What We Do

Hosted IP Telephones

Linc Telecom's Hosted IP Telephone Systems provide scalable, feature-rich business communications with transparent pricing—no large upfront costs, just seamless growth over high-speed internet.

Managed Print Solutions

Linc Group is Wales' top choice for office printers, photocopiers, and print management, delivering trusted, professional solutions on time, on budget, with outstanding quality and value.

CCTV Systems

Linc Group installs, maintains, and repairs CCTV systems across Wales and the South West, providing expert security solutions that deter crime, enhance safety, and reduce insurance costs.

Energy Specialists

Linc Energy helps businesses secure cost-efficient energy tariffs, using advanced software to monitor markets and advise on fixed-rate plans, protecting against rising prices and market fluctuations.

Medi-Cloud

Medi-Cloud by Linc Telecom enhances healthcare communication with advanced call handling, remote access, and integration, ensuring efficiency, reliability, and improved patient interactions.

Broadband Services

Linc Group provides fast, reliable, and affordable broadband across South Wales. Our full fibre network ensures ultrafast speeds, minimal latency, and seamless connectivity for modern business needs.

We are here to support your business, contact us today to discuss your requirements.

Hosted IP Telephone Systems

Our Hosted IP Telephone Systems transform communication with a flexible, scalable cloud solution, ensuring seamless connectivity across locations with fixed and mobile communication.

As technology evolves, your office must adapt. Relying on outdated systems won't keep up.

Business Mobiles

Thanks to our strong partnerships with leading mobile networks, we offer the most competitive prices. We also handle everything with the networks on your behalf, making your business mobile telecom management simple and stress-free.

Advanced Call Handling, Video, Chat, Sharing.

- Mobile applications
- Directory services
- Intelligent call routing
- Call conferencing
- Integrated video meetings
- Instant messaging
- Voicemail & voice to email
- SMS with bulk send
- Screen & document sharing
- Call queuing & parking
- Call recording
- CRM integration
- MS Teams integration

Linc Cloud

Linc Cloud is a cloud-based VoIP phone system that enhances business communications with features like call routing, conferencing, call recording, and CRM integration. It improves flexibility, scalability, and reliability while reducing costs. Your business benefits from remote accessibility, improved customer service, and seamless collaboration across multiple locations with advanced telephony features.

Managed Print Solutions

Linc Group is the top choice for office printers, photocopiers, multi-function devices, and print management services across Wales. Our reputation is built on trust, professionalism, and integrity, delivering the right solutions on time and within budget.

We focus on pricing, office efficiency, and providing the best value for money, while considering your unique needs.

Partnering only with the best manufacturers, we ensure your photocopier is top-quality. As an independent supplier, we select the best products for your business, making Linc Managed Print Solutions the trusted choice for office printing needs.

Efficiency and security at the touch of a button

We support security in digital transformation with features such as scan-to-email, to quickly and safely digitise paper workflows. By providing wireless connectivity, intuitive and customisable touchscreen interfaces, motion sensors, advanced data protection and more, we keep production moving while keeping your data secure.

Efficient, tailored print solutions delivered.

- A3 multi-function devices
- A4 desktop devices
- Device Integration to DMS
- High efficiency scanning
- Free no obligation print audits
- Printer security protecting your devices hard drive
- Light production devices
- Service / maintenance agreements
- GDPR compliant devices
- Best solutions for businesses

CCTV Systems

Linc Group offers expert CCTV installation, maintenance, and repair services across Wales and the South West, covering everything from single cameras to large multi-camera systems. With over 30 years of experience, they provide peace of mind and improved security, often reducing insurance premiums.

Intruder Alarms

Linc Group provides quality intruder alarm solutions, from small home systems to large monitored commercial security. We design, install, monitor, maintain, and repair alarms across Wales and The West.

As an independent company, we select the best products for your property, risk level, and location. Working closely with customers, we ensure a tailored security system.

Reliable security solutions for businesses.

