

MatterLevel Assembly

The MatterLevel is supplied in three parts for quick assembly

1. Loosen the knob on the Bubble-Level Tray
2. Insert the Riser
3. Attach the Riser to the Tri-Leveller and screw tight
4. Orientate the MatterLevel so that the two branded surfaces are facing away from you
5. Rotate the Bubble-Level Tray so it is facing you
6. Tighten the knob

Riser

Bubble-Level Tray

Complete Set-Up

Add the **Matterport** tripod mount.

We use the **Manfrotto MOVE** Quick Release System

Manfrotto 190 three-section tripod

Light-weight dolly

Tri-Leveller
