- Webinars and Podcasts
- Training and Upcoming Events
- Newsletter
- LMC Committee

All of our weekly updates can be found on our website: www.linclsmc.co.uk/weeklyupdates

Practice Updates

New Infographics: This week we have produced two more infographics: '**Total Triage**' and '**Care Navigators**'. These infographics have been designed for practice staff to use to inform the public of current processes within Lincolnshire general practice. All of our infographics can be found and downloaded on our dedicated

webpage: www.linclsmc.co.uk/generalpracticeinfographics

Total Triage Total Triage is our way of getting you assessed by the person most suited to deal with your problem

Our teams now include specialist nurses, pharmacists, physiotherapists, mental health workers, and other health professionals who can deal with your concerns

When you call or contact us online we will ask you for some essential information about what you are worried about

Our Care Navigator team will then arrange for a member of the practice team to look into this, contact you, and arrange whatever else is needed

This may be by telephone, online, or face-to-face depending on the clinical requirements

Care Navigators

Care Navigators have been trained to support you

Care Navigators need to understand what your concerns are, so please give them the information they ask for

Care Navigators are part of our practice teams and will keep your information confidential

Care Navigators will arrange for the right person to assess and deal with your problem
