

CORONAVIRUS ADVICE & SUPPORT

The RFU has developed a range of resources and information to help support clubs affected by the Coronavirus.

Regular **Coronavirus (Covid-19) Community Game Updates** from the RFU are helping the rugby community with issues resulting from suspension of the rugby season in England, following government measures aimed at combatting the spread of the virus.

Advice includes support that may be available through the RFU, government and Sport England schemes. Copies of these communications can be found using the link below.

NOTE: Advice in earlier editions may have evolved, so please check the current guidance.

Current Government guidelines mean that some limited training with social distancing measures and hygiene precautions can take place but to prepare for the re-opening of facilities there are steps that can be taken now.

The link below will take you to support guides regarding the re-opening of additional club facilities, including risk assessments and checklists.
