PRECIOUS CONCENTRATES

Developed by the [comfort zone] research and development laboratories, innovative concentrated solutions inspired by dermatological fillers, ideal as a "restorative" shock treatment.

To choose based on the skin's needs for a moisturizing-brightening or filling effect.

TESTED AND VISIBLE RESULTS FROM THE FIRST APPLICATION AND AFTER 7 DAYS

SUBLIME SKIN

LIFT & FIRM

Firming concentrate

an anti-aging concentrate that leaves the skin fuller and smoother and makes wrinkles less visible.

FRAGRANCE-FREE

99.5% natural ingredients

7 x 2 ml e 7 x 0.07 fl.oz.

EXTERNAL USE ONLY

CLINICALLY TESTED RESULTS

IMMEDIATELY

100% of women report that their skin looks smoother, firmer and fuller.

AFTER ONE WEEK

90% of women report that their skin is firmer and that surface wrinkles and expression lines are less visible.*

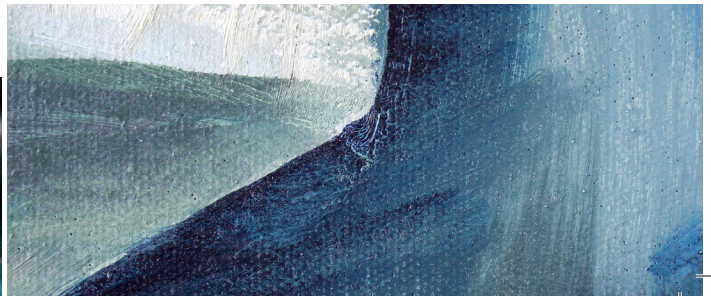

*Clinical tests by an independent laboratory_ panel of 20 people aged between 40 and 60.

ACTIVE INGREDIENTS

MACRO HYALURONIC ACID: a well-known ingredient used in skin care treatments, it moisturizes the skin and provides an immediate firming and lifting effect.

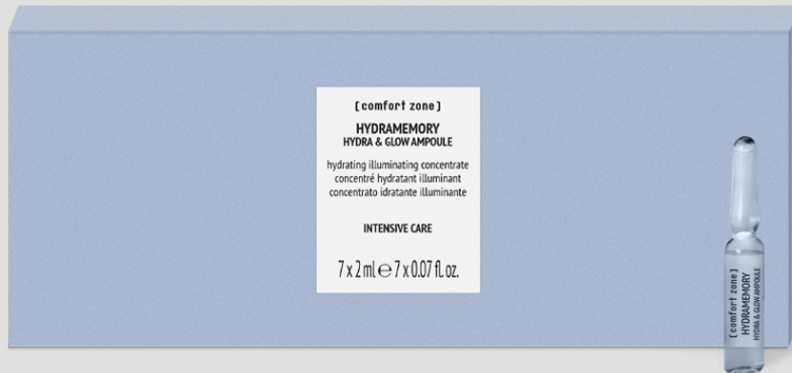

ACETYL HEXAPEPTIDE 1: a biomimetic peptide scientifically designed to mimic the action of botox by inhibiting muscle contraction mechanisms. This effect results in the relaxation of surface wrinkles, which are reduced in both volume and depth.

EPIDERMAL GROWTH FACTOR (EGF): this plant-based protein promotes skin regeneration and the synthesis of extracellular matrix components responsible for the fullness and tone of the face. It stimulates the natural production of hyaluronic acid, collagen and elastin, which significantly increase skin elasticity.

HYDRAMEMORY

HYDRA & GLOW

Moisturizing and brightening concentrate
a moisturizing concentrate that makes the skin plumper, softer and more radiant.

FRAGRANCE-FREE

94.5% natural ingredients

7 x 2 ml e 7 x 0.07 fl.oz.

EXTERNAL USE ONLY

CLINICALLY TESTED RESULTS

IMMEDIATELY

95% of women feel that their skin is more hydrated.*
90% of women report that their skin is softer and smoother.*

AFTER ONE WEEK

100% of women report that their skin is softer, more elastic and brighter.

