

## Your Local Medical Committee

### REPRESENTATION

The LMC has a wealth of roles including:

- Shaping local policy and ensuring appropriate funding
- Publishing guidelines
- Preventing inappropriate work transfer
- Training and development
- Job adverts for levy-paying doctors
- Signposting to local support services

The LMC is the only committee with a statutory obligation to represent the interests of ALL local GPs.

Whether Partner, salaried, locum or portfolio, our role is to ensure that you are properly valued, and your skills appropriately utilised whilst you enjoy a standard of living commensurate with your profession, commitment and training.

LMCs influence local and national health policy. We liaise directly with NHSE, CCGS and secondary care to ensure the voice of general practice is heard loud and clear.

### GP Aspire

**Have you left General Practice in the last 2 years or are you thinking of leaving General Practice in the next 5 years?**

The GP Task Force, Derbyshire is looking for a cohort of GPs to help us define the challenges facing GPs at different stages of their career and look for meaningful solutions. We hope to improve GPs' working lives and therefore GP retention in Derbyshire.

If you're interested in contributing to this much-needed project please contact:
