

MODULES
Preparing for success Knowledge and creativity
Introduction to business management
Preparing for success Self-development and responsibility
Inquiry-based learning

## PROGRESSION OPPORTUNITIES

Foundation Years are specifically designed for progression to the three year degree. You can progress to career opportunities in management or develop your own business ambitions. The programme provides a grounding in all areas of business management and offers the opportunity to focus on a particular area for post-graduate study. Some of the career opportunities for Business Management graduates include:

- middle and senior management positions across all sectors
- advertising and marketing
- accountancy
- human resources
- banking
- management consultancy
- business journalism

## COURSE SPECIFICATION

 **COURSE DURATION:**  
4 years

 **LEVEL:**  
RQF Level 3-6

 **AWARDING BODY:**  
Buckinghamshire New University

 **ASSESSMENT:**  
Assessment is by coursework and portfolio

 **MODE OF DELIVERY:**  
Full-time

 **TIMETABLE OPTIONS:**

- Two days per week
- Four evenings per week

 **INTAKES:**  
January and September

 **FEES:**  
£8,000 per year  
£9,250 per year from September 2021

## ENTRY REQUIREMENTS

### UCAS POINTS: 32

This can be made up of different levels of level courses. For more information on the UCAS points for your qualification, go to the UCAS tariff calculator.

- If you have studied in a non-majority English speaking country, you will typically be asked to complete an English language test (speaking, listening, reading and writing). The expected level is IELTS 5.0 or equivalent, with no element below 4.5.
- These are our standard entry requirements, but we may consider lowering these for students that perform well in interview.

You will also be asked to attend an academic interview. Suitability for entry to our programmes can be demonstrated in several ways and is not limited to academic qualifications alone. Applicants who do not meet our published entry requirements are encouraged to contact our recruitment and admissions team for advice.

# BA (HONS) MARKETING WITH FOUNDATION YEAR

FOUNDATION YEAR ROUTE

The **BA (Hons) Marketing with Foundation Year** prepares you for a career in the dynamic and competitive world of Marketing. Obtain an understanding of the fundamental role of Marketing in the world of business, and develop essential skills through group projects, real client briefings and guest lecturers featuring practicing marketing professionals.

Modern and career-focused, our programme exposes you to the vital activities of different job roles within Marketing, such as brand-managers, researchers, and consultants. With our Foundation Year programme, you can dive straight into your higher studies and catalyse your progress towards becoming a certified professional.

# BA (HONS) ACCOUNTANCY

BACHELOR'S DEGREE

London Academic Centre

Covering the latest practices and theories of accounting, our **BA (Hons) Accountancy** offers essential training for entry into this truly prestigious global profession, along with an impressive range of maximum exemptions from professional accountancy body examinations.

Fundamental to planning and forecasting, budgeting and control, taxation and decision making, competent and resourceful accountants are essential to success in business and commerce.

The course draws on the latest practices and theories of accounting and covers the two key areas of management accounting and financial accounting and reporting.

You'll also be able to choose from a number of optional modules in your final year which include (amongst others) taxation and audit.

Alongside developing your accountancy-related knowledge, we will help you develop lifelong learning skills so that you can reflect on, articulate, transfer and take ownership of the development of your skills, maximising your success.

Our **BA (Hons) Accountancy** is designed to give you the academic knowledge and practical skills needed for a professional career in accountancy.

## PROGRESSION OPPORTUNITIES

An accountancy degree will develop your understanding of accountancy practices, commerce, industry and finance.

Accountancy graduates will develop a variety of technical and transferable skills that are sought by a wide range of business sector employers and organisations.

You'll learn about commercial awareness and how businesses function, and gain numerical and quantitative skills linked to the business context.

You'll be able to solve problems, analyse data and statistics, and have the ability to present information both orally and on paper.

You'll also have the skills of attention to detail and strong organisational ability.

# BA (HONS) BUSINESS ENTREPRENEURSHIP

TOP UP DEGREE

Being in business has never been so exciting and rewarding; entrepreneurs have the ability to work across a variety of business disciplines. Whether specialising in industries, consulting in small and medium-sized enterprises, or setting up businesses, your ability to make competent decisions in dynamic environment puts you in an ideal position to drive business success.

Businesses are having to adapt continuously in the current business environment. Never before have so many organisations needed individuals with entrepreneurial skills to creatively solve problems and overcome the challenges of contemporary business.

