Safeguarding Statement

We are committed to safeguarding and promoting the welfare of children, young people and vulnerable adults. This means that we have a Safeguarding Policy and procedures in place.

Sometimes we may need to share information and work in partnership with other agencies when there are concerns about a child's welfare. We will ensure that our concerns about our pupils are discussed with his/her parents/carers first unless we have reason to believe that such a move would be contrary to the child's welfare.

Positive Behaviour Support

We are members of the Restraint Reduction Network.

We have a Restraint Reduction Plan and we are committed to reducing restraint: only using it as a last resort to avoid harm to self, harm to others or severe damage to property (with a consequence of harm).

Compliments and Complaints

We aim to provide all our service users with high quality, proactive support. Your feedback helps us to do this and we will ask you regularly for any comments or compliments you would like to pass on.

We also acknowledge that there are times when things go wrong. Please contact us if you would like to make a complaint, if you are worried about bullying or if you want to raise a concern about the use of restraint. Our aim is to provide an appropriate response and a fair resolution for all complaints.
