PRODUCT: LIGHT GUARD

TYPE: NECO Infrared Red Screen For Roller Door

HIGHLIGHTS:

Brand: NECO

Provides Safety From up to 1600mm or 1800mm in height & 6000mm in width

Easy To Install

Available With Full Instructions

PRODUCT DESCRIPTION:

The Infrared Red Screen is a door safety product which can detect obstacles in the way of a descending door from 1600mm or 1830mm height and 6000mm in width.

If there is something in the way of a descending roller-door, the sensor will recognise it and the roller door will stop it's descent and return to it's default position.

TECHINICAL DATA:
