Qualification Name	Level 3 Certificate in Assessing Vocational Achievement (RQF)
Qualification achieved	iCQ Level 3 Certificate in Assessing Vocational Achievement (RQF) 600/3106/2

Qualification Structure

This qualification is assessed by a portfolio of evidence, which will cover all assessment criteria contained within the units stipulated in the rules of combination for each qualification.

Before starting the course, you may be required to provide previous achievements or recognition of prior learning. This helps reduce the amount of time spent to prepare for the course.

This qualification requires an observation of the learner in practice and this observation cannot be carried out remotely. We can assist a learner in finding candidates to demonstrate their skills for the observation if they require it. You will need to assess two learners in a work environment.

Qualification Duration

Qualification duration for award in UIQA's is 84 hours, of which we recommend 60 guided learning hours.

This equates to approximately a 6-month timescale but is dependent on a learner being engaged in their studies, submitting evidence to match the learning criteria usually on a weekly basis to your personal assessor.

Costs

This course is £445

50% is payable at point of enrolment with the remaining 50% payable upon completion of the qualification.

Who can enrol for this course?

There are no other prerequisites for these qualifications. Although it is advised that learners already hold at Least a level 2 qualification.

Entry requirements

Must be 19+.

It is recommended that learners hold one of the following qualifications prior to enrolling:

- A1 Assess candidate performance using range of methods

- D32/D33 assess candidates performance/assess candidates using a different range of methods

This qualification also requires internal quality assurers to show current evidence of continuing professional development in assessment and quality assurance.

Who is this qualification suitable for?

This qualification is intended for those who assess both occupational competence in the work environment and vocational skills, knowledge and understanding in environments other than the workplace (for example a workshop, classroom or other training environment).

It includes the following assessment methods (although not all of these require performance evidence):

- observation of performance in the work environment
- use of others (witness testimony)
- examining products of work
- questioning the learner
- discussing with the learner
- looking at learner statements
- recognising prior learning.

The objective of the qualification is to support a role in the workplace

This is the most comprehensive assessing qualification and would allow you to assess Diplomas, apprenticeships and any other regulated training in your subject area. Completing this qualification will allow you to start a career as a qualified assessor working at a college or Further Education setting, a training provider or as a freelance assessor.

Typical Learners who enrol on this course are:
