

Techniques Trophy & Cup

We look forward to seeing many of you on Saturday 12th August for our 18th Techniques Trophy race for four cylinder Morgans. The Morgan Challenge will also be there for two more rounds of the series, so there will be plenty to see at the annual Bentley Drivers Club race meeting.

All are welcome to join us in the paddock and in the grandstand to cheer on the Morgan racers and afterwards at our presentation for the 'winners'. See you there!

Techniques, proud sponsors of SpeedMog, the MSCC Speed Championship.

Techniques at Le Mans Classic

The Techniques team was once again at this year's Le Mans Classic supporting three customers with their series 1 Morgan 4-4's in the pre war Grid. The three Morgans were all restored or recreated by Techniques and at least one of the cars has appeared at Le Mans at each of these incredible events since it first started way back in 2002.

There were some fine performances from the drivers and their cars and congratulations must go to Leigh Sebba for being part of the overall winning team in the 'Index of performance' driving his Morgan with Peter Cole.

Morgan Service and Repair Centre

Our qualified factory trained technicians, with many years experience working on both late and early Morgan models, can undertake all your Morgan servicing, maintenance, upgrade and repair requirements.
