Two games = One result (players can only play in one of the games)

## For All Under 7s to Under 10s

All scheduled League fixtures will be classed as development fixtures.

*Definition of Development matches:* Matches in which two teams compete. Children are rotated to get as close to equal playing time as one and other in a variety of positions. The main focus of the matches is on the development of individuals and the squad as a whole. The games are played to the FA’s “Laws of the Game” and league rules. The publishing of scores is not allowed though the League is to collect them.

*Standard Code Of Rules 5 (N)* “When a team fails to fulfil either a festival or development fixture and pitch hire costs have been incurred, the Organising Competition will be empowered to order the defaulting club to pay these costs and charge an administration fee of up to £10.”

## For all Under 11s to Under 16s

The season starts on the 1st September and all Leagues games must be concluded by 19th April 2015. If your team is drawn in the Prelim round of the Cup or Trophy, the game **MUST** be played mid-week before the end of September and your age group registrar **MUST** be informed of the date the game will be played.

The season starts on 1st September to allow midweek games to be played. As you can see, there are very few spare dates so teams are strongly encouraged to play midweek games

Play Off fixtures will take place when teams are tied for the championship spot, a promotion spot or relegation spot. Three teams are promoted and relegated automatically. If a team withdraws after the fixtures are produced they are crossed out of the fixtures, and it means that they take up a relegation spot. So if one team withdraws, then only two teams are relegated etc.

## Pitch Sharing / 12 team Grid

Some have asked about why a 12 grid is used when a division may only have 10 teams. The reason is because of pitch sharing. Teams sharing a pitch and that information was communicated to us are allocated a grid position to make sure they do not clash. With each group using the same grid pattern this allows for pitch sharing to be applied. This is why we are not able to do pitch sharing for the U7-U10 as they all use different grid patterns and have split seasons. The advice is that if you have a blank weekend, then contact your opponents to see if you can bring forward a game and play it then, of course let your age-group registrar know.

# NOTE

## GOAL DIFFERENCE DOES NOT COUNT IN ANY YOUTH LEAGUES IN ENGLAND

### How to manage a mismatch

*"Losing 13-0 as a player makes you feel rubbish and puts the pressure on you in many ways. You want to win the next game badly... so people don't start to mock you."*

#### **A 10-year-old player**

Matches that finish 17-0, 15-1 or even 25-0 are demoralising for the losing team and do nothing for the development of the players on the winning team.

Some coaches argue that football is all about winning and losing and we should not seek to protect young players from the harsher realities of life.

Other coaches understand that youth football is about learning and enjoyment more than winning, and regardless of whether a mercy rule exists or not, they make sure their team does not score more goals than is necessary to win the game.

### How to manage mismatches

#### **1. If you're winning**

Keeping your players motivated is not very difficult if you are one of the fortunate coaches whose team wins most of its games.

But scoring goals virtually at will is:

- a) Unfair on your opponents.
- b) Not going to aid the development of your players.

#### **What you can do**

It's almost unheard of for a team to come back and win a game after being five or six goals down (although I am prepared to be corrected!) so if your team is winning by that sort of margin, it is going to win the match.

Instead of allowing your players to continue banging the ball into the back of the net you could:

- Discreetly impose a two or three-touch rule or require a minimum number of passes before shooting.
- Move your players around - your goalkeeper will be getting bored by now so get her out of goal and put them up front. Move your defenders into attacking positions and put your strikers into defence.
- Use your subs - this type of match is an ideal opportunity to give your subs as much playing time as possible. So why not take off your "star players" and give your weaker players a chance to enjoy themselves?

Whatever you decide to do, it is imperative that you respect the opposition and always keep the FA's Code of Conduct in mind:

**"Place the well-being, safety and enjoyment of each player above everything, including winning"**

## **2. If you're losing**

Motivating a team that is getting hammered most weeks is a tough challenge but it can be done.

Regardless of the age of your players, you can minimise the importance of the final score by setting your players individual and/or team objectives either before the game or even during the game if it becomes clear they are going to lose by several goals.

The actual objectives will depend on the age and ability of your players but as an example:

- Defenders can be tasked with blocking one shot on goal.
- Any player can be set the objective of taking a throw-in with both feet on the ground or making a good pass to a team mate.
- Attackers could be asked to try to make two shots on your opponent's goal.
- The team can be set the objective of conceding fewer goals in the second half or conceding no goals for a set period of time.

It's important to make the objectives slightly stretching but achievable. Praise your players for trying to achieve their objectives (not just for succeeding) and change objectives from one game to the next as your player's skills change.

## Those Playing On A Saturday Posted

A reminder that the rules were changed at the 2013 AGM regarding playing Saturday football for mini-soccer and 9v9. Note no 11v11 can take place on a Saturday.

The old rule was: " Games may be played on Saturday or Sunday and the home team shall decide which day."

The new rule reads: "Games may be played on Saturday or Sunday and the home team shall decide which day. Teams who wish to play their home games on Saturdays must declare this to the league by the 31st July. Saturday playing teams should be clearly shown on fixture lists, divisional lists and web pages etc.

If a team (who normally plays home games on a Sunday) wishes to play a game on a Saturday they must give their opponents 14 days notice and both teams (home and away) must be in agreement before the fixture can take place on the Saturday."

The teams that have declared that they will be playing on a Saturday by the 31st July were:

Brunsmeer Athletic U11  
Hillsborough Pumas U10  
Hoyland Common Falcons U7  
Junior Fox U10  
Kiveton Park U7, U8, U9 & U10  
Norton Lees U7, U8, U9 & U10  
Porter U9, U10, U11 & U12  
Sheffield Rangers U7, U8, U9 & U10  
Thrybergh And Dalton U8  
Wisewood U9, U11  
Worksop Boys Club U11 Yellows

### **Q:My opponent has just told me we are playing on a Saturday, is this allowed?**

A: For U7 to U12: Teams who wish to play their home games on Saturdays must declare this to the league by the 31st July. Saturday playing teams will be clearly shown on fixture lists, divisional lists and web pages etc. The game will take place on the Saturday.

If a team (who normally plays home games on a Sunday) wishes to play a game on a Saturday they must give their opponents 14 days notice and both teams (home and away) must be in agreement before the fixture can take place on the Saturday and the request should be sent via email with the age-group registrar copied in. Any issues should be directed to the age-group registrar. *If agreement from both teams is not received then the request will be rejected and the fixture will be expected to take place on the Sunday.*

*Any fixture not played will be treated as a non-fulfilment and the appropriate League charged raised. At that point clubs will be able to put forward their reasons why the fixture was not played. If found guilty sanctions could be as high as a large fine and the game awarded.*

For U13-U16: No fixtures are permitted on a Saturday.
