## COMING SOON!

In January 2017 we will be launching our new website along with the fantastic new events booking system. All of the courses available through YORLMC will be listed in one place. You will be able to search for courses that are being run throughout the year, book on the course directly through the website and receive update emails along with course information and relevant presentations. It couldn't be easier!

## CYTOLOGY UPDATE

We know that some practices are struggling to source the Introductory course for Cytology. We are in discussions with PHE with regards to this and will provide further details as soon as we have them. In the meantime a course has recently been added to the Leeds Beckett University timetable.

## VENUES NEEDED

In order to keep costs at a minimum we are looking for training rooms within practices. If you have a room that we could potentially use then please let us know.

## EXPRESSION OF INTEREST

We are constantly adding to the list of courses and training that we offer. Potential courses are listed below. Please click on the link to indicate whether you would like us to provide these courses in your area.

### Non- Clinical
