

## LMC Update November 25<sup>th</sup> 2021

### **GP Earnings Declaration Delayed**

The Department of Health has delayed the implementation of the requirements for GPs to declare earnings over £150,000. This means that the department will delay both the submission and publication of earnings declarations until at least next Spring.

This will provide an opportunity for further discussion on this in the future and will be something the newly elected GPCE chair, Dr Farah Jameel, and team will no doubt take forward. We will publish further updates on this as things progress.

You can view the BMA's briefing on the issue of declaring GP earnings over £150,000 [here](#).

Working as part of the LMCs' Primary Care Support Team, and responsible to the Primary Care Support Lead, the purpose of this role is to plan and lead the delivery of the LMC Wellbeing Strategy. We are happy to discuss a suitable working pattern with the successful candidate.
