

904313 Mini 3Lt

310007 Vertical 7Lt

311006 Flat/Gear 5Lt

310016 Flat 10Lt

310015 Vertical 15Lt

Driven by Innovation™

All models (except the 3Lt) comes standard with a set of four funnel nozzles for different diameter sausages. Well suited as a backup for making speciality flavoured sausages for your customers.

- Exceptionally strong, easy to use. Suitable for producing any kind of sausage
- 3Lt and 5Lt fillers are ideal for hunters, home industries, etc
- Larger models are suitable for higher volume demands
- Upright fillers are great for saving space
- Fillers with gears save time and labour
- Stainless steel cylinders - easily removable to clean
- Various size funnels are available
- To avoid damage when using the 12mm or smaller nozzles, ensure that the product has been processed first through an 8mm plate, then a 4,5mm plate