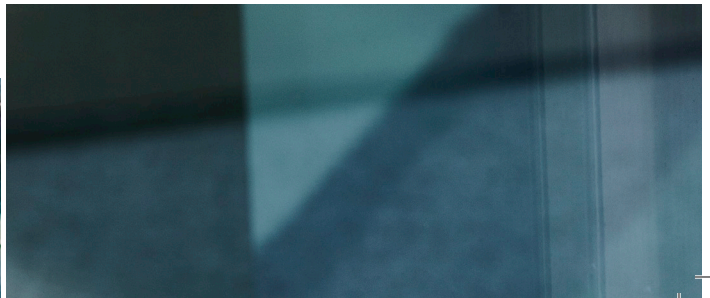

*Clinical tests by an independent laboratory_ panel of 20 people aged between 25 and 40.

ACTIVE INGREDIENTS

NIACINAMIDE: also known as vitamin PP, it has a moisturizing and brightening action that protects the skin barrier.

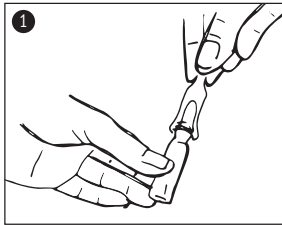

NAG N-ACETYL GLUCOSAMINE : a product of fermentation, it works in combination with niacinamide for a brightening and antioxidant effect.

PGA POLYGLUTAMIC ACID : a product of fermentation, it mimics the action of hyaluronic acid with a barrier effect to reduce skin dehydration (TEWL) and improve hydration.

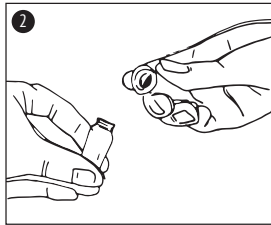

APPLICATION RITUAL

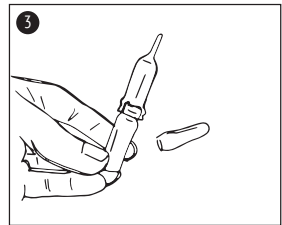

To maximize the results of the ampoules, we have designed a ritual to accompany the application of the two products. Visit www.comfortzoneskin.com to watch the video.

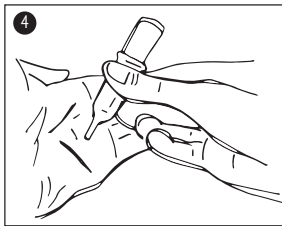

1 Place the drop counter on the head of the vial.

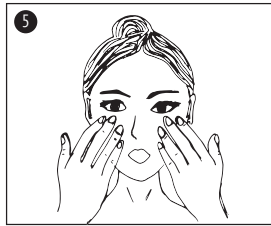

2 With a firm movement, open the vial by breaking it at the level of the pre-breaking ring.

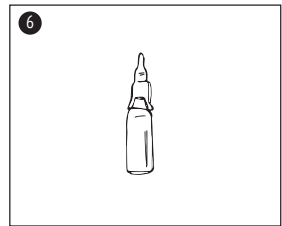

3 Remove the broken part and position the drop counter on the neck of the open vial.

4 Exert light pressure on the drop counter to release around half of its contents onto the palm of your hand.

5 Dab the product on your cleansed face, neck and chest until fully absorbed.

6 Place the vial back upright and place the cap on the drop counter, ready for the next application.

BEAUTY ROUTINE

Use the ampoules periodically, at times when the skin requires intensive care or after a professional facial treatment, to prolong the results over time.

OUR PROMISE

CONSCIOUS SKIN SCIENCE™

A science-based approach, mindful of the needs of the skin and planet. This leads the [comfort zone] laboratories to create solutions that are increasingly sustainable and, at the same time, ever more effective.

FULLY ACTIVE FORMULAS WITH CONCENTRATED NATURAL INGREDIENTS AND FUNCTIONAL ACTIVE INGREDIENTS AND WITHOUT RAW MATERIALS THAT HAVE A NEGATIVE IMPACT ON THE ENVIRONMENT, SUCH AS SILICONES, MINERAL OIL, ANIMAL DERIVATIVES, ARTIFICIAL COLORS AND SULFATES. TESTED BY DERMATOLOGISTS. IDEAL FOR VEGANS.

Certified The same attention is paid to packaging, which is designed to be easily recycled: sugarcane-based plastic tubes and labels, recycled plastic bottles, glass jars and recycled paper boxes. All our packaging is carbon-neutral thanks to the EthioTrees reforestation and social regeneration project.

Corporation

The 'Made in Italy' production takes place at Davines Village, in Parma, at the headquarters of the group, which is a certified B Corp™ that only uses energy from renewable sources.
