Established & Highly Capable
Governance Experts

In a constantly evolving landscape, we are an innovative, professional service providing high quality governance training, development, advice and support tailored to meet your individual needs. Often our clients do not have the in-house expertise or resources to manage governance related matters inhouse and so we can step in to provide support on a short or longer term basis.

We have a tried and tested approach to our work and consultancy projects which means that you know what we do will work and that there is a consistent methodology behind our approach. However, we will always start each project with a thorough scoping exercise with you to ensure that we develop and deliver package to meet your needs.

Our team are our greatest asset, each member bringing their unique contribution to the knowledge and expertise for the benefit of our clients. You can read more about individual team members on our website.

Our prices are competitive, with a transparent breakdown of costs provided in our proposals.

Our services include:

- › Governance reviews
- › School clerking and governance advisory service (including admissions, exclusions, grievance panels)
- › Project management for MAT and Federation conversion
- › Company secretarial services
- › Independent investigations
- › Risk management support
- › Policy reviews
- › Data protection (GDPR) services and support

“ We contacted Governance Resolutions following an Ofsted visit which identified a number of governance relation matters. After our follow up visit, we were elated that governance was identified as a particular ‘area of strength’. This is all thanks to Governance Resolutions.

“ We contacted Governance Resolutions to review our governance arrangements which had been in place for a number of years. After a comprehensive review, we now have a revised governance structure which is better suited to the needs of our organisation and works very well.