On the **BA (Hons) Business Entrepreneurship Top-up**, you will explore how to build and manage businesses from a practical perspective, enabling you to develop your own entrepreneurial spirit and attitude throughout the programme.

This course is a progression route from a Higher National Diploma (HND) in Business or a business related course to gain a full degree awarded by the University of Northampton, our validating partner.

## WHO IS THE COURSE FOR?

This course will allow students with an HND (or equivalent level 5 qualification) in a business-related subject to progress onto the final year of a degree. It is designed for the entrepreneur of the future, and aims to prepare you for a career operating in ever changing global markets. In addition to exploring current thinking in entrepreneurship, innovation, marketing and business development, the course encourages you to develop an interest in starting and managing your own business. If you are interested in learning more about consultancy or want to eventually progress to post-graduate study, this course is ideal for you.

## STUDY MODULES:

### Compulsory Modules

#### Entrepreneurial Marketing

(MKT3025) – 20 credits

#### Opportunity, Innovation and Entrepreneurship

(MKT3026) – 20 credits

#### Entrepreneurial Strategy

(MKT3031) – 20 credits

#### The Entrepreneur Project

(MKT4007) – 20 credits

## DESIGNATED MODULES

#### Global Marketing

(MKT3040) – 20 credits

#### Corporate Social Responsibility

(BUS3001) – 20 credits

#### Accounting and Finance for Managers

(ACC3015) – 20 credits

A choice of two designated modules offered across two semesters of study which will be made available to students on enrolment and are subject to student numbers.

## PROGRESSION OPPORTUNITIES

You will be well equipped to develop a career in business management, or to put your own business ambitions into action. You will also acquire the skills needed to undertake consultancy roles, varied management roles or SME specialist roles. In addition, the programme provides the opportunity to progress on to further study at postgraduate level.

## COURSE SPECIFICATION

 **COURSE DURATION:**  
1 year

 **LEVEL:**  
RQF Level 6

 **AWARDING BODY:**  
University of Northampton

 **ASSESSMENT:**  
A variety of individual and group-based assessments are used in this course including reports, essays, student led seminars, presentations, group discussions, posters, portfolios, project, interviews, client briefs and online tests

 **MODE OF DELIVERY:**  
Full-time

 **TIMETABLE OPTIONS:**

- Two weekday classes
- Three evening classes

 **INTAKES:**  
September, February and May

 **FEES:**  
£8,000 per year  
£9,250 per year from September 2021

## ENTRY REQUIREMENTS

### LEVEL 5 WITH A GOOD LEVEL OF BUSINESS TOPICS IS REQUIRED:

- a pass in an HND
- a Foundation Degree
- a recognised UK degree or overseas equivalent

Evidence of English proficiency (Upper B2). If you have studied an English HND for two years, your completion of the HND meets this requirement.

You will also need to attend an academic interview at which you will need to show a good conceptual understanding of business and study expectations at Level 6.

# BA (HONS) BUSINESS MANAGEMENT

TOP UP DEGREE

The **BA (Hons) Business Management (Top-up)** has been designed specifically to give you the knowledge and practical understanding employers look for in today's ever changing business climate. You will explore key topics including leadership, innovation, marketing and change – vital concepts in the rapidly transforming world of business in any industry.

Whether your ambition is to take on a senior leadership role in a large organisation, or to drive forward the success of your own business, this course will build on your previous studies in business and take your insights and understanding to the next level. Through practical application and business-focused assessments, you will develop skills and knowledge you can apply immediately in the real world.

The **BA (Hons) Business Management (Top-up)** is a progression route from a Higher National Diploma (HND) in Business or a business related course, to gain a full degree awarded by Buckinghamshire New University, our validation partner.

## WHO IS THE COURSE FOR?

This course is particularly aimed at those who already have a broad business-related HND, Foundation Degree or equivalent, who want to go on to build on their previous experience and skills, as well as develop critical, analytical, creative and reflective approaches to business. **Offering flexible timetables, you can fit your studies around your life, with study options including evenings and weekends.**

## STUDY MODULES:

### 1. Strategic marketing

(MG624) – 30 credits

### 2. Managing innovation in business

(BM627) – 30 credits

### 3. Leading and managing change

(MG625) – 30 credits

### 4. Corporate strategy and governance

(BM628) – 30 credits

## PROGRESSION OPPORTUNITIES

You'll be well placed to enter employment in management-related positions in both public and private sectors. Graduates have secured employment in local authorities, retail management, financial services, media services and other sectors. Other graduates have gone on to start their own businesses or progressed to further study at post-graduate level.