- CCTV installation and maintenance
- Effective theft deterrent
- Premium reduction
- Over 30 years' experience
- High-quality intruder alarms
- Custom alarm solutions
- Independent alarm product selection
- Access control solutions
- Single or multi-door systems
- Expert property security assessments

Access Control

Sometimes a simple lock and key is not enough to keep your property safe from theft, vandalism or unwanted visitors. Fobs, cards, keypads, and entry phones are safer and give you far greater control over who accesses your buildings.

Linc Group provide high quality, cost-effective solutions to all your door access requirements - from simple one-door standalone systems, to multi-door computer-controlled systems. Our experienced security surveyors can assess your property and help you choose the perfect entry system for you.

Energy Specialists

Linc Group offers expert energy procurement services for both gas and electricity, helping businesses secure better rates with minimal effort. Their UK-based team manages the switching process, saving businesses time, hassle, and money. Additionally, they assist businesses with half-hourly meters to obtain reduced rates, ensuring optimal energy cost management.

Gas

Our expert service makes it easy for you to get a better deal for your business gas. All it takes is one short phone call to start saving money for your business.

Electricity

All businesses use electricity. Our UK-based customer service team takes care of your switching to save you time, hassle and money.

Green Energy

Changing your energy supply to a green tariff is a great way to make a positive difference and reduce the carbon footprint your business has on the environment. All 100% renewable products come with a zero emissions rating and are backed with a "Guarantee of Origin", which certifies the electricity has been generated through hydro assets (wind). All our green products are available to all businesses, big and small, that care about the environment.

Efficient energy savings, hassle-free management.

- Expert gas procurement
- Better gas rates
- Hassle-free electricity switching
- Time-saving electricity service
- UK-based customer support
- Half hourly metering
- Reduced electricity rates
- Significant electricity consumption
- Energy cost savings
- Efficient energy management

Medi-Cloud

Medi-Cloud by Linc Telecom is a comprehensive telephony solution tailored for healthcare environments.

Patient Care Navigator

Linc Group's Patient Care Navigator enhances patient access to healthcare services by providing 24/7 contact without needing to speak to a receptionist.

This system reduces telephone congestion, improves signposting to relevant care, and minimizes missed appointments (DNAs). Designed to integrate seamlessly with your clinical software, it benefits practices of all sizes by automating tasks like booking appointments, ordering repeat prescriptions, and managing cancellations. The solution also helps free up reception staff and improves overall patient experience, making healthcare more accessible and efficient.

Cloud-based telephone systems.

- Queue Buster reduces wait times
- Call back requests available
- Unlimited lines
- No busy tones
- Scalable system for growth
- IP Priority Routing
- Smart routing
- Custom reception call scripts
- MS Teams integration
- Designed for NHS practices
- Remote working support with cloud telephony

Integration with Clinical Software

Our telephone systems are built to work in perfect harmony with Vision and EMIS, offering features that help your practice run more smoothly. Enjoy automatic patient record retrieval, click-to-call functionality, and seamless appointment reminders, reducing missed appointments and improving overall patient satisfaction.

Internet Connectivity

At Linc Group, we offer reliable broadband services throughout South Wales, providing businesses with fast, reliable, and affordable internet connectivity.

We provide tailored business broadband packages that cater to modern needs, supporting everything from video conferencing to cloud applications.

Network Expansion

In partnership with Elevate, we are actively involved in rolling out full fibre broadband across Cardiff. This initiative is part of a multi-million-pound investment by the Welsh Government to replace outdated copper networks with high-speed fibre connections, aiming for 100% fibre optic availability across the city.

Full Fibre

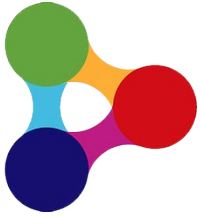

Our full fibre broadband ensures ultrafast speeds and minimal latency, enhancing your online experience.

With our deep local expertise, we understand the unique needs of our communities, offering prompt support and quality service. We're committed to improving connectivity, fostering economic growth, and bridging the digital divide.

Tailored broadband packages.

- Reliable broadband services
- Fast, affordable internet
- Full fibre broadband
- Ultrafast speed delivery
- Minimal latency experience
- Tailored business packages
- Supports cloud applications
- Deep local expertise
- Prompt customer support
- Expanding fibre connectivity
