

EXMOOR MEDICAL CENTRE

SALARIED GP REQUIRED

(With a possible view to partnership)

We are currently recruiting for a Salaried GP (with a possible view to partnership) to our dispensing practice in Dulverton on the Western Fringes of Somerset in the beautiful Exmoor National Park. Our list size is approximately 4000 patients. We are a young GP team who strive to achieve a good work-life balance to ensure we make the most of our stunning countryside surroundings. We are keen to keep the good bits of traditional General Practice and combined this with innovation to provide excellent care to our patients. We are a part of the well-established West Somerset Primary Care Network: Living Better with our GP Partner, Dr Kelsey Boddington, as Clinical Director. We have a Complex Care Community Nurse and Village Agent attached to our practice to support GPs in their daily work.

Key Information:

- 4-6 sessions available
- High QOF achievement
- Modern purpose built surgery
- Dispensing practice
- CQC - Good with outstanding domains
- Helpful, efficient, friendly Clinical and Admin team
- Regular internal meetings and educational support
- Mentoring and support for newly qualified GPs
- Training practice (North Devon VTS scheme)

Benefits:

- Salary negotiable based on experience
- 6 weeks annual leave
- Study leave entitlement
- Flexible employment

Closing date: Monday 31st October 2019