## COURSE SPECIFICATION

### COURSE DURATION:

1 year

### LEVEL:

RQF Level 6

### AWARDING BODY:

Buckinghamshire New University

### ASSESSMENT:

Assessments are by coursework and examination with the majority of modules being assessed by coursework only

### MODE OF DELIVERY:

Full-time

### TIMETABLE OPTIONS:

- Two days per week
- Two evenings with a Saturday

# MSc ACCOUNTANCY AND FINANCIAL MANAGEMENT

MASTER'S DEGREE

Teaching Intensive, Research Informed

London Academic Centre

The **MSc Accountancy and Financial Management** course offers the opportunity to explore the principles and practice of financial management and accounting, the different contexts in which firms operate, and how they are managed. It will equip you with applied skills involved in financial reporting and financial management, as well as wider management issues such as corporate and social responsibility, business ethics, risk and business strategy, financial performance, and taxation/auditing. Being intellectually stimulating and challenging, the course opens up career development opportunities as well as the opportunity to enhance your critical and investigative skills, and could benefit your professional practice.

The **MSc in Accountancy and Financial Management** is great qualification to acquire as it will take your employability to global fronts. Successful completion of this MSc will provide you with necessary business skills and knowledge needed for roles in financial analysis, investment banking, management, public administration and accountancy, and will be useful if you want to pursue a career in industry, commerce or with professional services organisations.

MODULES
Advanced Financial Management (option) ACC7504
Advanced Performance Management (option) ACC7505
Advanced Taxation (option) ACC7506
Advanced Audit and Assurance (option) ACC7507
Dissertation ACC7510
Research Methods for Accountants ACC7508
Strategic Business Leader ACC7530
Strategic Business Reporting ACC7520

## PROGRESSION OPPORTUNITIES

The Master's Degree in Accountancy and Financial Management will give graduates the opportunity to explore a global career in a variety of roles in financial analysis and management, banking, public administration and accountancy. These may be within the private, public or voluntary sector, or a multinational company or SME. Graduates may also explore a range of other careers within:

- Corporate finance
- Auditing
- Retail Management
- Financial consultancy
- Tax and pensions
- Stocks and shares
- Loss adjusting
- Advertising, marketing and PR
- Insurance
- Credit and investment analysis
- Claims inspection

# BSc (HONS) HEALTH AND SOCIAL CARE WITH FOUNDATION YEAR

FOUNDATION YEAR ROUTE

London Academic Centre

**Health and Social Care** relates to services that are available from health and social care practitioners that provide health care support to a range of individuals with issues faced by vulnerable individuals and groups such as children, older people and those with mental illness and disabilities.

Delivered in partnership with the University of Bolton, the **BSc (Hons) Health and Social Care** is delivered in excellent teaching facilities which provide a stimulating learning environment that will be both engaging and memorable.

This course offers you the opportunity to develop the values, practice skills and knowledge necessary for a successful career in the global health and social care environment.

Our highly experienced and dedicated team will lead you in an exploration of the principles of care, professional values, attitudes and behaviour, ethical practice of care, promoting physical and mental health and emotional wellbeing and safeguarding and promoting diversity and inclusion.

Our focus is on helping you become a knowledgeable, compassionate, and person-centred care professional.

Make a difference to the daily lives of vulnerable people by studying the **BSc (Hons) Health and Social Care**.

## PROGRESSION OPPORTUNITIES

A degree in Health and Social Care looks at health in its broad context and investigates contemporary health issues. There's a growing demand for health and social care workers who are not restricted by boundaries and can work flexibly to accommodate the increasingly complex health and social care needs of individuals, families and communities.

This degree will also enable you to develop a range of key transferable employability skills, including written and verbal communication skills, IT skills, the ability to work independently and in a team, research and data analysis skills, and the ability to provide support and guidance.

## COURSE SPECIFICATION

 **UCAS CODE:**  
L561

 **COURSE DURATION:**

# BSc (HONS) HEALTH AND SOCIAL CARE

BACHELOR'S DEGREE

BISHOP  
GROSSETESTE  
UNIVERSITY

The **BSc (Hons) Health and Social Care** course provides students with a learner centred, practice-focused programme of study. The degree aims to meet their personal, professional and employability needs with a Placement Experience at the core. Formal placements are an essential part of this programme and seek to not only align theory to practice but to bridge the divide. The Programme will support students post-graduate prospects who wishes to continue study at Master's level and beyond. This therefore aligns with students' needs for a career in Health and Social Care and beyond into the growing area of Graduate entry provision, such as Occupational Therapy, Physiotherapy and Nursing.

