

Prepare to Pass @Braes

Dear Parent/Carer,

It has been good to see our young people making progress in their senior phase courses as we begin this new session. Although our school values achievement of young people in every sense, there is no doubt of the importance of ensuring pupils are well supported when studying for National Qualifications in S4-6. For some time, Braes pupils have attained and achieved at a very high level in these qualifications. Our message to our current senior phase learners in assemblies so far this session, has been that there is no reason that they cannot emulate those achievements from previous years and that we have high confidence in their ability to fulfil their potential.

In line with that message, we have enclosed an outline of supports currently available for our young people to further enhance their study. We would encourage pupils to take advantage of these many additional sessions and to build these into their weekly schedule. In addition, we have arranged motivational sessions for pupils in S4, S5 and S6, taking place this month and next, to help them give themselves the best possible chance of success. There will also be events for parents/carers, in order that you feel supported in guiding your young person's study.

We understand the pressures that can build on young people as they progress through their National Qualifications. Therefore, we are keen that pupils understand early, the rigour, aspiration and perseverance they will need for success. A key message we would emphasise to both pupils and parents/carers at this stage would be the need to persevere with courses right throughout the year. The expectation we have of young people is that they complete the course they have begun.

The attached information brings together the supports we have on offer and I would encourage parents/carers to speak with your young people about these.

Many thanks for your ongoing support of your young person and the school.

Yours faithfully,

Iain Livingstone

Helping your child prepare for exams

It is important that young people are supported at home and school to prepare them well for prelim exams and other internal assessments as well as external SQA exams. The type of support required may depend upon the way the course is assessed, for example, assignments; case study; practical activity; performance; portfolio; project; question paper/test.

Regular attendance throughout the year will help to ensure that young people keep up with course work and any home learning which has been set to consolidate classwork. If they do fall behind, through illness perhaps, do speak to the school about any support which can help them catch up.

Talking to your child to reassure and encourage them and taking an interest in what they are doing will help them get through what can be a stressful time and will help them to do their best.

What support is on offer in school?

➤ RAP Workshops (Rigour, Aspiration & Perseverance)

We are running RAP workshops for all S4/5/6 pupils on Monday 4th September. Staff and ex-pupils will lead this workshop to help prepare our young people for the year ahead.

➤ Supported Study

An extensive programme of supported study classes across a range of subjects has been running since August. Staff have been running classes at the end of the school day and this information has been shared with young people in class and at assemblies. If pupils are in need of extra support they should speak to their class teacher in the first instance.

➤ Study Cafes

We will continue to run our Study Cafes on a Monday evening, from 3-4pm in the school library. This provides a quiet

place for young people from all year groups to complete homework, study or get support from our Braes Brains, pupil mentors. As this is end on to the school day, refreshments and snacks are provided at the start.

➤ **Braes Brains – Peer Tutoring**

Our Braes Brains Peer Tutors offers one-to-one support with coursework and homework tasks as well as tips, tricks and advice to help with studying. All our Braes Brains have been recommended by subject teachers having achieved success in SQA qualifications and demonstrated a positive work ethic in their subjects. Pupils can request one to one support sessions from a *Braes Brains* by speaking to their class teacher, Pastoral Head or Ms Taylor in the Drama Department.

➤ **Mentoring**

As we approach more formal assessment times, we are planning to offer a mentoring programme to give pupils one-to-one support from subject specialist staff. Mentoring time would be planned and would provide targeted support for individuals.

➤ **Easter School**

We hope to offer our usual, intensive subject specific exam preparation in the lead up to the SQA exam diet and will provide more information nearer the time. At present, the proposed dates for Easter School are **Tuesday 2nd** and **Wednesday 3rd April, 2023**

There will be three sessions running each day:

Session 1 : 0855 – 1035 Session 2 : 1050 – 1230 Session 3 : 1315 – 1455

Pupils will be asked to sign up to sessions in advance so that staff can plan for the groups attending.

➤ **Stress Workshops**

Our Pastoral team work closely with pupils and are aware some find it very stressful in the lead up to exams. We will be running workshops to help pupils develop strategies to minimise their stress/anxiety levels in the lead up to the exam diet.

➤ **Online Supports**

<https://e-sgoil.co/study-support> Pupils can register for real time Study Support webinars beginning on 6th Sept 2021. These sessions are available to all students across Scotland and cover a wide range of subjects.

<https://scholar.hw.ac.uk> Scholar is invaluable support for Nat 5, Higher and Advanced Higher courses across the curriculum. Pupils have a password to access these courses.

<https://sway.office.com/WQQXR1zgOWpqB4rS?ref=Link> Nat 5 Chemistry support for pupils.

Prepare to PASS Support Sessions for Braes' Pupils

Targeted Higher Maths Sessions – all years

In response to pupil consultation, the Maths department are offering targeted supported study on various nights in the week to allow as many pupils to attend as possible.

*The department share this information on a weekly basis through **Teams** and **Twitter**.*

In addition to the targeted subject support on offer, we will also be running Study Cafes on Mondays, 3-4pm in the school library, with pupil mentors on hand to support.

Please see below the full range of weekly, targeted supported study sessions on across the week for young people to attend.

Monday				
SUBJECT	LEVEL	TEACHER	DELIVERY	TIME
Art & Design	N4/N5/H	Mrs Corsie/ Mr Bennett/Mrs Macleod	Room 307/306/303	Lunch
Tuesday
