Round 6: Using third colour, 4 ch (counts as 1 tr and 1 ch), miss 1 tr, 1 tr into next tr, 1 ch, miss 1 tr, ★(1 tr, 3ch, 1 tr) into next tr (corner made), (1 ch, miss 1 tr, 1 tr into next tr) 10 times, 1 ch, miss 1 tr, rep from ★ twice more, (1 tr, 3ch, 1 tr) into next tr, (l ch, miss 1 tr, 1 tr into next tr) 8 times, 1 ch, miss 1 tr, ss to 3rd of 4 ch at beg of round.
Fasten off.
Completed motif is a square. In each corner there is a 3-ch sp and along each side, between the corners, there are 12 tr and 11 1-ch sps.

Note: Later, we will need to identify each motif on an assembly diagram. To simplify this, it is recommended that each motif is labelled as it is made. The following motifs should be labelled: R5 1st, R5 2nd, R5 3rd, R5 4th, R5 5th, R5 6th, R5 7th and R5 8th, respectively.

One-colour motifs

Make the first 4 basic motifs, using the same colour yarn throughout as folls:
1st motif: J.
2nd motif: C.
3rd motif: E.
4th motif: H.

Multi-colour motifs

Note: To ensure a smooth colour-change, fasten off and rejoin colours between rounds OR use the new colour to complete the last step of the last st of the **previous** round.

Make the next 4 basic motifs, using first, second and third colours
as folls:
5th motif: E, K and D.
6th motif: J, I and A.
7th motif: K, C and B.
8th motif: H, F and G.

8 motifs in total.

Blocking
Pin out each motif to the size given and then either press
according to instructions given on ball band, or cover with a clean,
damp, white cloth and leave to dry naturally.

CROCHET HOOK
3.50mm (no 9) (US E4) crochet hook

CROCHET ABBREVIATIONS
ch = chain; **ss** = slip stitch; **yoh** = yarn over hook.

ARRANGING THE MOTIFS
This project uses a combination of 5 motifs in a variety of colours – details of the colours and labels for each motif you need to make are given with each motif.

Once all motifs have been completed and blocked, arrange them to form the shapes shown in diagram. On the diagram, the number after the letter "R" indicates which release it was from, and the ordinal indicates which motif. For example, Section 1 is made from the following motifs: the 5th motif from release 1 and the first motif from release 2.

JOINING THE MOTIFS
The motifs are joined by crocheting them together, using yarn C throughout.

Join the motifs using a flat ss seam as folls:

Place motifs next to each other with RS facing.

Using 3.50mm (US E4) crochet hook attach yarn C to end st of left motif. Keeping working yarn at back of work for both motifs, insert hook into this first st through back loop only **and** through back loop of corresponding st of the adjacent motif, yoh and pull yarn through both motifs and loop on hook.

Cont in this way along the edges to be joined, working through back loops **only** and keeping working yarn at back of work. Once all sts along both edges have been worked, fasten off.

Once all the sections in the diagram have been made, 6 single motifs will remain.

Note: Joining the motifs with RS facing (as above) means the ridge created by the joining row appears on the RS of the work. If you would prefer the ridge on the **WS**, place motifs with **WS** facing when joining them. Joining through the back loops only produces

a flatter seam. Whichever way you join the motifs, ensure you use the same method throughout to ensure the finished look of the project is consistent.

CROCHET ABBREVIATIONS
ch = chain; **dc** = double crochet; **tr5tog** = (yoh and insert hook as indicated, yoh and draw loop through, yoh and draw through 2 loops) 5 times, yoh and draw through all 6 loops on hook; **tr** = treble; **yoh** = yarn over hook.

BASIC BLOCK
Sections are now joined to form blocks, by working a panel of Blackberry Salad stitch between them (see diagram) as folls:
With RS facing, using 3.50mm (US E4) crochet hook, attach yarn C to top right edge of first section and work 53 dc (26 across each motif and 1 dc into ss seam).
Break yarn and fasten off.
With RS facing, join in yarn first colour.
Row 1 (RS): Using first colour, 3ch (counts as 1 tr), 1 tr into each dc to end, turn. 53 sts.
Row 2: Using second colour, l ch (does NOT count as st), 1 dc into each of first 2 sts, ★tr5tog into next st, 1 dc into each of next 3 sts, rep from ★ to last 3 sts, tr5tog into next st, 1 dc into next st, 1 dc into top of 3 ch at beg of last row, turn.
Row 3: Using first colour, 3ch (counts as 1 tr), miss st at base of 3 ch, 1 tr into each st to end, turn.
Row 4: Using second colour, l ch (does NOT count as st), 1 dc into each of first 4 sts, ★tr5tog into next st, 1 dc into each of next 3 sts, rep from ★ to last st, 1 dc into top 3 ch at beg of last row, turn.
Row 5: As row 3.

Rep rows 2 to 5 a 3 times more.
Break yarn and fasten off.
Using yarn C and a flat ss seam (as described in release 6), join section 3 to edge of last row worked.
Completed block is a rectangle. In the centre there is a panel of Blackberry Salad stitch with square sections of joined motifs at each side.
Note: Later, we will need to identify each block. To simplify this, it is recommended that each block is labelled as it is made.
Block A
Work as given for basic block to join sections 4 (first section) and 3, using yarn F for first and second colours.
Block B
Joining in and breaking off colours as required, work as given for basic block, to join sections 7 (first section) and 6, using yarn A for first colour and yarn L for second colour.
Block C
Work as given for basic block to join sections 10 (first section) and 9, using yarn B for first and second colours.