This Programme will attract a diverse range of students; some will be currently practicing in the field of Health and Social Care and others will be considering a career within the sector. The Programme serves to support student needs to help advanced practice professionally, whilst understanding students wider personal and professional commitments. All modules are compulsory across the three years and run over two semesters, with two 30-credit modules per semester, apart from the final year where there are two 15-credit modules). These focus on confidence building for the Dissertation element which runs across two Semesters.

The first year introduces **Health and Social Care** concepts and encourages reflection on and in practice. Further modules offer the opportunity to explore, develop and apply specific learning around contemporary areas of practice, which all build towards the Dissertation and are seen as an opportunity for students to add value to the quality of provision within the field of Health and Social Care practice.

The three year course allows you to study a range of modules including, Foundations in Health and Social Care, Health, well-being and Society: A global perspective locally and using research in practice.

## YEAR 1

MODULES
Foundations in Health and Social Care
Society and Self Across the Lifespan
*Contemporary Perspectives and Practice in Health and Social Care (*Placement = 30 hours)
Introduction to Evidence-informed Practice and Decision Making

## YEAR 2

MODULES
Values Based Practice in Health and Social Care:
The Law, Ethics and the Individual
Health, well-being and Society: A global perspective locally
Research Skills for Practice
Collaborative Practice in Health and Social Care (*Placement = 60 hours)

## YEAR 3

MODULES
Individuality and Diversity
Advanced Research Skills
Dissertation
Leading Health and Social Care (*Placement = 90 hours)
Using research in practice

## COURSE SPECIFICATION

 **COURSE DURATION:**  
3 years

 **LEVEL:**  
RQF Level 4-6

 **AWARDING BODY:**  
Bishops Grosseteste University

 **TIMETABLE OPTIONS:**  
Week days, evenings and weekends

 **FEES:**  
£8,000 per year  
£9,250 per year from September 2021

## ENTRY REQUIREMENTS

Applicants will require **96-112 UCAS tariff points** (from a maximum of four Advanced Level Qualifications). We welcome a range of qualifications that meet this requirement such as A/AS Levels, BTEC, Access Courses, International Baccalaureate (IB), Cambridge Pre-U, Extended Project etc.

If you didn't study GCSEs / A-Levels and have non-traditional entry qualifications or relevant work experience we will be happy to consider your application. You'll be required to attend an interview as part of the admissions process.

# BSc (HONS) HEALTH AND SOCIAL SCIENCE

BACHELOR'S DEGREE

The **BSc (Hons) Health and Social Science Degree** offers an excellent opportunity to tailor your learning experience to meet personal, academic and career goals. Graduates will be equipped with valuable practical experience, special work-related skills training, and an increased potential for employment.

The interdisciplinary programme draws on diverse academic disciplines such as public policy, psychology, criminology, communication studies, public health, economics, exercise science, human performance, linguistics, political science, psychology and sociology. You will gain a critical comprehension of health and social care policy, theory and practice together with an understanding of how complex groups and societies function interact and change.

The programme takes a flexible, work-based, approach to teaching and learning, which encourages reflective practice. You will be assessed through examinations, essays, short answer papers, reports and reviews, presentations, case studies, group assessment projects, debates and health profiles.

You can choose from a range of optional modules in the final year to tailor the course to suit your personal interests, improve strengths and fine-tune your career path.

## YEAR 1

MODULES
Making Sense of Society: Understanding the Social World (LC473)
Policy in Context (LC472)

# BEng (HONS) SOFTWARE ENGINEERING WITH FOUNDATION YEAR

FOUNDATION YEAR ROUTE

Teaching Intensive, Research Informed

London Academic Centre

Retail, manufacturing, defence, healthcare, education – most sectors of government and industry rely on software systems, and the professional, competent and creative software engineers who develop and maintain them.

The **BEng (Hons) Software Engineering with Foundation Year** degree offers you the skills and knowledge needed to succeed in this field.

