

Product Description

The DEL 310 is a lint-free, nylon anti-static glove with integral carbon filaments. The glove is ideal for handling sensitive electronic components. The PU coating on the fingertips aids grip, while the compatibility with touch screen technology allows for easy use of electronic devices.

Product Specification

Coating:	Polyurethane
Liner:	Nylon, Carbon Filaments
Gauge:	13
Sizes Available:	XXS, XS, S, M, L, XL, XXL
Bag/Case Quantity:	10 Pairs per bag/300 per case
Colour:	Grey

Industries & Applications

- Printed circuit boards (PCB's)
- Delicate & precise operations
- Automotive Industry
- Electronics
- Manufacturing
- Clean rooms

Standards & Certifications
