

Hertfordshire Cricket Talent Support Fund

The Fund exists to support the development of young talented players, to whom the potential cost of being part of Hertfordshire County Age Group squads may present financial challenges.

Eligibility

The scheme is open to any player offered a place on the following programmes:

- County Age Group (CAG) Boys U13-18, Girls U11-U18

What do we fund, and to what level?

The Fund seeks to support some of the following key areas of potential cost.

- The cost of the Annual training fees for Hertfordshire Cricket sessions.
- The cost of buying essential County Age Group Playing Kit (clothing)
- The cost of summer representative match fees.

The amount awarded will be decided by the Fund committee. No cash will be provided but fees will be discounted accordingly.

Criteria

Whilst the scheme is not means tested, we do rely on a high level of disclosure from applicants about their financial circumstances, which is treated in the strictest of confidence.

Unfortunately, we cannot guarantee support. There is often high demand and funding is limited.

Awards are made for the current season only. Recipients can apply again for the following year and will be considered alongside all other applicants.

Details of the fund will be sent to players when they are offered a place on one of the eligible programmes.

Application

The Fund has a management committee who will review all applications received each year. The committee will allocate funds based upon available resource, and in their view the level of need and hardship. Members of the committee will be confidential as will any decisions made.

All applications will be formally replied to, in writing communicating the outcome of the application.

If you feel that we can support you then please complete the Application Form below