Concerned with the building and maintenance of software systems and other computer-based solutions, software engineering is a truly global industry. By examining all elements of the process – from initial understanding of the problem, through analysis, design, and development, to testing, documentation and maintenance, this degree offers you a focused, but fully rounded education.

We will support you to explore the underlying principles of software engineering, while helping you gain knowledge and practical experience of the latest technologies.

You will be encouraged to appreciate both the technical and human aspects involved in areas such as software systems and design, systems analysis, programming, database specification and design, and system security.

In addition to technical knowledge, you will have opportunities to gain experience in communication and presentation, problem solving and time management.

Our focus is on helping you develop industry-relevant skills that prepare you for a career in software engineering.

## PROGRESSION OPPORTUNITIES

Software engineers may work at any stage of the software development life cycle. Duties can include producing project requirements, writing algorithms, coding, testing, deployment, or maintenance.

A software engineering graduate will have developed a wide range of technical and transferable skills such as advanced IT skills, analytical skills, communication, creativity and innovation, independence, logic, numeracy, project management and organisation.

The demand for skilled and qualified software engineers is increasing. This is fostered by a transforming economic landscape, driven by the need for computing technology solutions.

# BSc (HONS) COMPUTING WITH FOUNDATION YEAR

FOUNDATION YEAR ROUTE

Teaching Intensive, Research Informed

London Academic Centre

Our **BSc (Hons) Computing with Foundation Year** is a flexible and far-reaching undergraduate course designed to support you with focused attention, industry insights and excellent IT resources.

Forge your own path into specialisms and potential career options, and move onto the full degree programme with dedicated help from expert teaching staff.

This engaging and flexible course draws on key elements from other study pathways to give you a wide-ranging, industry-informed programme.

As you progress, you will have the opportunity to 'zoom in' on aspects of the subject that you have personal interests and strengths in, or that support your career or study goals.

Our Foundation Year offers an excellent grounding in the fundamentals of computing, programming and mathematics. It's designed to prepare you for degree level study.

Meanwhile, guest speakers and lecturers give you access to highly relevant and up-to-date input from industry settings.

With intentionally small class sizes, we can offer you more meaningful and personalised interaction with our dedicated and enthusiastic lecturers – many of whom come with extensive industry insights and experience.

## PROGRESSION OPPORTUNITIES

This course will prepare you to move onto the full degree programme and with computing technologies playing a greater role in all aspects of modern life, graduates find their skills in high demand across a wide range of industries.

A computing degree combines theoretical study and practical projects where you can learn subject specific skills such as programming, systems, databases, computer platforms, website production and networking.

The 'soft' skills that a computing degree can equip you with include communication, leadership and organisational skills, all of which are highly sought after by employers.

## COURSE SPECIFICATION

 **UCAS CODE:**  
G511

 **COURSE DURATION:**  
4 years

 **LEVEL:**  
RQF Level 3-6

 **AWARDING BODY:**  
University of Bolton

 **ASSESSMENT:**  
Exams, essays, reports and presentations

 **MODE OF DELIVERY:**  
Full-time

 **TIMETABLE OPTIONS:**  
Week days, evenings and weekends

 **INTAKES:**  
January, June and September

 **FEES:**  
£8,000 for the Foundation Year and £8,100 per year thereafter.  
£9,250 per year from September 2021

## ENTRY REQUIREMENTS

**UCAS POINTS:** 48

**LEVEL 3:** Any subjects are acceptable

### GCSEs

Five at grade C or above / grade 4 to 9

### IELTS

5.0 with no less than 4.5 in any band (non-native speakers)

If you didn't study GCSEs / A-Levels and have non-traditional entry qualifications or relevant work experience we will be happy to consider your application. You'll be required to attend an interview as part of the admissions process.

# BEng (HONS) SOFTWARE ENGINEERING

BACHELOR'S DEGREE

London Academic Centre

Retail, manufacturing, defence, healthcare, education – most sectors of government and industry rely on software systems, and professional, competent and the creative software engineers who develop and maintain them. Our **BEng (Hons) Software Engineering degree** offers you the skills and knowledge needed to succeed in this field.

Concerned with the building and maintenance of software systems and other computer-based solutions, software engineering is a truly global industry. By examining all elements of the process – from initial understanding of the problem, through analysis, design, and development, to testing, documentation and maintenance, this degree offers you a focused, but fully rounded education.

We will support you to explore the underlying principles of software engineering, while helping you gain knowledge and practical experience of the latest technologies.

