PLUS+

PALLET CARE
COMPLETE

Carriage safety device

Operator protection under the film carriage, clear panel for quick checks, and real-time belt alarms to prevent drops—safety you can see and trust.

LCD Touch Screen System

Easy-to-use touchscreen, our machine lets you customize the wrapping to perfectly secure your load. For added control, management can lock the settings to prevent any unauthorized changes.

Reliable components

SIEMENS - PLC
SICK - proximity sensors
AUTONICS - photo electric sensor
WEIDMULLER - terminal block
OMRON - 24V DC supply
