

**THE NEW ROADMAP TO PRACTICE FOR
PARAMEDIC FIRST CONTACT PRACTITIONERS
& ADVANCED PRACTITIONERS
IN PRIMARY CARE**

Thursday February 4th 2021 18.30-20.00

A webinar to help you understand:

- Why a national system is being introduced to support, standardise and develop FCP/AP in primary care
- What this will mean for existing and incoming primary care paramedics
- What opportunities and threats, hopes and concerns, choices and needs might be involved for you
- How colleagues, managers and employers can best support you in this process
- What help and resources are available in the Somerset system and the south-west region

Today's contributors:

Amanda Hensman-Crook National Clinical AHP Fellow, Consultant Physiotherapist

Julia Taylor Advanced Nurse, GP Trainer & Programme Director, HEE Clinical Adviser

Catherine Hayden Primary Care practitioner

Ross Bate Emergency Care Practitioner

- 18.40 Amanda and Julia - National perspective
- 19.00 Catherine and Ross - What it means to me
- 19.10 Questions and Answers
- 19.25 Simon - Somerset MSK experience & HEE SW role
- 19.35 Debbie & Julie– Somerset ACP Faculty
- 19.45 Questions & Answers
- 19.55 How the Training Hub is aiming to help and Close

Making this session successful:

- A mix of presentations, questions& answers
- Please keep your camera on but your microphone muted at all times except when invited to ask a question or comment
- Ask your questions by writing in the chat or raising your Zoom hand and then speaking when invited .
- Introduce yourself when speaking for the first time
- We will answer as many questions and take as many comments as time allows and any unanswered questions will be considered afterwards
- All presentations will be available later on SGPET website
- Issues raised will be followed up by our team to ensure everyone gets helpful information, advice and support
- Please answer the evaluation survey being sent out tomorrow