You will be encouraged to appreciate both the technical and human aspects involved in areas such as software systems and design, systems analysis, programming, database specification and design, and system security.

In addition to technical knowledge, you will have opportunities to gain experience in communication and presentation, problem solving and time management.

Our focus is on helping you develop industry-relevant skills that prepare you for a career in software engineering.

## PROGRESSION OPPORTUNITIES

Software engineers may work at any stage of the software development life cycle. Duties can include producing project requirements, writing algorithms, coding, testing, deployment, or maintenance.

A software engineering graduate will have developed a wide range of technical and transferable skills such as advanced IT skills, analytical skills, communication, creativity and innovation, independence, logic, numeracy, project management and organisation.

The demand for skilled and qualified software engineers is increasing. This is fostered by a transforming economic landscape, driven by the need for computing technology solutions.

## COURSE SPECIFICATION

 **UCAS CODE:**  
G530

 **COURSE DURATION:**  
3 years

 **LEVEL:**  
RQF Level 4-6

 **AWARDING BODY:**  
University of Bolton

 **ASSESSMENT:**  
Exams, essays, reports and presentations

 **MODE OF DELIVERY:**  
Full-time

 **TIMETABLE OPTIONS:**

 **INTAKES:**  
January and September

 **FEES:**  
£8,100 per year  
£9,250 per year from September 2021

## ENTRY REQUIREMENTS

**UCAS POINTS:** 104

**LEVEL 3:** Any subjects are acceptable

### GCSEs

Five at grade C or above / grade 4 to 9

### IELTS

5.0 with no less than 4.5 in any band (non-native speakers)

If you didn't study GCSEs / A-Levels and have non-traditional entry qualifications or relevant work experience we will be happy to consider your application. You'll be required to attend an interview as part of the admissions process.

If you don't meet the entry requirements for this course, please consider the BSc (Hons) in Software Engineering with Foundation Year (UCAS code: G531).

# BSc (HONS) COMPUTING

BACHELOR'S DEGREE

Teaching Intensive, Research Informed

London Academic Centre

**Our BSc (Hons) Computing** is a flexible and far-reaching undergraduate course designed to support you with focused attention, industry insights and excellent IT resources.

Forge your own path into specialisms and potential career options with dedicated help from expert teaching staff.

This engaging and flexible course draws on key elements from other study pathways to give you a wide-ranging, industry-informed programme.

As you progress, you'll have the opportunity to 'zoom in' on aspects of the subject that you have personal interest and strengths in, or that support your career or study goals.

With intentionally small class sizes, we can offer you more meaningful and personalised interaction with our dedicated and enthusiastic lecturers – many of whom come with extensive industry insights and experience.

Meanwhile, guest speakers and lecturers give you access to highly relevant and up-to-date input from industry settings.

## PROGRESSION OPPORTUNITIES

If you don't meet the entry requirements for this course, please consider the BSc (Hons) Computing with Foundation Year (**UCAS code: G511**).

# How to Apply

## Step 1: Initial Consultation (IAG)

From choosing your desired course, writing your personal statement and submitting the application, you can count on our friendly Recruitment Team for help and guidance at every step of the way. Get in touch to make an initial appointment to discuss your situation.

## Step 2: Submit your application

- For a few courses, you will need to complete a PDF/MS Online application form;
- For most courses, you will need to submit an online application via UCAS (or other portals).

Our recruitment team will help you navigate this process and complete your application UCAS applications cost £20 for one course choice or £25 for multiple course choices.

## Step 3: English Language Requirements

- If you don't have a qualification which demonstrates the required level of English proficiency you will need to take our English language screening assessment. This supervised assessment will test your reading, writing, listening and speaking skills. The initial English assessment takes around 90 minutes to complete;
- For other courses you may need to attend pre-sessional classes and sit a final English test;
- If you hold an accepted English qualification you will be exempt from this step.

## Step 4: Academic interview

Once you have applied for your chosen course, our admissions team will review your application to ensure that it is complete and that you meet our eligibility and entry requirements for the course.

If you do, you will receive an email to book your online interview with a member of our admission tutors.

**At Regent College London we try to make the application process as easy as possible. From initial contact to enrolment, our aim is to make each stage of the process clear to applicants and to provide you with all the help, support and advice needed to successfully apply and enrol on our courses.**

## Step 5: Applying for Student Finance

It is important that you submit a Student Finance Application straight away before your course start date. Our Student Finance team can help you apply for funding via email or over the telephone.

