

Welcome to everyone online again after another difficult year for so many people and a frustrating season with only friendly matches played. Hopefully, this season we will be able to make a start on our competitive fixtures next month but still with some uncertainty as to how the season will pan out. Despite the changes in the Women's tiers our entries have increased again to 288 teams from 72 clubs so plans have been made with full continuity from U7 through to U17 with Divisions set by ability from U12 upwards. As you know this is extremely important so that we can provide a balanced competition across all age groups for all teams as we have such a wide range of abilities.

The move to COMET for our competitive fixtures this season means we are now desperately in need of more volunteers for the additional work involved in coordinating our many fixtures and referees. Please can I also ask that all Clubs ensure that each of their competitive teams have a default Stadium assigned to their team on COMET or else your venue will not appear in your fixtures. Your provisional entries will be finalised as of the 31st July so please ensure that the additions of your teams on COMET are complete and that you inform us of any withdrawals.

Our provisional plans for next season are all available to view on our Clubs database and website so please flag any concerns to us so that we can review in our Committee. We will be starting our fixtures for the Women's teams on 1-Aug and the Girls' teams on 5-Sep with the Minis the week after on 12-Sep. I would now like to hand you over to Mark Adams, Secretary of the South Wales FA for an update on his report that has been sent.
