LMC Important Updates

Below is an important message for all practice managers:

Urgent action for admin teams: Please flag urgent X-ray requests

Please ask your admin teams to flag urgent or FReD referrals to radiology with "Urgent" in the email subject.

Radiology have recently had some X-ray requests sent to their email inbox which have not been flagged as urgent, so patients have been added to the routine waiting list. To prevent this, radiology have asked that when radiology requests are sent that the subject title either says "routine", "urgent", or "FReD".
