INSTRUCTIONS

ENCODE A REMOTE CONTROL KEY FOB

1. Remove the cover from the receiver unit (normally located on an inside wall or above a false ceiling)
2. Press and release the learning button (situated alongside the fuse holder)
3. Immediately press the top left hand button of the key fob until the door operates

Please Note - *If the learning button is pressed for more than a few seconds it will wipe out the existing memory and key fobs will have to be recoded.*

If you require further assistance please call 02920 667555