Whilst we list applying for your student finance as step five of our process, you can apply at any stage using your preferred course/provider choice details. In fact, the earlier you do this the better in many ways as it can take up to six weeks for Student Finance England (SfE) to process your application.

## Step 6: Acceptance of offer

If you are successful in applying to the College, you will receive an offer letter which you must accept before the start date to secure your place. The acceptance can be done via UCAS Track or email, depending on the course you have applied for.

*“Regent College London has this amazing partnership with the Bucks New University, providing you opportunities for your future. It is a very nice environment with lovely students and lovely staff, always happy and ready to help you improve your academic journey. They will give you support and assistance whenever you are in need. I would definitely recommend this institute, if someone is looking for a bachelor degree education. You will feel accepted and supported in this college.”*

**Gianina-Madlena Patrascanu**

BA (Hons) Marketing with Foundation Year

*“My overall experience has been fantastic! I’ve made a great group of friends. My class size is small and we have a laugh with the tutors. The lessons are completely related to the job you want to do, and the course has made me rethink on what career I want because it leads you to many high paying jobs! I’ve learnt laws, legislation and skills that will benefit me in my career and its only my first year here! During the coronavirus, teaching has continued and tutors have been in regular contact to make sure I’m OK and to check if I need help. They’ve even worked out of hours to provide one to one support to get me through assignments! They’ve really gone above and beyond!”*

**Radostina Todorova Dimitrova**

BA (Hons) Business Management

*“I would recommend the college because of the professionalism shown by the tutors and the attention they give to us students, so we that can progress. They are also very friendly and when we don’t understand something they spend time to explain the concepts to us properly.”*

**Galin Gavrailov**

BSc (Hons) Business Management  
with Foundation Year

## PEARSON REGISTRATION FEE

The Pearson registration fee is a requirement of HND study at Regent College London, to ensure that each HND student is properly registered with Pearson. This allows us to provide tuition and course materials as directed by Pearson. You will be charged the registration fee if no funding is in place at the start of term. If you are applying for a loan via the Student Loans Company, you can claim this fee back once your funding is secured. The fee is payable via debit/credit card.

## TUITION LOAN AND MAINTENANCE SUPPORT

All UK and EU students entering UK education are entitled to pay fees at the home rate for the academic year 2020/21. Eligibility for fee assistance or maintenance support is also open to UK/EU students. This does not need repaying until the study period has finished and you are earning more than £25,000 per year.

## FUNDING

UK/EU students may be able to borrow money to help pay for university or college tuition fees and to help with living costs.

## The Regent College London Campus: Our Locations

### CENTRAL LONDON

Our newest location is in the heart of London, at Great Titchfield Street. The facility has excellent transport links and is close to restaurants and bars. It boasts well equipped classrooms, a student lounge, computer suites, free Wi-Fi and private study areas.

**TUBE/TRAIN** **Great Portland Street Station**  
Metropolitan line,  
Hammersmith and City Line

**BUSES** 88, 453, C2, N18,  
18, 27, 30, 205

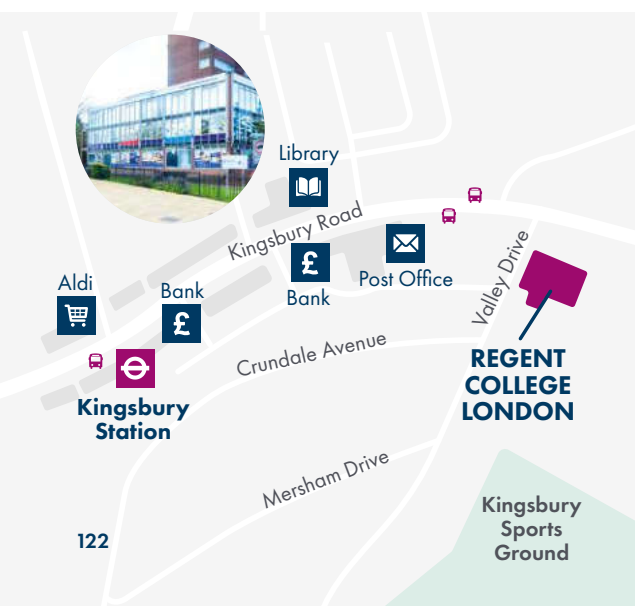

### HARROW

Our Harrow location boasts modern classrooms, IT labs and state-of-the-art facilities designed for strong educational progression. Just a few minutes' walk from Rayners Lane tube station and with a host of local shops on its doorstep, the location is ideal for students who enjoy having everything close at hand.

