The Cricket Collective Awards Nomination Guidelines

This year The National Cricket Collective Awards will take place in autumn. The awards have been rebranded to align to our new volunteer identity launching on 1 June, as we look to shine a spotlight on volunteers and celebrate and recognise their hard work and dedication.

As in previous years County Cricket Boards are asked to complete the nomination form found in the appendices below – one per category. All County Cricket Boards are permitted to nominate one person per category. Please ensure that all fields on the nomination form are completed before submitting the form. County Cricket Boards have until midday on 18 August 2023 to submit their county winners to esther.jonesrussell@ecb.co.uk, and all judging criteria can be found in the appendices. Although the categories are the same as in previous years, some of the criteria have changed slightly so do take the time to read through them in full.

The Cricket Collective Awards continued

Following on from this page is the judging criteria for all the above categories including the characteristics and achievements that separate some nominees from the others. You will note that there are some slight changes from last year's criteria.

The criteria differ between each category, but a minimum standard that all nominations must show is outlined below:

- Evidence in the nomination form of the criteria having been achieved
- Evidence that the person has had a positive and sustainable impact on their club/organisation/association
- A demonstration of the volunteer going 'beyond the call of duty' and exceeding expectations for the good of the club/organisation/cricket
- Evidence that the actions of the volunteer have aided the recruitment/retention of players and volunteers within the game
- An on-going commitment to the club/organisation/association and its members

Scoring

There is a scoring system for all the categories.

Each category has five criteria worth up to 10 points, awarded at the discretion of the judging panel. The last criterion in each category is a 'WOW' factor, which is worth up to 50 points. The 'WOW' Factor refers to something that is extraordinary and/or unique.

In most cases, the nominees with the highest score (out of 100) should be the winner, but further discussion may be necessary for close point allocations.
