About DocHub

DocHub has quietly positioned itself as one of the most intuitive document management platforms available today. It's designed for anyone who regularly deals with PDFs, forms, contracts, or digital signatures—whether you're a freelancer, small business owner, or part of a growing team.

What makes DocHub stand out is its simplicity. Unlike bloated alternatives that require a manual just to send a signature request, DocHub keeps things refreshingly straightforward. You can edit PDFs directly in your browser, add electronic signatures, send documents for signing, and manage everything from one clean dashboard.

Users particularly love the seamless Google Workspace integration. If your team lives in Google Drive, DocHub slots right in without forcing you to change your workflow. You can edit documents directly from Drive, save changes automatically, and share files without the usual export-import dance.

The platform handles everything from basic PDF editing to advanced features like bulk sending (in beta), custom fields, and even rooms for collaborative document work. It's powerful enough for professional use but simple enough that you won't spend your first week just figuring it out.

Why This Black Friday Sale Is Worth It

Here's something worth noting: DocHub rarely discounts. In fact, this Black Friday sale is their **only promotion of the entire year**. That alone makes it worth considering if you've been on the fence.

Let's talk numbers. The Basic plan normally costs \$11/month on a monthly billing cycle. With this sale, you're looking at \$8.80/month—and that discount holds for a full 12 months if you choose monthly billing. That's a saving of \$26.40 over the year just on the Basic plan.

The Pro plan offers even better value. Regular price: \$16/month. Sale price: \$12.80/month. Over 12 months of monthly billing, that's \$38.40 back in your pocket. And if you opt for annual billing on Pro (normally \$144/year), you'll pay just \$115.20—saving nearly \$29 upfront.

From where I'm standing, the Pro plan represents the sweet spot during this sale. You get unlimited everything—documents, eSignatures, sign requests, envelopes, completed documents, premium tools, plus access to beta features like the AI Assistant, Bulk Send, and Rooms. For anyone processing more than a handful of documents monthly, the time savings alone justify the cost.

What really seals the deal is the timing. We're heading into year-end, when businesses finalise contracts, agreements, and plans for the coming year. Having unlimited document capabilities during this crucial period, at a discounted rate, just makes practical sense.

Plans & Pricing Breakdown

Let me walk you through what each plan offers and how the pricing works during this sale.

Free Plan

The Free plan remains at **\$0** and serves as a solid entry point for occasional document users.

You'll get 5 eSignatures per month, 3 sign requests monthly, 3 completed documents, and 3 email attachments per day. It's genuinely useful if your document needs are light and infrequent—perfect for personal use or very small-scale projects.

Basic Plan

Regular Pricing:

- Monthly: \$11/month
- Annually: \$8/month (billed as \$96/year)

Black Friday Pricing:

- Monthly: \$8.80/month (20% off for 12 billing cycles)
- Annually: \$6.40/month (billed as \$76.80/year)

The Basic plan suits small teams or solo professionals with moderate document workflows. You maintain the same 5 eSignatures and 3 sign requests from the Free plan, but you unlock unlimited completed documents, unlimited premium tools, and keep the 3 email attachments per day limit.

This tier works well if you primarily receive documents for signing rather than sending them out frequently, and you need more than the three completed documents the Free plan allows.

Pro Plan

Regular Pricing:

- Monthly: \$16/month
- Annually: \$12/month (billed as \$144/year)

Black Friday Pricing:

- Monthly: \$12.80/month (20% off for 12 billing cycles)
- Annually: \$9.60/month (billed as \$115.20/year)

The Pro plan removes all limits. Everything becomes unlimited: documents, eSignatures, sign requests, envelopes, completed documents, in-person signing, and premium tools.

You also gain access to beta features that genuinely enhance productivity:

- **Bulk Send:** Send documents to multiple recipients simultaneously
- **DocHub AI Assistant:** Get intelligent help with document workflows
- **Rooms:** Collaborate on documents in dedicated spaces
- **Attachment Fields:** Add dynamic fields to your documents

For growing businesses, agencies, or anyone who relies heavily on document workflows, Pro is the clear choice during this sale.

Extra Perks & Features

Beyond the core functionality, DocHub includes several features that make daily document work smoother:

Cross-Platform Access

Work from any device—desktop, tablet, or mobile. Your documents sync across all platforms automatically.

Cloud Integration

Direct integration with Google Drive, Dropbox, OneDrive, and Box. Edit documents where they live without downloading and re-uploading.

In-Person Signing

Need someone to sign in your presence? Hand them your device and collect signatures on the spot.

Bank-Level Security

Your documents are encrypted in transit and at rest. DocHub complies with major security standards, giving you peace of mind when handling sensitive contracts.

No Installation Required

Everything runs in your browser. No software to download, no updates to manage, no compatibility issues to troubleshoot.

Intuitive Editor

Add text, checkmarks, dates, signatures, and images with drag-and-drop simplicity. The interface feels natural from your first use.

Document Tracking

See when recipients open, view, and sign your documents. Know exactly where things stand without sending "just checking in" emails.

How to Buy DocHub During the Sale

FAQs

When exactly does the DocHub Black Friday sale start and end?

The sale runs from 12th November through 3rd December 2025. You've got a solid three-week window to take advantage of the 20% discount.

Does the discount apply to plan renewals?

For monthly plans, yes—the 20% discount continues for 12 billing cycles. Annual plans receive the discount on the first year, then renew at regular pricing.

Do I need a special coupon code?

No coupon required. The 20% discount applies automatically when you sign up during the sale period through the [official deal page](#).

Can I upgrade from Free to paid during the sale?

Absolutely. Existing Free plan users can upgrade to Basic or Pro and receive the full Black Friday discount.

What happens after my discounted period ends?

Your plan continues at the regular rate. You'll be notified before any pricing changes, and you can adjust or cancel your subscription anytime.

Conclusion

DocHub's Black Friday sale represents a rare opportunity to lock in professional document management at 20% off—and remember, this is their only discount of the year. Whether you're tired of juggling PDFs, spending too much time on signature requests, or simply want a more elegant solution than what you're currently using, the timing couldn't be better.

The Pro plan, in particular, offers exceptional value during this sale. Unlimited documents, signatures, and sign requests, plus access to AI-powered features that genuinely save time. At just \$9.60/month on annual billing, it's priced well below what you'd pay for comparable alternatives.

The sale ends on 3rd December, so you've got a comfortable window—but don't let that become an excuse to procrastinate. [Grab your discounted DocHub plan now](#) and start 2026 with your document workflows sorted.