**TUBE/TRAIN** **Rayners Lane Station**  
Metropolitan line, Piccadilly line

**BUSES** H9, H10, H11, H12, 398

### KINGSBURY

Our Kingsbury location is home to modern facilities within an incredibly vibrant area. With a dedicated higher education student suite, lounge area and IT lab, the location provides a learning environment that is both academically and socially engaging.

**TUBE/TRAIN** **Kingsbury Station**  
Jubilee line

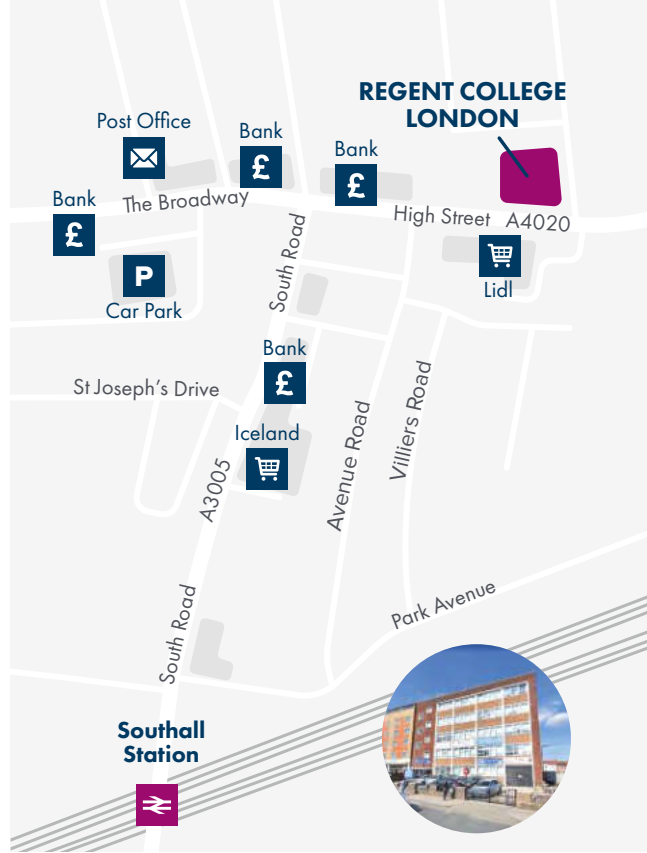

**BUSES** 83, 204, 324, 653, 683

## SOUTHALL

Our Southall location is in one of west London’s most diverse areas, based in a thriving community full of street food stalls, music venues and local businesses. The Southall location is in the heart of the district, with easy access to transport links and local amenities. With cutting edge IT facilities and comprehensive study resources, it makes for an unforgettable study experience.

**TUBE/TRAIN** Southall Station  
National Rail

**BUSES** 95, 105, 120, 195, 207, 427, 607, E5, H32

## WEMBLEY

Our Wembley location is just a few minutes’ walk away from Wembley Stadium, the Arena, and the London Designer Outlet. Located in a very sociable and diverse community, the college has strong connections with local businesses and organisations, including the library, the civic centre and gym facilities, giving students the opportunity to expand their social and academic connections.

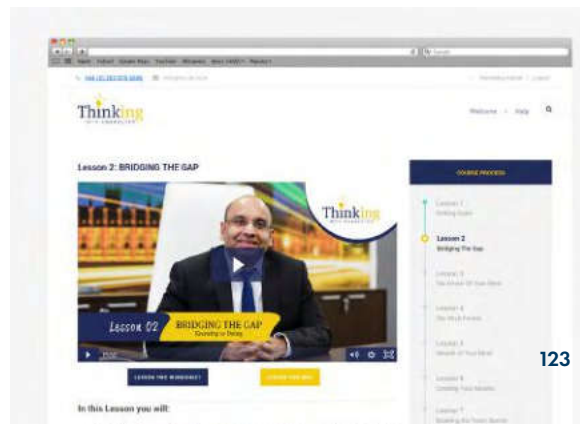

**TUBE/TRAIN** Wembley Central Station  
Bakerloo line, Overground

**BUSES** 83, 223, 224, 92, 182, 79, 204, 18
