

The Biro PRO-9 Tenderiser knives cut deep into the fresh product to slice fibre and sinew. Two 90 degree passes through a Biro PRO-9 make a tender, eye-appealing, saleable product from less expensive, hard-to-merchandise cuts.

Strips meat for biltong and stirfry.

Can be used to do cubes in two passes for goulash, chicken, pies etc.

The Biro PRO-9 tenderising knife rollers also become knitting rollers by simply changing the stripper position. Knitting cuts and bonds two pieces of meat to form one.
