The Government of India launched the **E-Shram Card Scheme** under the Ministry of Labour and Employment to provide social and financial security to unorganized sector workers. With over 42 crore workers in India engaged in construction, agriculture, domestic help, small-scale industries, and other informal jobs, this scheme ensures they get access to direct benefits.

The E-Shram Card provides a unique 12-digit Universal Account Number (UAN) to every registered worker. Through this card, they can avail financial assistance, pension, insurance, and priority access to government welfare schemes.

What is E-Shram Card?

The **E-Shram Card** is a digital identity card designed exclusively for workers in the unorganized sector. Once registered, workers are issued a **12-digit UAN number**, which remains valid across India.

- It acts as a single identity proof for all government schemes.

- It ensures social security coverage for workers.
 - Workers get benefits like accident insurance, pension, and direct DBT transfers.
-
