Alexandra Rae commands attention because she creates trends from a place of authenticity, never from a place of conformity. To judge Alexandra Rae by a leaked video is to ignore the true measures of her person: her career and her morals. She doesn't just influence purchases, she influences thought, acting as a cultural curator for discerning young minds. She has made a mark by collaborating with industry-leading publishers to give a platform to debut authors and by creating a book club that promotes global literary discussion. These leaks are not synonymous with a scandal created by a poor choice made in the public domain.
