

MASTA

MASTA will be carrying a portfolio of two vaccines, for the under 65 age category, from two manufacturers, giving members the opportunity to split their orders to minimise risk in the event of any production problems.

	Quadrivalent Influvac Tetra	Sanofi Quadrivalent (e)
NHS Price	£9.94	£8.00
Dispensing fee*	£2.029	£2.029
VAT (20%)	£1.99	£1.60
Total NHS Reimbursement	£14.60	£11.63
Actual cost after discount	£7.46	£5.60
VAT (20%)	£1.49	£1.12
Total cost to practice	£8.95	£6.72
Total Profit Per Dose (PPD)	£5.65	£4.91

** The dispensing fee illustrated is for guidance purposes only and is based on a non-dispensing practice dispensing up to 456 items per month under rules applying from 1st October 2021*

MASTA's offer also includes:

- A 10% sale or return facility on contract order volumes of the Mylan Influvac Tetra Vaccine placed with MASTA (returns must be back with MASTA by 28 February 2023 to be eligible for credit).
- The sale or return facility on the Sanofi vaccine will be confirmed on order placement based on order volume.
- Deliveries anticipated to be available from mid-September 2022 or earlier if stock is released to market prior to this date.
- Deliveries can be made as one drop of full contract volume, based on stock availability at that time, or split down if stock dictates this or it is required to assist with fridge capacity.
- The minimum order for carriage free delivery is 50 doses
- No order deadline applicable, although delivery dates will be scheduled in line with when orders are placed.
- 120 days payment terms from the date of each invoice.
- Orders placed with MASTA cannot be cancelled, however the no cancellation policy will not apply if vaccine guidelines change during the year ahead.
- Flexibility to reduce or cancel last deliveries to assist with stock management if the vaccination uptake is lower than expected.
